

ONE AND ALL AID, TRUSTEE REPORT, YEAR TO 30TH JUNE 2023

Operations continued as usual.

Our primary source of revenue is the charity shop, run by the trustees and a dedicated team of volunteers; so nobody is paid.

Our secondary source is fundraising by soliciting donations, of which the largest came (and continues to come) from Bylo Chacon Foundation (now renamed Woven Foundation). This is a US-based organisation supporting education for populations which have been victims of genocide.

Our outgoings are dominated by the costs of funding two “Child Friendly Spaces” (schools in all but name) for Yazidi children in and near Sinjar, Iraq, following the 2014 genocide there.

We also spend much smaller amounts shipping donations of in-kind aid.

ONE AND ALL AID, ACCOUNTS FOR YEAR TO 30TH JUNE 2024

RECEIPTS AND DISBURSEMENTS	
Shop receipts	£55415
Donations and grants	49945
Shop overhead and shipping costs	-7604
Costs of operating Sinjar schools	-90883
Surplus (deficit) for year	6873
BALANCE SHEET	
Deficit brought forward	-17018
Surplus (deficit) for year	6873
Forgiveness of loan	15000
Surplus to carry forward	4855

Note: the deficit over the years has been funded by loans from James Batty and Shelley Meister, trustees. Over time these loans are being forgiven and converted to donations .

Operating costs for the schools fell because these are paid in US dollars, and the exchange rate recovered somewhat after the UK's mini-budget.

ONE AND ALL AID, INDEPENDENT REPORT ON FINANCIALS

Accounts are on a cash basis.

All receipts (shop takings) are banked intact, and all costs and expenses are paid from the bank account; so the accounts are easy to verify by referring to bank statements.

The accounting records have been kept properly, and the financial statements are an accurate reflection of these records.

Majhor Abdullah Haji (hand signed on file) 1 April 2025
