## Section C Objectives and activities

**Summary of the objects of the charity set out in its governing document**

The objects of the CIO are:

- (1) The advancement of education for the public benefit, in particular but not exclusively in the subjects of digital and entrepreneurial techniques and methodologies.
- (2) The relief of unemployment for the benefit of the public by such means as the trustees see fit including assistance to find employment, helping people start up their own businesses or income-generating ventures and the provision of land or buildings at below market or subsidised rents to businesses starting up.
- (3) The promotion of social inclusion by preventing people from becoming socially excluded, relieving the needs of those people who are socially excluded and assisting them to integrate into society.

For the purposes of this clause 'socially excluded' means people who are excluded from society, or parts of society, as a result of one or more of the following factors: unemployment; financial hardship; youth or old age; ill health (physical or mental); discrimination on the grounds of sex, race, disability, ethnic origin, religion, belief, creed, sexual orientation or gender re-assignment; poor educational or skills attainment; relationship and family breakdown; crime (either as a victim of crime or as an offender rehabilitating into society) or who are within, or have experienced, the public care or penal system.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The main activities were to:

1. Connect and engage with organisations that support the targeted beneficiaries and establish working relationships.
2. To find office space for the charity to organise its matters and provide a place where the beneficiaries could visit and work with the charity.

## Section F

## Other optional information

In February 2020 until the end of the financial year, the challenges of the Covid-19 pandemic resulted in stopping all programmes, except for a new one called "Computers4Children". We were able to raise some funds and donations of 60 x Raspberry Pi Computers (along with Monitors, Keyboards, Camera, Headsets) and 150 Vodafone SIM cards and access points – all were donated to children aged 8 to 11 at Gillas Lane Primary School in Sunderland. We decided not to launch any new programmes or incur any new costs and keep the charity moving forward by developing plans and building the underlying content. We also agreed to review the situation on a regular basis.
