REPORT OF THE TRUSTEES FOR THE PERIOD ENDED 31 MARCH 2024

STRUCTURE, GOVERNANCE AND MANAGEMENT

Adopt a Bull Terrier Rescue (AaBTR) registered charity no 1175565, operates in England and Wales to assist in the rescue, rehabilitation and rehoming of Bull Terriers, Bulldogs, French Bulldogs, Pugs and cross breeds for example Frugs in need or at risk. Charity status was granted in November 2017 with 3 Trustees appointed to support this work. As two of the trustees are related to each other it was decided to appoint a person outside of the rescue to offer an unbiased view.

TRUSTEES

The Trustees who served the charity on the Committee during the period were as follows:

Mark W Tonge

Nicole Tonge

Georgina L Slater

AIMS & OBJECTIVES

For the benefit of the public to relieve the suffering of dogs in need of care and attention and, in particular, to provide and maintain rescue homes or other facilities for the reception, care and treatment of such dogs.

We are one of the few rescues which help to care for disabled bull terriers which suffer from a condition known as LAD (Lethal Acrodermatitis), these special little bull terriers are lovingly known as Zincies. They suffer from dwarfism, skin issues and shortened palates. With the correct medical attention these little dogs can live up to 6 years.

AaBTR continue to be actively involved in the rescue and rehabilitation of French Bulldogs and associated crosses as well as Bull Terriers. AaBTR are committed to making an impact on the rescue of dogs in difficult situations, abandoned, in dog pounds and those on death row and strive to ensure safe & loving homes are found for all those dogs that come into our care. AaBTR is run purely on a voluntary basis. All dogs are neutered/spayed, vaccinated and microchips updated.

AaBTR have partnered with Agria Pet Insurance and going forward all dogs will have 5 weeks free pet insurance to give adopters piece of mind. AaBTR provide back up to all dogs adopted from this rescue. As such, we help our adoptees if their insurance does not cover the full vet bill, we will also offer support on a case by case basis.

There are some dogs we have taken into our rescue which have long term health issues. We support these dogs and their owners when needed.

FINANCIAL REPORT

Income for the period totalled £11,350 with expenditure of £14,604 resulting in a deficit for the period of -£3254.

Combined with the opening cash funds balance of £106,606 gives a closing cash funds balance of **£103,351**.

The trustees consider that an audit is not required for this year under section 144 (2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed. The charity's gross income does not exceed £250,000.00

REPORT OF THE TRUSTEES FOR THE PERIOD ENDED 31 MARCH 2024

REVIEW OF THE PERIOD

We have rescued/rehomed 19 Bull Terriers/French Bulldogs from April 2023 to 31 March 2024.

All dogs are assessed prior to being taken under our wing, unfortunately we cannot take any dogs known to have bitten or shown aggression as we cannot and will not put our fosterers or adopters at risk. All dogs which come into our rescue are health checked, vaccinated, neutered and/or spayed (as long as they meet the required criteria taking into account age and/or existing medical conditions).

Our members help by fostering and adopting, doing home checks, assessing dogs, and helping with the transport of dogs to their new homes. As a rescue, we also conduct follow up reviews and provide ongoing support and advice to all our rescue dogs and their adopters.

The financial position is strong at the statement of financial position date. The charity continues to rely on fundraising and donations to support its work. Our members have continued to be very supportive with their donations.

Vet bills remain our biggest and most necessary cost however, we have formed partnerships with several veterinary practices to endeavour to keep costs to a minimum; obtaining discounts on day-to-day surgeries such as spaying and neutering and also more complex surgeries where in-house hospitalisation is necessary.
