Structure, Governance and management

The Wight Brainy Bunch, a registered charity was established in March 2018. It is managed in accordance with the rules of a small charity as deemed by the Charity commission by a minimum of 3 Trustees who meet at least 2 times a year and communicate at regular intervals.

Election of trustee is made and takes place at the charity AGM annually. Names are proposed and seconded before the election. No other person or body is entitled to appoint a trustee.

All trustees were re-elected to act on behalf of the charity for 2021/2022.

Objectives and Activities for the public interest

The Charity objectives are to provide emotional support and financial assistance to Isle of Wight families affected by brain tumours.

The Charity continues to support and raise funds for Smile4Wessex, who provide charitable support to the Wessex Neurological Centre at Southampton General Hospital. This is where the majority of Isle of Wight patients will be treated if diagnosed with a brain tumour.

The charity continues to support and raise funds for The Brain Tumour Charity, as they carry out vital research into treatments, which will ultimately give the patient an improved prognosis and an increased and better quality of life.

Due to the Covid 19 restrictions being lifted throughout 2021/22, fundraising and events were able to return to their pre-covid levels, this included the return of the monthly support group.

The charity returned to arranging events and benefitting from community fundraising activities, and as with previous years, this culminated in the annual black-tie ball.

Covid restrictions resulted in many patients receiving a delayed diagnosis and this was apparent in the increased number of patients being referred for help, as restrictions were eased. Due to the increased demand for support the charity required a larger venue to hold the monthly support group, which then incurred a hire cost.

In addition to the services the Wight Brainy Bunch already offer, the charity has been able to enrol the services of Personal Assistants to help with the most vulnerable individuals.

All funding commitments were fulfilled.

A donation of £5000 was made to Smile4Wessex

The Wight Brainy Bunch remain officially affiliated to, and supportive of, the Brain Tumour Charity.

Due to successful fundraising in 2019, the Wight Brainy Bunch purchased a Static Caravan at Nodes Point Holiday Park on the Isle of Wight at a cost of £62,891 during this financial year. The caravan will provide funded respite breaks for families dealing with the physical and emotional effects of their diagnosis and treatment.

The trustees confirm that they have referred to the guidance in the charity commissions general guidance on public interest when reviewing the charities aims and objectives and in future planning activities.

The Wight Brainy Bunch experienced increased expenditure in 2021/22, which was in excess of the income generated, due to the investment of the static caravan. This coupled with the slow return of fundraising events following Covid, added to the reduced income for this year.

Given the challenges faced with fundraising, the trustees are satisfied with the income generated in 2021/22.

The projection is to return to pre covid fundraising and events and the charity foresee an increase in income for the coming year.
