TRUSTEES ANNUAL REPORT

The trustees present their report with the financial statements of the charity for the year ended 31st March 2024.

OBJECTIVES AND ACTIVITIES

The principal activity of the charity is the provision of residences for persons in need, resident in and/or connected with the Parish of Long Preston, Hellifield and Halton West. The Trustees of the Charity are charged with managing the assets of the Charity - the almshouses, agricultural land and invested monies - to support its principal activity and preserve the homes for future generations.

The trustees have continued to provide seven high-quality almshouse accommodation for the benefit of existing residents. The trustees have provided additional financial support to almshouse residents, which would not be available from other sources, for example paying for the warden call service and local authority warden support service, thus enabling very elderly residents to remain in their own homes. The work of the charity ensures that the valuable resource of having local almshouses, providing low cost housing for those of retirement age, will be preserved for the benefit of future generations.

Financial Review

The Charity is funded by charging a Weekly Maintenance Contribution (WMC) to residents of the almshouses and renting agricultural land. Interest is received on its financial investments. The agricultural land is let on agricultural tenancies. Financial investments are held with COIF and M & G Charifund. The trustees, mindful that their primary objective is to maximise return on investments, do not have a policy on social, environmental or ethical investment.

During the year land was sold amounting to £99,194 net of legal fees.

Unrestricted investments and cash balances amounting to £144,447 (2023: £48,755) are held to cover budgeted expenses in a year and to assist in the financing of future development of the charity. The Weekly Maintenance Contribution from residents and agricultural rents are reviewed regularly.

TRUSTEES ANNUAL REPORT (continued)

Plans for future periods

To maintain the existing almshouse accommodation by making any repairs and/or improvements as and when they become necessary and are indicated by the quinquennial inspection which took place this year.

To manage the assets of the Charity to ensure sufficient funds are available to carry out the objects of the Charity, as stated previously, in the short term and secure the almshouses for future generations.

Public benefit

In accordance with their objectives for this year, and with due regard to the published Charity Commission guidance on the operation of the Public Benefit requirements of the Charities Act 2006, the trustees have undertaken appropriate activities in furtherance of these aims for the public benefit.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is a Foundation CIO which is governed by its constitution dated 19th December 2017.

On appointment, the objects of the Charity and management procedures are explained and the Trustee is then asked to sign the appropriate declaration of trust and declare any conflicts of interest.

The Charity is run by the Trustee body, which elects a Chairperson and employs a Secretary/Treasurer, and retains professional advisors: Solicitor, Accountant and Land Agent, to provide advice and guidance on management issues. Management decisions are taken at Trustees meetings, often on the advice of its professional advisors, and day-to-day management is carried out by the Secretary/Treasurer.

Risk Assessment

The Trustees have carried out a detailed review of the Charity's activities and produced a comprehensive plan setting out the risks to which it was exposed. A strategy has been implemented to establish systems and procedures to mitigate those risks identified. These will be reviewed annually.

Approved by the trustees on 30th January 2025 and signed on their behalf by:
