- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

--

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The relief of poverty and financial hardship of people living in Muzaffarabad and Islamabad.

In carrying out the charity's activities the Trustees have had regard to the Charity Commissioner's guidance on public benefit.

Aid was provided to several individuals and families to support them with food, clothing, shelter, education and medical costs.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

I understand, that this was still a very difficult and challenging year because of continuous effect of previous Pandemic and recent political instability and Bismil performance of previous and present governments which resulted great deal of devaluation of dollar and its effects on general population especially the poor population which are in majority and it is becoming extremely difficult for them to live day by day which is becoming increasingly unaffordable for ordinary person. The unemployment is on the highest level especially for the Young educated people and the people are still in the phase of the recovery which is extremely incomplete and partial , but nevertheless, we have continued to make every effort to help the needy in that area, who are under great deal of stress and pressure both mentally as well as financially because of the negative impact of all these factors on their life and the families, which made them extremely difficult to survive in that particular region which was already affected by the various disasters.in addition, the winter. extremely difficult for them because of the lack of the facilities. The general commodities are difficult to get because of the transport problem/ supply problems which are affected by the weather also and the poor transport structures generally, but most importantly no days it is the only unaffordability by the general population on the daily commodities, especially the food and the treatment.

Last year I have myself visited also in that area and distributed the cash among the needy people. In addition, we have also helped some of the family to carry out their wedding ceremonies. People are still facing a lot of financial hardship to go with the day-to-day expenditures and the family's expenditures especially the schooling and the university fees. We had tried to help as much as we can according to overall resources in terms of financial support.

All the beneficiaries live in the Muzaffarabad, and Islamabad region of Pakistan. In recent times the regions have suffered with regular flooding and devastating economic effect on the life due to various factors and continued effects of previous pandemics which were already affected so badly by the previous earthquakes and other disasters.

As a result of the above, many individuals and families have been affected to survive and maintain a reasonable life in spite having no access to food, clean water and other basic amenities which we take for granted.

The Emen welfare charity continues to help several individuals and families to reduce malnutrition (good food and clean water) and provide comfortable clothing suitable for harsher weathers. In addition, aid recipients have also used the money continue to improve shelter, assist with medical costs and to support their children's education.

The aid provided has eased the suffering of many individuals who do not have the means to work or study due to disabilities or a lack of opportunities in a region that is unstable and has been neglected by the local government. The aid also has provided help financially some of the families who have children with the disability with the special needs.

During this period, we have helped so many families who are under great deal of financial stress and pressure which does include the university and school fees and wedding ceremonies. There are quite a few other families'

children have become university students for which we provided the financial support for the fee and the living allowance on a regular basis. We continue to support them until they are fully qualified from the University and then become independent member of the society

We have helped so many students and families in terms of cash provisions, for the university and the school fees. previously, In addition, because of pandemic, it was not possible to go over there physically to provide the cash to the families who do not have access to banks accounts, we have also provided the money to other people who can in turn given to them, for the daily expenses. Some of the families were helped with medical bills. The lot of families were also provided with money to buy vehicles, rickshaws (type of cabs) which provided them means to earn money on a regular basis for their family.

We continue to help the families with financial support to build their houses. We have also given the money to some of the disabled people having learning difficulties for the daily routine necessities.

In addition, in 2021-2022 we had also provided around 15 laptops to some families for the use of their children who are university students.at that time because of the pandemic we were unable to send the laptops, now there is a easy access, therefore I personally visited the place with several laptop's, iPad and mobiles phones . There were few widows with children who were also in need of money to run their houses. We tried to help them as much as we could. We have also helped some of the family to build the houses for the reasonable living.

We tried to transfer the money through the bank accounts, but some of the families do not have any bank accounts, therefore, we provided them with cash through other means. I have also the local contacts who regularly informs me on any new development work undertaken and also on the progress related to charity-with the various families.

In addition, Sabeeha Karim also continues to help to collect a lot of clothes, shoes and other utensils, which were sent them by freight before and we are hoping that we are going to do the same this year also. We will continue doing these charity work in near future.

We are extremely saddened with the continuation of this situation for other people over there, and we can understand the local government does not have sufficient resources to ease the suffering. We will continue to help these people, as much as we can according to our own limited resources.

I had travelled to that area last month, and to see the progress of the work which we have done and try to help some of the family by handing over to them cash.

I am hoping to travel again to see the progress of our help next year. In the report will be included in my next statement.

Although we have got a very limited resources, but we will try to help as much as we can to some extent and the people do appreciate the help.

Section E Financial review

Brief statement of the charity's policy on reserves

The Trustees plan to monitor reserves to ensure that sufficient resources will be available to meet planned charitable expenditure. At 31 December 2022 the cash funds carried forward were £2,544.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Section F Other optional information

Section G Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees

Section A

Independent Examiner's Report

Report to the trustees/
members of

Charity Name
Emen Welfare

On accounts for the year
ended

31 December 2022

Charity no
(if any)

1176162

Set out on pages

1 and 2 above

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31 December 2022.

Responsibilities and
basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention (other than that disclosed below *) in connection with the examination which gives me cause to believe that in, any material respect:

- accounting records were not kept in accordance with section 130 of the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.

* *Please delete the words in the brackets if they do not apply.*
