## **Trustees' annual report**

**For the year ended 31 March 2025**

---

The trustees present their report and the unaudited financial statements for the year ended 31 March 2025.

Reference and administrative information set out above forms part of this report. The financial statements comply with current requirements, the governing document and the Statement of Recommended Practice - Accounting and reporting by Charities: SORP, applicable to charities preparing their accounts.

### **Structure, Governance and Management**

The charity is registered with the Charity Commission in England and Wales on 16<sup>th</sup> March 2018 and it's governed as CIO – FOUNDATION charitable organisation. Its governing document was first adopted in 2028 and amended on 8<sup>th</sup> June 2022.

Currently the charity has a management committee of 3 people who meet quarterly and are responsible for the strategic direction and policy of the charity.

### **Trustee' recruitment, induction, and training**

The trustees of the charity are elected at the charity Annual General Meeting. Most trustees are already familiar with the practical work of the charity having been encouraged to take up volunteering hours at our operational centre. Additionally, new trustees are invited and encouraged to attend a series of short training sessions to familiarise themselves with the charity and the context within which it operates.

Training covers:

- The obligations of management committee members.
- The main documents which set out the operational framework for the charity including the constitution.
- Resourcing and the current financial position as set out in the latest published accounts.
- Future plans and objectives of the charity.

### **Risk management**

The board of trustees has conducted a review of the major risks to which the charity is exposed. A risk register has been established and is updated at least annually. Where appropriate systems or procedures have been developed to mitigate the risks, the charity faces.

## **Financial review**

Against the limited resources and insecurities over funding, it has again been a difficult year to plan or develop new services and activities.

### Principal funding sources

The principals' sources of funding for the charity include members' monthly donations, Trusts and charitable foundations.

### Investment policy

No materiel investments are held at this time. The trustees will consider an appropriate investment policy in the future as unrestricted funds are raised.

### Reserves policy

The management committee has examined the charity's requirements for reserves in light of the main risks to the organisation. It has established policy whereby unrestricted funds not committed or invested in tangible fixed assets held by the charity should be between 3 and 6 months of the expenditure. But as its stand the charity has no or very limited free reserves.

## **Statement of trustees' responsibilities**

The trustees of the Congo Free Poverty are responsible for preparing the trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accounting Practice). Under the Charities Act 2011, the trustees are required to prepare a statement of accounts for each reporting year which gives a true and fair view of the state of the charity and of the incoming resources and application of resources of the charity for that period.

In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently.
- Observe the methods and principles in Charities SORP.
- Make judgements and accounting estimates that are reasonable and prudent.
- State whether applicable United Kingdom accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements.
- And prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue to operate.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable

Significant external risks to funding have led to the development of a strategic plan which allow for the diversification of funding and activities. Internal control risks are minimised by the implementation of procedures for authorisation of all transactions and projects. Procedures are in place to ensure compliance with health and safety of staff, volunteers, users, and visitors.
