INTRODUCTION

Citizen Outreach Coalition (COC) is a Liverpool based charity registered with the charity commission. It was created to promote social inclusion for the public benefit, by working with in particular but not exclusively people of African/Caribbean descent resident in Merseyside who are socially excluded or at risk of social exclusion on the grounds of their ethnic origin and their social and economic position, to relieve the needs of such people and integrate them into society, in particular but not exclusively

Aims and Objectives.

Our charity's purposes as set out in the objects contained in the company's memorandum of association are to;

Providing social and recreational activities involving the local community;
Providing job search skills workshops, life skills training and vocational training in photography skills;

Providing activities that promote the history, culture and conditions of people of African descent living in the Merseyside area.

Providing support to improve physical and mental health of residents

Delivering our Aims and objectives

We review our aims and objectives each year to make sure we are delivering them as stated. Our review looks at what we have done in the last financial year and how far we succeeded in delivering some of all of our objectives. Evidently, we deliver them on a year to year basis. We follow all Charity commission guidelines in ensuring our aims and objectives are delivering a public benefit.

During the year under review, we received funding from Sports England to support inactive people from minority backgrounds to get active. The aim was to get both physical and mental health benefits by taking part in different sports activities over one year. We received a £13.360 sports grant.

Sporting 4 Life was quite an intensive sporting and keep fit project that benefitted a large number of people. Most have continued being active after the project ended which was our long term objective-to get people from minority backgrounds who multiple statistics indicate are inactive though they are disproportionately affected by cardiovascular diseases like strokes, high blood pressure and diabetes.

A received a Home Office Windrush Awareness grant totalling £9950

We provided consultation services to different partners worth £20.400.

We received £5600 in donations.

Who used our Services

We reached 244 people with our Sporting 4 Life Sports project that lasted for 12 months.

Our consultation services supported 12 partners

We also reached more than 300.000 people through social media publicity and community meetings with pour Windrush awareness campaigns. We produced three videos and provided publicity material that was distributed to people

How our Activities Deliver Public Benefit

All our charitable activities continue to aim to help improve support people in vulnerable situations to reduce the effects of the cost of living crisis in their lives. Our energy savings advice campaign is supporting beneficiaries to learn tips to reduce their energy consumption smartly and so reducing their energy bills. Our Windrush awareness campaigns reached people who were encouraged to were eligible to apply to the two schemes the Home Office was running to resolve the Windrush crisis.

The organization has internal rules and regulations but its governing document is the model articles of association provided by charity commission which we adopted and tailored to our specific needs. On April 8 2020, Citizen Outreach Coalition company was converted from a company limited by guarantee into a Charitable Incorporated Organization (CIO)

Management Committee.

COC has a management committee of three members who meet regularly to review the functioning of the organization. The management committee determines the strategic direction of the charity, prepares financial statements, maintains proper accounting records, selects suitable financial accounting policies and apply them. They make sure the financial policies comply with charity commission rules.

The Management committee is made up of Emmanuel Kiven, Vitalis Tante and Clarah Mengot.

Members of the Management committee provide their services free of charge. Their reasonable expenses are reimbursed.

Members of the management committee who are trustees for the purpose of charity law and served during the present financial year. (See list of management committee members above)

Volunteers

We want to thank the team of volunteers that helped us during the whole year because without them, we would have done very little work. Special thanks to all the volunteers who are still offering their services to support the delivery of our different projects and who are always available at short notice.

We will forever be grateful to you and hope we continue working with you long into the future.

Overseas outreach

We have registered Citizen Outreach in Kenya, Sierra Leone and Cameroon. Our pilot Homeless project for which we received a small grant last year from The Eleanor Rathbone charitable Trust has now ended. We want to thank the trust immensely for the support.

Statement of Financial Activities Financial Review

Like all small charities, getting funding for projects in the present financial climate remains the biggest challenge we face.

However, we recognize the present cost of living still affects the most vulnerable people in society and we work round the clock to provide the services and support we get to reduce the daily challenges they face.

That is why the two projects we are presently delivering (Energy savings advice and Windrush awareness campaign) are being delivered to communities facing disproportionately from the cost of Living crisis.

Reserve Policy

We have a fit for purpose reserve policy that has set aside at least £5000 to protect our charity from sudden drops in income and also help us take advantage of any new opportunities that may arise. Our present unrestricted funding is £9000 Our trustees decided our reserves can be spent on any of our aims. Our reserve policy will be reviewed annually. Our reserves can cover continuity, restructuring fund, and dissolution

Principal Funding Sources

Our primary funders were Sports England and the the Home Office. We provided consultation services that raised some
