Achievements and Performance

Over the course of the year Mass110, besides from holding an entire year worth of seminars discussions and holy celebrations, Mass110 has helped create an ever-growing diverse community. We are regularly joined by disadvantaged members of society, such as those with autism and mental health disabilities, and allow them to fully partake in our programmes. This has created a sense of togetherness and inclusivity within the local and wider communities.

We have also helped members find employment and have offered various mentoring opportunities based on education work and health.

Our team have also started to pay extra attention towards the general health of our community. We're actively working towards providing holistic services, focussed around natural medicine driven from the teachings of Ahlulbayt (as) and our core hadith. For this reason, members of our team have ventured into a start-up providing cupping and other health services for our attendees. This start-up is in its early days at our current location in Egham.

Over the course of the year, Mass110 objectives to grow within our health and wellbeing footprint within the community has come into action.

Irfan and Asghar Ali spent some time learning the ancient technique of cupping, which can be traced back to the earliest civilisations. This holistic natural medical therapy has proven to significantly improve a patient's health in many ways. We now offer regular sessions to the community and pro bono to those in need.

Another one of our initiatives in addressing mental health issues has also been launched. We have invested in two horses for equine therapy purposes, aligning our patients back with nature and fresh air whilst providing the opportunity for the younger generation to learn horse riding and also grooming, at an affordable and accessible rate.

We plan to spend the next year in becoming more proficient in these fields.

Future projects for mass110 include the production of natural herbal nutrition. Alongside this we have identified vertical farming of micro greens and honeybee farming to address biological health as well as an activity which is beneficial to the natural environment.

Notes to the Accounts
for the year ended 27 October 2024

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings	over 50 years
Leasehold land and buildings	over the lease term
Plant and machinery	20% on reducing balance
Fixtures, fittings, tools and equipment	20% on reducing balance

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

MASS 110 LTD
Notes to the Accounts
for the year ended 27 October 2024

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period. Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used. Current and deferred tax assets and liabilities are not discounted.

Achievements and Performance

Over the course of the year Mass110, besides from holding an entire year worth of seminars discussions and holy celebrations, Mass110 has helped create an ever-growing diverse community. We are regularly joined by disadvantaged members of society, such as those with autism and mental health disabilities, and allow them to fully partake in our programmes. This has created a sense of togetherness and inclusivity within the local and wider communities.

We have also helped members find employment and have offered various mentoring opportunities based on education work and health.

Mass110 had opened its doors to the part of community that can easily find itself ignored, such as the widowed, lonely and aged alongside the physically and mentally challenged members mentioned above.

We are on our way to achieving a diverse welcoming and religious organisation.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/10/2021.

Responsibilities and basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

~~[The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of [insert name of applicable listed body]]. Delete [] if not applicable.~~ *WJ/bc/H*

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (~~other than that disclosed below~~ *) which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
