Banyan Tree Trust
Report of the Trustees
For the year ended 31 March 2023

The Trustees, who are also directors for the purposes of company law have pleasure in presenting their report and the financial statements for the charitable company for the year ended 31 March 2023. The Trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and the Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'public benefit: running a charity' (PB2).

Achievements and Performance

	SORP reference	
--	----------------	--

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>1) We have established a school in the area of Chakswari-(Mirpur /A.K) which has now been running for about 6 years. It is a 5 classroom school providing education from Reception year upto year 8 of the Pakistani education system. Currently we have about 150 children who attend this school. One child has now progressed onto senior school to undertake her Matriculation exams -we have supported her financially by paying her school fees. We are slowly improving resources and facilities, which include computer classes, internet and more use of spoken English. We have now begun extra classes to teach children computer skills and sewing. We are also improving basic classroom facilities -which includes boundary walls, toilet facilities, cooling system and cold drinking water . This has been our main focus throughout this period as we wish to make a real impact into the lives of people. We have established on-line learning-mostly to improve understanding of English and its practical use. This is basically a set up of a media screen in one of the classrooms and allowing children to access formal English learning lessons . Post pandemic, we are working closely with local educational officers to follow guidelines with opening/closing times, as well as any other restrictions advised.</p> <p>2) As in previous years, we continue to feed around 150-200 people once a month -the food, ready cooked by a local vendor, for which we pay, is brought onto the school premises where it is distributed to the children and any local poor person. We continue to provide food parcels aswell as cooked food to those we have identified as being needy, in the locality. We try to maintain and update our list of poor families.</p>
--	------------------	--

		<p>3)We work closely with other charities – previously we worked with KADECT (British based charity) however as their functioning gradually winded down, we have selected another British based charity which supports children with hearing and speech impairment in a place called Baffa, Mansehra, in the district of KPK, Pakistan.</p> <p>4)Animal sanctuary and support remain on our agenda of things to do. Current economic and political environment of the country restrict us from proceeding further.</p> <p>5) we have purchased dialysis machines and sent them over—six machines have now reached Pakistan and are in storage. We are working closely with local nursing and medical teams to try and establish a Dialysis centre. .We are in discussion with Medics/Technicians and have chosen a site in the city of Haripur for the setting up of this Dialysis centre. However progression is very slow-as we are unable to locate a suitable site-and the current socio-economic climate do not allow movement at any considerable speed unfortunately. Some progress has been made since last year—we currently have a verbal agreement with a Doctor and Technician, and are aiming to have written agreement's in place by Sept 2024.A location has been selected for the new Dialysis Centre .</p>
