- trustees' consideration of major risks and the system and procedures to manage them.

--

## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

The relief of poverty and financial hardship of people living in Muzaffarabad and Islamabad.

In carrying out the charity's activities the Trustees have had regard to the Charity Commissioner's guidance on public benefit.

Aid was provided to several individuals and families to support them with food, clothing, shelter, education and medical costs.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

**Additional details of objectives and activities (Optional information)**

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

I understand that this is still a very difficult and challenging year for the peoples in that remote areas with the daily routine life is extremely difficult and the facilities for the daily routine activities and the life is difficult to get because of so many regional and national factors. I understand that there were effects on the community due to previous Pandemic which are quite long lasting and the people are still in the phase of the recovery which is extremely incomplete and partial , but nevertheless, with our limited resources, we have continue to make every effort to help the needy in that area, who are under great deal of stress and pressure both mentally as well as financially because of the negative impact of deep poverty and lack of support from the government on their life and the families, but the families are still struggling to survive in the poor atmosphere because they do not have much choice to move out of that area. which made them extremely difficult to survive in that particular region which was already affected by the various disasters.in addition, the winter, financial instability including the political instability affecting the country in combination with poor law and order situation in that region, It Was extremely difficult for them because of the lack of the facilities. The general commodities are still difficult to get because of the transport problems which are quite chronic, but things are becoming more and more expensive with the time and there are also other regional factors which are responsible for the lack of provision of these comorbidities on a regular basis in that area. in combination with both poor and unstable financial conditions generally in the country but are also affected by the weather and the poor transport structures generally.

I always try myself visiting area and distribute the cash among the needy people. I have done the same during this period and distributed the cash to the various families and to the various people to establish their own businesses on the long-term basis so they cannot be dependent on the charity or rest of their life. In addition, we have regularly also helped some of the families to carry out their wedding ceremonies. People are still facing a lot of financial hardship to go with the day-to-day expenditures and the family's expenditures especially the schooling and the university fees. We had tried to help as much as we can according to overall resources in terms of financial support. We regularly send money to needy people for their schooling and university expenditure/including hefty fees. I can confirm that the education is not free in that region both the primary, secondary, and the university education, pupils are very keen to educate the family but unfortunately because of the financial strain it is becoming increasingly difficult every day.

All the beneficiaries live in the Muzaffarabad, and Islamabad region of Pakistan, but some of the families have moved from this region h to the other parts of the country and we try to also help them. the regions always suffers with regular flooding and devastating economic effect on the life due to poor infrastructure which were already affected so badly by the previous earthquakes and other disasters. unfortunately, there is

no planning to prevent these natural disasters by the government because of the poor economic situation.

As a result of the above, many individuals and families have been affected to survive and maintain a reasonable life in spite having no access to food, clean water and other basic amenities which we take for granted here.

The Emen welfare charity continues to help several individuals and families to reduce malnutrition (good food and clean water) and provide comfortable clothing suitable for harsher weathers. In addition, aid recipients have also used the money continue to improve shelter, assist with medical costs and to support their children's education.

The aid provided has eased the suffering of many individuals who do not have the means to work or study due to disabilities or a lack of opportunities in a region that is unstable and has been neglected by the local government. The aid also has provided help financially some of the families who have children with the disability with the special needs.

During this period, we have helped so many families who are under great deal of financial stress and pressure which does include the university and school fees and wedding ceremonies. There are quite a few other families' children have become university students for which we provided the financial support for the fee and the living allowance on a regular basis. We continue to support them until they are fully qualified from the University and then become independent member of the society.

We have helped so many students and families in terms of cash provisions, for the university and the school fees. In addition, because of pandemic, it was not possible to go over there physically to provide the cash to the families who do not have access to banks accounts, we have also provided the money to other people who can in turn given to them, for the daily expenses. Some of the families were helped with medical bills. A lot of families were also provided with money to buy vehicles, rickshaws (type of cabs) which provided them means to earn money on a regular basis for their family.

Recently we also have request for the support for the burial of their family members who died because of the various factors especially the chronic diseases and the family cannot afford the burial expenses.

We continue to help the families with financial support to build their houses. We have also given the money to some of the disabled people having learning difficulties for the daily routine necessities.

In addition, in 2023 -2024, we had also provided around 10 laptops and few I-Pads and smart phones to some families for the use of their children who are university students. And we will continue to provide this education service to the needy families on regular basis by providing

this facility which is very expensive in that region, and we hope to continue this in future also. There were few widows with children who were also in need of money to run their houses expensive on a regular basis. We tried to help them as much as we could.

We always tried to transfer the money through the bank accounts, but some of the families do not have any bank accounts, therefore, we provided them with cash through other means.

We have identified some very decent people who are willing to distribute the money on our behalf to the needy people in that area and who do not have the bank account facilities because of the lack of education, so we instruct them to distribute the money to the needy people and they are very happy to provide the service.

In addition, Sabeeha Karim also continues to help to collect a lot of clothes, shoes and other utensils, which were sent them by freight before and we are hoping that we are going to do the same next year also. We will continue doing these charity work in near future.

I always tried to go into that region at least once a year personally to distribute the cash to the different people and to find out the needy people who needs help on the long-term basis especially regarding their houses and their expenses for their children education. We try to go over the regularly to review and to see the improvement for work and hopefully we always tried to report in our statement.

We are extremely saddened with the continuation of this situation for other people over there, and we can understand the local government does not have sufficient resources to ease the suffering. We will continue to help these people, as much as we can according to our own limited resources.

I am hoping to travel again to see the progress of our help Next year. In the report will be included in my next statement.

## Section E

## Financial review

### Brief statement of the charity's policy on reserves

The Trustees plan to monitor reserves to ensure that sufficient resources will be available to meet planned charitable expenditure. At 31 December 2024 the cash funds carried forward were £14,417.

### Details of any funds materially in deficit

Independent Examiner's Report

Report to the trustees/  
members of

Charity Name  
Emen Welfare

On accounts for the year  
ended

31 December 2024

Charity no  
(if any)

1176162

Set out on pages

1 and 2 above

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31 December 2023.

Responsibilities and  
basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent  
examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention (other than that disclosed below \*) in connection with the examination which gives me cause to believe that in, any material respect:

- accounting records were not kept in accordance with section 130 of the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.

\* Please delete the words in the brackets if they do not apply.
