None		

Name of chief executive or names of senior staff members (Optional information)

No employees / staff

Section B Structure, governance and management

Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution (tailored version of Charity Commission for England and Wales, Model Constitution)
How the charity is constituted (eg. trust, association, company)	Charitable Incorporated Organisation
Trustee selection methods (eg. appointed by, elected by)	Elected at annual general meeting or special general meeting, urgent appointments are by meeting and selection by the Trustees until formal ratification or election by the membership

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

- Providing a dedicated and trained emergency search and rescue service consisting of appropriately trained dogs, handlers and other team members to assist and support the emergency services in the search and rescue of missing persons in East Anglia.
- Providing a back-up service to other search and rescue groups across the United Kingdom and elsewhere if called upon and able to do so.

The Trustees of SARDA Anglia declare that they have had due regard for the duty of public benefit as required by the guidance from the Charity Commission (England and Wales) and have exercised their powers and duties in accordance with those obligations. The primary aim of SARDA Anglia in meeting the test for public benefit is that of, the saving of lives.

Further supporting information can be found in Section D.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Grantmaking

SARDA Anglia currently has an informal policy on grant-making, as a small organisation the only grants the organisation makes, are for small amounts to some members for the purchase of specialist support items.

Investments

SARDA Anglia does not have any investments.

Contribution By Volunteers

SARDA Anglia is entirely volunteer run and supported and therefore the contribution made by volunteers is immeasurable. Volunteer handlers train every day with their dogs and it can take 2+ years to train a dog to the basic qualification standard. Volunteers also support the operations of the organisation by attending callouts, training, and other events. All volunteers expend significant time, effort and their own funds supporting the organisation and its aims. As a team of volunteers, we are on call 24/365 to the emergency services.

Summary of the main achievements of the charity during the year

The Covid-19 pandemic had a significant impact on SARDA Anglia and much of the team training was suspended on safety grounds. However, team members' and their dogs continued to train individually, and it was important to continue this for the welfare of the dogs and to be available for any callouts as required

It should be noted that during the pandemic the team has remained available. Additionally, many SARDA Anglia members have been regularly engaged in Covid-19 volunteering and support across the region.

Section E

Financial review

Brief statement of the charity's policy on reserves

SARDA Anglia has a general policy of holding two years funds in reserve, as previously stated the running costs are low and can be managed flexibly.

Details of any funds materially in deficit

No funds in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

SARDA Anglia receives no funds from any statutory services and therefore fundraises independently to support its running costs and operations etc.

Over the reporting period because of the pandemic, SARDA Anglia's income has much reduced. However, expenditure has also been minimised. It should be noted that because of SARDA Anglia's appropriate governance standards the charity maintains an informal Reserves Policy of holding at least two years funds, therefore the financial impact of the pandemic has been minimised.

Expenditure has supported the organisation by funding basic running costs, including insurance and admin expenditure, although most admin is absorbed by members or from support from members' employers etc.

Expenditure has been primarily used for the purchase of essential equipment including radios and safety equipment. SARDA Anglia also funds the expenses for the external assessors attending assessments. External assessors are generally sought from mountain rescue teams from England and Wales as they have the experience, skills and qualifications and are appropriately independent.

SARDA Anglia has no investments and therefore no policy is currently required.

Section F
