Legacies are included in the SOFA when receipt is probable, that is, when there has been grant of probate, the executors have established that there are sufficient assets in the estate and any conditions attached to the legacy are either within the control of the charity or have been met.	<table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>☐</td><td>☐</td><td>☐</td></tr> </table> <table> <tr><td>Yes</td><td>No</td><td>N/a</td></tr> <tr><td>☐</td><td>☐</td><td>☐</td></tr> </table>	Yes	No	N/a	☐	☐	☐	Yes	No	N/a	☐	☐	☐

	membership subscriptions which gives a member the right to buy services or other benefits are recognised as income earned from the provision of goods and services as income from charitable activities.
Settlement of insurance claims	Insurance claims are only included in the SoFA when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP) and are included as an item of other income in the SoFA.
Investment gains and losses	This includes any realised or unrealised gains or losses on the sale of investments and any gain or loss resulting from revaluing investments to market value at the end of the year.

2.3 EXPENDITURE AND LIABILITIES

Liability recognition	Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.
Governance and support costs	Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice. Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.
Grants with performance conditions	Where the charity gives a grant with conditions for its payment being a specific level of service or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.
Grants payable without performance conditions	Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised.
Redundancy cost	The charity made no redundancy payments during the reporting period.
Deferred income	No material item of deferred income has been included in the accounts.
Creditors	The charity has creditors which are measured at settlement amounts less any trade discounts
Provisions for liabilities	A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date
Basic financial instruments	The charity accounts for basic financial instruments on initial recognition as per paragraph 11.7 FRS102 SORP. Subsequent measurement is as per paragraphs 11.17 to 11.19. FRS102 SORP.

2.4 ASSETS

Tangible fixed assets for use by charity	These are capitalised if they can be used for more than one year, and cost at least
Intangible fixed assets	They are valued at cost. The depreciation rates and methods used are disclosed in note 9.2. The charity has intangible fixed assets, that is, non-monetary assets that do not have physical substance but are identifiable and are controlled by the charity through custody or legal rights. The amortisation rates and methods used are disclosed in note 9.5
Heritage assets	They are valued at cost. The charity has heritage assets, that is, non-monetary assets with historic, artistic, scientific, technological, geophysical or environmental qualities that are held and maintained principally for their contribution to knowledge and culture. The depreciation rates and methods used as disclosed in note 9.6.1.4.
Investments	They are valued at cost. Fixed asset investments in quoted shares, traded bonds and similar investments are valued at initially at cost and subsequently at fair value (their market value) at the year end. The same treatment is applied to unlisted investments unless fair value cannot be measured reliably in which case it is measured at cost less impairment. Investments held for resale or pending their sale and cash and cash equivalents with a maturity date of less than 1 year are treated as current asset investments
Stocks and work in progress	Stocks held for sale as part of non-charitable trade are measured at the lower or cost or net realisable value. Goods or services provided as part of a charitable activity are measured at net realisable value based on the service potential provided by items of stock. Work in progress is valued at cost less any foreseeable loss that is likely to occur on the contract.

Debtors	Debtors (including trade debtors and loans receivable) are measured on initial recognition at settlement amount after any trade discounts or amount advanced by the charity. Subsequently, they are measured at the cash or other consideration expected to be received.	Yes	No	N/a
		ü	ü	ü
Current asset investments	The charity has investments which it holds for resale or pending their sale and cash and cash equivalents with a maturity date less than one year. These include cash on deposit and cash equivalents with a maturity date of less than one year held for investment purposes rather than to meet short term cash commitments as they fall due.	Yes	No	N/a
		ü	ü	ü
	They are valued at fair value except where they qualify as basic financial instruments.	Yes	No	N/a

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The trustees who manage the charity have set up a stable platform for the charity including the establishment of a social media presence to increase public awareness. A charitable bank account has been set up with CAFBank, which took up a large amount of time in the past year. Having this account will now allow the charity to seek grants and funding opportunities to allow us to meet our objective to alleviate poverty and improve education through the support of CCCYD Zambia. We have also set up an easy fundraising page and recruited a number of people to include this on their computers, which will start raising some money for the upcoming year. We are still in the early stages of the charity and the COVID-19 pandemic interrupted many of our fundraising plans, however we envisage our main achievements will come in the near future.

Achievements and Performance

	SORP reference	

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	The trustees who manage the charity have set up a stable platform for the charity including the establishment of a social media presence to increase public awareness. A charitable bank account has been set up with CAFBank, which took up a large amount of time in the past year. Having this account will now allow the charity to seek grants and funding opportunities to allow us to meet our objective to alleviate poverty and improve education through the support of CCCYD Zambia. We have also set up an easy fundraising page and recruited a number of people to include this on their computers, which will start raising some money for the upcoming year. We are still in the early stages of the charity and the COVID-19 pandemic interrupted many of our fundraising plans, however we envisage our main achievements will come in the near future.
