Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the CIO are

For the public benefit, the relief and assistance of people in Uganda, who are in need by reason of youth, age, ill-health, disability, financial hardship or other disadvantage; in particular but not exclusively by a) improving community facilities such as schools and basic services, b) providing basic items such as clothing and books, c) assisting in the provision of education, training, healthcare projects and all the necessary support designed to enable individuals to generate a sustainable income and be self-sufficient.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

We continue to focus on work that improves the quality of life for children and the wider community in the village of Kasozi, near Kayabwe in the central region of Uganda. This is a very poor community, which has been suffering from a lack of clean water, a lack of food and very limited education opportunities. We have decided to focus on making a big difference in one community rather than spreading ourselves too thinly working across a larger area.

We confirm the trustees have had regard to the Charity Commission's guidance on public benefit.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

We have provided support that enables children to attend school and have held community events bringing people together and providing food in times of need.

Future plans

In the next year, we aim to continue fundraising in the UK to enable low-cost, high impact projects in Kasozi. We will continue to focus on improving education opportunities for children and supporting the wider community.

We will continue to work with the community to identify their long term needs and how we can best work together to improve the life chances of the children.

Section E

Financial review

Brief statement of the charity's policy on reserves

With no ongoing expenditure commitments and no debt, we do not have a requirement for a certain level of reserves at this stage. All funds raised are intended to be spent on projects in line with our objectives.
