We promote social inclusion for the public benefit by working with people who are socially excluded, to relieve the needs of such people and assist them to integrate into society, through the provision of a local network group that encourages and enables those who are socially excluded to participate more effectively within the wider community and by increasing, or co-ordinating, opportunities to engage with service providers, to enable those providers to adapt services to better meet the needs of that community.

1. education and training in the English language and in vocational skills;
2. social and recreational facilities and events involving the local community.
3. items and services to individuals in need and/or charities, or other organisations working to prevent or relieve poverty.

1. education and training in the English language and in vocational skills;
2. social and recreational facilities and events involving the local community.
3. items and services to individuals in need and/or charities, or other organisations working to prevent or relieve poverty.
