

COLNE VALLEY LIONS CLUB

Trustees report for the year ended 30 June 2021

The Covid 19 pandemic had a significant impact on the ability for our club to hold any events during our financial year. We hope and trust the situation will improve during the remainder of 2021 and certainly into 2022 as the engagement with members of the public is vital for our fundraising efforts.

It is clear from our accounts we are financially secure. Admin monies allow us to cover administration expenses for the short to medium term. Whilst our charity balance is monitored carefully to ensure expenditure does not exceed income over the short term, maintaining a positive credit balance always.

The trustees are aware of both our declining membership numbers and like many voluntary organisations the average age of our members. We are continually trying to recruit new and active members.
