

Kirklees Communities Who Can CIO – 1177121
Annual Report 01/04/2020 – 31/03/2021

Prepared by A.M. Kenworthy

Due to lockdown and associated issues the Trustees made the decision to suspend the CIO's activities.

Some of the reasons being.

- Our registered office closed its doors, and we were unable to access our mail and other documents relevant to the operation of the CIO.
- There was a big push locally on volunteering and supporting the community which was led by the local authority. This included funding and other resources.
- We believed it would be beneficial to hold back until after the pandemic and then support communities in their recovery, helping to rebuild community capacity when funding may be less available.
- Some Trustees' being in the high-risk group, under additional pressures as front-line key workers or directing their energy to more local and immediate causes.
- Limited technical capacity which restricted regular and affective Trustees meeting.

The one exception to this being a donation of £500 paid in May to Thornhill Prochial for emergency food supplies.

Our next AGM is due to take place late March or early April 2022.
