Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

- We focus on raising awareness about cancer within the Black, Asian, ethnic minority and refugees communities in London by teaching people about signs and symptoms about cancer, screening programmes available under the NHS.
- We provide support for cancer patients from these communities through groceries shopping, counselling services, physiotherapy, and complementary therapy.
- We also help re-integrate patients from these communities back into workplace and into the community.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

We organised our first re-integration event called Beauty Despite Cancer, we had over six women who had gone through different types of cancer to share their experience with other ladies. The theme of the event was to encourage women that despite their cancer journey they are not defined by their cancer and they are still beautiful regardless.

We were unable to undertake other activities due to COVID-19 pandemic.
