Section B Structure, governance and management

Description of the charity's trusts

Type of governing document
(eg. trust deed, constitution)

Central Jamia Mosque and Islamic Education Centre is constituted as a charitable trust registered with the Charity Commission under charity number 0012345. It is governed by constitution.

How the charity is constituted
(eg. trust, association, company)

Limited Company

Trustee selection methods
(eg. appointed by, elected by)

The existing trustees are responsible for the recruitment of new trustees but in so doing the trustees seek the views and recommendations of both elders and community leaders. The trustees believe this approach ensures that new trustees are respected members of the faith and local communities and ensures that good relations are fostered between the Mosque and the people of the local community that we serve.

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Following appointment, new trustees are introduced to their new role and given copies of the constitution and a guide to the policies and procedures adopted by our charity. A number of publications from the Charity Commission are also provided including the guidance on charities and public benefit and on the advancement of religion for the public benefit. This ensures that new trustees are aware of the scope of their responsibilities under the Charities Act. Initially, new trustees work with an existing trustee assisting on particular activities and projects run by the charity. After satisfactory feedback from existing trustees, they are then given the task of leading a particular activity or project, reporting progress at trustees' meetings.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the charity is to advance the Islamic faith in the Milton Keynes area for the benefit of the public in particular through the holding of prayer meetings, lectures, the public celebration of religious festivals and the distribution of literature on the Islamic faith to enlighten others.

To advance the education of, and to provide facilities in the interests of social welfare for leisure-time occupation with the objective of improving the conditions of life for all residents of Milton Keynes and the neighbourhood by the provision, maintenance and management of a community centre.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The charity carries out a wide range of activities in pursuance of its charitable aims. The trustees consider that these activities, summarised below, provide benefit both to those who worship at our Mosque and the wider community.

Religious activities:

Our Mosque provides a centre for our prayers and worship and for the activities associated with our faith. During the year under review, we offered a range of religious services and activities including:

Prayers: The Mosque is open all day for daily and Friday prayers. During the week we have over 80 people who regularly attend daily prayers and over 500 who regularly attend Friday prayers.

Festivals: The Mosque arrange Eid prayers and other activities for local community. We also celebrate Saints' days and offer a monthly service of thanksgiving celebrating the birth of our prophet Muhammad, peace and blessings be upon him, to whom the Qur'an was revealed.

Funeral facilities: The Mosque provides a complete funeral service in line with the teachings of Islam. We relieve the deceased's bereaved relatives of the burden of organising burials.

Inter-faith dialogue: Our Mosque is an active member of the Faith Communities Forum for the Milton Keynes area. We use this platform to promote inter-faith dialogue and social cohesion.

Community activities

Our community rooms provide a valuable educational and recreational resource to all in our local community. A wide variety of activities are organised and take place from our community centre. Our hall and meeting rooms are available for use by local groups and organisations.

We arrange different classes for community such as following:

- IT classes
- Health seminars and consultations
- English Learning classes

Additional details of objectives and activities (Optional information)

Our objectives are set to reflect our faith and community aims. Each year our trustees review our objectives and activities to ensure they continue to reflect our aims. In carrying out this review the trustees have considered the Charity Commission's general guidance on public benefit and in particular its supplementary public guidance on the advancement of religion for the public benefit.

Our dual aims remain to provide a facility where Muslims can worship and to provide a community facility for all the inhabitants of Milton Keynes. Our long-term ambition is to build the self-confidence of Milton Keynes's Muslims in their faith, and through our community facilities and activities help make our area a peaceful, vibrant and harmonious community.

We want to make our Mosque an accessible and welcoming venue where all Muslims, or those who wish to know more about our faith, can gather together to learn about their religion and worship. We are also fortunate to have facilities for women who want to pray at the Mosque. The Mosque is open at all times with daily prayers, the Friday prayers being a focus of our activities.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

An important part of our strategy is community welfare and education. All our community facilities and activities including classes, health initiatives and seminars are widely advertised and we welcome the participation of all in our local community, Muslim and non-Muslim alike.

Helping people who have moved to Milton Keynes settle into the community successfully is important to us. We support those families; whose first language is not English receive appropriate English language teaching and that their children are helped in their attendance at local schools.

Those attending our Mosque have given generously to disaster appeals arising from natural calamities affecting various countries around the world. The Mosque has given money to educational charities in these countries which make funds available to meet the short-term financial problems of parents enabling their children's education to continue.

Volunteers are an important resource in both our faith and community work. Volunteers are involved in most of our faith and community activities and we have over 30 people regularly giving their time, our volunteer Imam, who so willingly gives of his time in the evenings. All our trustees also give of their time freely. We encourage all members of our Mosque to be involved in voluntary activities and to share their skills with others.

CENTRAL JAMIA MOSQUE AND ISLAMIC EDUCATIONAL CENTRE

Notes to the Financial Statements

For The Year Ended 31 March 2024

1. General Information

CENTRAL JAMIA MOSQUE AND ISLAMIC EDUCATIONAL CENTRE is a private company, limited by guarantee, incorporated in England & Wales, registered number 11010961. The registered office is 14-16 Church Street Church Street, Wolverton, Milton Keynes, England, MK12 5JN.

2. Accounting Policies

2.1. Basis of Preparation of Financial Statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 section 1A Small Entities "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006.

2.2. Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

Sale of goods

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods has transferred to the buyer. This is usually at the point that the customer has signed for the delivery of the goods.

Rendering of services

Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs. Turnover is only recognised to the extent of recoverable expenses when the outcome of a contract cannot be estimated reliably.

2.3. Tangible Fixed Assets and Depreciation

Tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold	0%
Plant & Machinery	20%
Motor Vehicles	20%
Fixtures & Fittings	20%

2.4. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable surplus for the year. Taxable surplus differs from surplus as reported in the statement of comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on timing differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable surplus. Deferred tax liabilities are generally recognised for all taxable timing differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable surplus will be available against which those deductible timing differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable surplus will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. Deferred tax liabilities are presented within provisions for liabilities and deferred tax assets within debtors. The measurement of deferred tax liabilities and assets reflect the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax are recognised in surplus or deficit for the year, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case current and deferred tax are recognised in other comprehensive income or directly in equity respectively.
