Summary of the objects of the charity set out in its governing document

The relief of sickness and the preservation of health among people living in low and middle income countries, including but not by way of limitation through the exchange of knowledge and the provision of education and resources.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Nurses Reaching Out (NRO) runs two projects in Northern Uganda. The first project concerns the provision of food and drink for hospitalised patients who are without a family member to look after them. It is customary to have an attendant during a period of hospitalisation to provide meals to a patient. Patients who are in need of the meal provision from NRO are identified during hospital admission and a referral is made by nurses and/or hospital social workers to the cooks employed by the charity. The patients identified for this provision will receive meals and refreshments for the period of their hospitalisation. Locally these patients are described as destitute and as such receive the provision free of charge. Without the meal and refreshment provision provided those patients without family or an attendant are at risk of at hunger and dehydration.

The second project provides a baby kit to accompany government maternity kit. The baby kits contain essential items to clean and keep a new born baby warm. The kits are delivered to medical centres maternity facilities that have partnered with NRO. An educational package has accompanied the kits to inform of the benefits of antenatal checks and encourage pregnant women to attend these checks. The baby kit is received by mothers at the last antenatal check. Centres which have the kits have seen increasing numbers of women attending antenatal checks and deliveries increasing.

In planning and prioritising our activities for this financial year, the trustees have reviewed the guidance on public benefit issued by the Charity Commission at our trustee meetings and ensured that we are in full compliance.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

Unfortunately, NRO has seen it's monthly donations fall. Our fundraising activities have been somewhat limited with less people and grant giving organisations donating to charities. We are extremely grateful to those who have given financially to the charity. The trustees reviewed the meal service and revisions were made to the ingredients used for the meal provision. The charity has been able to continue to run both projects and keep the staff we have employed to run these projects.

Section E

Financial review

Brief statement of the charity's policy on reserves

No policy on reserves

Details of any funds materially in deficit

N/A

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The charity raised money during this financial year by means of charitable donations from individuals and from Kingdom Faith Church. The aftermath of the pandemic, the Ukraine war and the cost of living crisis has undoubtedly had a continued detrimental impact on our finances and we have had to cut back our assistance in line with available funding.

The sum of £1,933 in HMRC Gift Aid was also received during the period which related to 2018 – 2021.
