Objectives and Activities.

The objectives of the Trust remain unchanged and our initial focus remains Nepal. We have conducted due diligence in selection of suitable charities that fit the objectives. We have worked very closely with another UK Registered Charity to assist their fund raising for Nepal and India.

By way of background information the driving force for funding of the Trust have been from contributions from Gilham, Farlow and Innes and have not used Gift Aid nor have we sought contributions from other sources nor received any funds from the public or other sources.

Finally, we have taken the decision to seek professional support to ensure we comply with the fiduciary requirements of the Charity Commission.

Achievements and Performance

In 2020 we identified a very poor region in Oyam in a remote region of East Nepal where we intended to provide financial support to assist in the education to the children of needy families. We are now working in collaboration with another UK Register Charity with a proven track record of supporting children's education in Nepal. GIFT have been providing contacts and subject matter expertise to assist this other charity in building an extension, including hostel, library and IT suite to an existing school in Oyam. In spite of the increase in the cost of living and inflation of the cost of building materials and labour in Nepal, our partners are still on track to formally open the Oyam Memorial Hall on 1 May 2023.

The Trust has continued to be prudent in spending it's funds as until the next major donation, the fund is not large and aspirations must be modest and we are content we have done sufficient research to make sound decisions for the future. No trips are planned to Nepal in the immediate future as we have sound contacts in place on the ground. No visits were made to Nepal by Trustees in 2021-22 on related GIFT projects, a small number are in the early stages of planning for 2022-23 but these will be privately funded.

Financial Review

The Trust is expecting significant donations in the next five years.

Structure, Governance and Management

The structure of the Trust is based on the five Trustees. Trustees meetings are held by Zoom and the longer term strategy in expectation of a guaranteed significant donation in the future.
