- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To promote sustainable development for the benefit of the public by:

- the preservation, conservation and the protection of the environment and the prudent use of resources;
- the relief of poverty and the improvement of the conditions of life in socially and economically disadvantaged communities; and
- the promotion of sustainable means of achieving economic growth and regeneration.

To advance the education of the public in subjects relating to sustainable development and the protection, enhancement and rehabilitation of the environment and to promote study and research in such subjects provided that the useful results of such study are disseminated to the public at large.

Sustainable development means "development which meets the needs of the present without compromising the ability of future generations to meet their own needs."

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Our activities this year have continued to focus on setting up the charity, raising awareness of the charity, and generating base funds. Due to ongoing political instability during the annual period, particularly in Cameroon, no charitable grants were made in-year.

The trustees declare that they have had regard to the guidance issued by the Charity Commission on public benefit (published at <https://www.gov.uk/guidance/public-benefit-rules-for-charities#the-public-benefit-requirement>) and have established systems and controls to ensure compliance with it before making charitable grants.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

A summary of key achievements and activities conducted over the annual period is set out below:

- Numerous visits to local schools to raise awareness of the Charity and to secure selection as “charity of choice”.
- Of particular note on the fundraising front, the charity took part in an “ENDURANCE WALK” event June 2023 in fields around Reading.

Section E

Financial review

Brief statement of the charity's policy on reserves

The trustees aim to maintain reserves at a level which equates to approximately three months of unrestricted charitable expenditure. The trustees consider that this level will provide sufficient funds to respond to applications for grants, identify suitable projects, and ensure that support and governance costs are covered. The trustees consider that a level of three months is sufficient given the ongoing level of donations and low regular fixed cost.

The balance held as unrestricted funds at 31 March 2024 was £27,294.23. The current level of reserves is therefore higher than is needed and intend to use these for purposes in line with the charitable objects in the future.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.
