NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 30 November 2024**

1. ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared under the historical cost convention. The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP), "Accounting and Reporting by Charities" (2005), the Charity Act 1993 and applicable UK accounting standards.

Cash flow statement

Under FRS 1 the Charity is exempt from the requirement to prepare a cash flow statement on the grounds that the charity is below the threshold specified in Appendix 2 of the FRS1.

Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the objectives of the Charity and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Charity for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund are set out in Note 2.

Investment income and gains are allocated to the appropriate fund.

Incoming resources

All incoming resources are included in the Statement of Financial Activities (SOFA) when the Charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. The grant income where related to performance and specific deliverables are accounted for as the Charity earns the right to consideration by its performance. Where income is received in advance, its recognition is deferred and included in creditors. Where entitlement occurs before income being received, the income is accrued.

Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings, they have been allocated to activities on a basis consistent with the use of resources. Premises overheads have been allocated on a floor basis and other overheads have been allocated on the basis of the head count.

Community project costs are those costs incurred directly in support of the objects of the Charity. The community project cost includes other support costs incurred in support of the objects of the Charity. Governance costs are those incurred in connection with governance arrangement of the Charity, which relate to the general running of the Charity and compliance with constitutional and statutory requirements. The basis of allocation for support costs and governance costs has been explained in Note 3.

NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 30 November 2021**

1. ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared under the historical cost convention. The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP), "Accounting and Reporting by Charities" (2005), the Charity Act 1993 and applicable UK accounting standards.

Cash flow statement

Under FRS 1 the Charity is exempt from the requirement to prepare a cash flow statement on the grounds that the charity is below the threshold specified in Appendix 2 of the FRS1.

Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the objectives of the Charity and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Charity for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund are set out in Note 2.

Investment income and gains are allocated to the appropriate fund.

Incoming resources

All incoming resources are included in the Statement of Financial Activities (SOFA) when the Charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. The grant income where related to performance and specific deliverables are accounted for as the Charity earns the right to consideration by its performance. Where income is received in advance, its recognition is deferred and included in creditors. Where entitlement occurs before income being received, the income is accrued.

Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings, they have been allocated to activities on a basis consistent with the use of resources. Premises overheads have been allocated on a floor basis and other overheads have been allocated on the basis of the head count.

Community project costs are those costs incurred directly in support of the objects of the Charity. The community project cost includes other support costs incurred in support of the objects of the Charity. Governance costs are those incurred in connection with governance arrangement of the Charity, which relate to the general running of the Charity and compliance with constitutional and statutory requirements. The basis of allocation for support costs and governance costs has been explained in Note 3.

NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 30 November 2020**

1. ACCOUNTING POLICIES

Basis of preparation

The financial statements have been prepared under the historical cost convention. The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP), "Accounting and Reporting by Charities" (2005), the Charity Act 1993 and applicable UK accounting standards.

Cash flow statement

Under FRS 1 the Charity is exempt from the requirement to prepare a cash flow statement on the grounds that the charity is below the threshold specified in Appendix 2 of the FRS1.

Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the objectives of the Charity and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the Charity for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund are set out in Note 2.

Investment income and gains are allocated to the appropriate fund.

Incoming resources

All incoming resources are included in the Statement of Financial Activities (SOFA) when the Charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. The grant income where related to performance and specific deliverables are accounted for as the Charity earns the right to consideration by its performance. Where income is received in advance, its recognition is deferred and included in creditors. Where entitlement occurs before income being received, the income is accrued.

Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings, they have been allocated to activities on a basis consistent with the use of resources. Premises overheads have been allocated on a floor basis and other overheads have been allocated on the basis of the head count.

Community project costs are those costs incurred directly in support of the objects of the Charity. The community project cost includes other support costs incurred in support of the objects of the Charity. Governance costs are those incurred in connection with governance arrangement of the Charity, which relate to the general running of the Charity and compliance with constitutional and statutory requirements. The basis of allocation for support costs and governance costs has been explained in Note 3.
