OBJECTIVES AND ACTIVITIES

Objectives and aims

The Society of Radiologists in Training (SRT) is a registered charity whose aim is to promote education, learning and professional development for radiologists in training across the UK. The charity supports this aim through the delivery of conferences, workshops, educational resources, and networking opportunities for trainees.

Our objectives, as stated in the constitution, are:

- To promote and improve medical education in the field of radiology.
- To advance professional development among radiology trainees.
- To provide accessible educational events for all radiology trainees.

ACHIEVEMENT AND PERFORMANCE

Review of activities

During the year ended 14 May 2023, the Society continued to deliver its core objectives by:

- Successfully hosting the national SRT conference in Leeds.
- Launching the FRCR part 2A and part 2B revision courses involving multiple online webinars.
- Expanding engagement across multiple regions and training schemes.

The Society saw strong attendance at events, confirming the continuing need for high-quality radiology training resources. Feedback from delegates was overwhelmingly positive.

FINANCIAL REVIEW

Financial Position

During the year, the charity's income exceeded £25,000 for the first time, requiring the preparation of full statutory accounts under the Charities Act 2011. The financial position remains strong with total funds at year-end of £37,164, reflecting both current year surplus and prior years' retained reserves.

Reserves policy

The trustees aim to maintain sufficient reserves to ensure the charity can meet its ongoing obligations and continue to deliver its charitable activities.

Public Benefit Statement

The Trustees confirm they have complied with the duty in section 4 of the Charities Act 2011 to have due regard to the Charity Commission's guidance on public benefit.
