Chairman Forward

I am delighted to introduce the UTRUK fourth annual report of the board of trustees.

As you will see this year has been about post pandemic recovery and supporting those young people who need our services.

We have continued to take stock of our strategy, mission and values and developed these further with our young people to make sure UTRUK delivers on its original ethos of being a truly youth centred institution.

Our flagship programme has been UTRUK Helpline is still taking the lead in our services. With the high profile of 'Child Sexual Exploitation' & 'Child Sexual Abuse' highlighted significantly during the pandemic we are committed to continuing to provide a safe and secure environment for those we continue to support.

We continue to develop our programmes with and for young people. They remain our most important stakeholder and we are committed to allowing every opportunity for young people to shape the future of the charity.

I would like to offer my heartfelt thanks to all who contributed in so many ways to making the past year so successful. To our senior management team, old and new, for their support, advice and guidance; to our trustees, volunteers for giving us their time and expertise; to the staff of UTRUK for their hard work and determination; to our loyal and dedicated volunteers who are such a valuable part of our team; to our supporters and fundraisers from all over the globe who once again have shown how much they care with their unstinting support and their incredible achievements.

I hope that like me you will be inspired by our plans to help children and young people realise their ambition, contribute to society in a meaningful way - and want to be a part of our story.

For, and on behalf, of the board of Trustees,
Michael Carroll-Owen / Co-Chair

Report of the Trustees cont'd

For the year ended 31 March 2022

The trustees and directors present their report and accounts for the year ended 31 March 2022.

Objectives and how they are achieved:

Vision

A world where every young person can access support for abuse and child sexual exploitation in a way that they wish and starting where they feel most comfortable

Mission

To prepare young people for life by ensuring they get the support, guidance and opportunities they need to succeed after traumatic events.

Values

Our core values are driven by the following factors:

UTRUK supports young people, through the promotion of health & wellbeing.

Ensuring young people have access to support service when they face a traumatic event like abuse or CSE by providing a helpline that is easy for them to access in their time of need and challenging perception by doing research.

Geographic Scope

Our delivery is primarily aimed at young people aged 16-25 and to facilitate services which aimed to ensure that we empower and involve young people transition into adulthood after traumatic events. Our programmes are largely based within the UK as it stands.

Programs, Results of the Year and Achievements

To date, this includes:

UTRUK

UTRUK continues to focus on three core areas – mental health, education and homelessness. As a charity, we continue wanting to see these subjects integrated better in the United Kingdom's mainstream Abuse & Child Sexual Exploitation policies, building a strong foundation for future generations and enabling them to receive the best all-rounded holistic support. All three areas have been created as individual projects within UTRUK, focusing on establishing a holistic support service that can cater for those who have been through abuse or CSE to have the independence and empowerment to be able to move forward into adulthood after going through a traumatic event such as abuse or child sexual exploitation.

Public Benefit

Throughout 2021 UTRUK continued to support young people from all walks of life, especially during the pandemic where young people needed more support from trusted adults.

The charity provides young people a platform to openly talk about their issues in relation to Abuse and Child Sexual Exploitation through the means of a helpline and further support services. UTRUK has a special focus on working with young men & boys due to the lack of support services there are available for them in this area of work, but the charity is for both genders to be able to access.

Risk Management

The trustees are responsible for the overseeing of the risks faced by the charity. Detailed considerations of risk are delegated to the Senior Management of the charity. Risks are identified, assessed and controls established throughout the year. A formal review of the charity's risk management processes is undertaken on an annual basis.

The main risks that the trustees have identified and the plans to manage those risks are:

Reputation

The charity's success is built on its reputation for the well-being of our volunteers and it's trustees successors. We manage this risk through safeguarding policies, staff recruitment policies and active identification and resolution of health and safety related issues through undertaking strict risk management assessments for each activity the charity undertakes.

Money

Our ability to continue is reliant on public donations, corporate support and grant programs. This risk is managed by marketing activity, having a reputation for worldwide excellence and cash-flow management. We still however have identified significant issues in relation to gaining access to charitable funds in which funders are less likely to support services for CSE survivors who are male compared to those who work with young women & girls, however we are starting to see this changing especially with the VAWG strategy where males have also been included.

Programs and Activities

The charity's programs require the most able volunteers and staff to facilitate our activities to benefit the public with optimum excellence. We manage this risk by combining attractive benefits and recruiting a diverse workforce to make our charity the most inclusive organisation to work for. Our all volunteers continue to undergo initial training and Continual Professional Development (CPD) and we are in the process of validating a Level 2 Youth Work qualification for all volunteers.

Through the risk management processes established for the charity, the trustees are satisfied that the major risks identified have been adequately mitigated where necessary. It is recognised that systems can only provide reasonable but not absolute assurance that major risks have been adequately managed.

Serious Incidents

No serious incidents were reported.

Environmental Sustainability Policy

The UTRUK commits itself to minimising its impact on our environment through

- Providing a safe and healthful workplace;
 - Having an environmentally sustainable aware culture, where responsibility is assigned and understood;
 - Being an environmentally responsible neighbour in our community;
 - Conserving natural resources by reusing and recycling;
 - Using, in our own operations, processes that do not adversely affect the environment;

As a charity - the public, volunteers and staff have the assurance that all the income of the charity must be applied for charitable purposes. As a registered charity we qualify for gift aid however the trustees are yet to file for this benefit with HMRC due to constraints with the pandemic we decided to focus more on our clients at this time. This is something for charity is looking to fulfil in the coming year.
