THE BRISTOL KNEE CHARITY

Report of the Trustees FOR THE YEAR ENDED 31 DECEMBER 2021

The trustees present their report with the financial statements of the charity for the year ended 31 December 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The principal objectives of the charity are to promote and protect the health of persons who suffer with musculoskeletal disease, particularly in relation to the knee joint. In particular but not exclusively by;

- awarding to researchers scholarships, maintenance allowances or grants for the purposes of performing research into musculoskeletal disease and publishing the useful results;
- providing to healthcare practitioners and patients education for the purpose of advancing the care of persons affected by musculoskeletal disease;
- promoting wellness and health amongst patients suffering with musculoskeletal disease.
- fund raising to these ends.

Public benefit

The Trustees confirm that they have complied with the duty to have due regard to public benefit guidance published by the Charity Commission and believe that the activities to improve the care of future patients with knee pathology is all in the public's interest.

ACHIEVEMENT AND PERFORMANCE

Charitable activities

The main activities in this period were providing grants for researchers to collect patient data after surgery.

FINANCIAL REVIEW

Reserves policy

Reserves are required to meet the costs of ongoing research and for building the database, which will be a continuous project, as new surgery takes place and techniques progress. The charity's anticipated expenditure on future research costs will be £50,000 per annum. The trustees believe that the charity will remain active in undertaking research activities for at least the next year and that the charity should therefore retain reserves to cover a minimum period of 1 year, totalling £50,000. The charity's closing reserves as at 31 December 2021 totalled £145,091 representing a surplus above the required level of £95,091, which the trustees will monitor and will allocate to future research activities.

Going concern

The financial statements have been prepared on a going concern basis. The trustees have a reasonable expectation that despite the adverse effects COVID-19 is having on the economy as a whole, the charity has adequate resources to continue in operational existence for the foreseeable future. The trustees have reviewed relevant information and has considered possible measures that could be undertaken to mitigate the current adverse conditions. Based on this assessment and the current resources available, the trustees have concluded that they can continue to adopt the going concern basis in preparing the financial statements.

Financial overview

The Statement of Financial Activities sets out total income and expenditure of the charity in the period. Net expenditure in the year totalled £54,371 (2020: £31,235), with closing fund balances totalling £145,091, of which £12,206 were unrestricted and £132,885 were restricted.

THE BRISTOL KNEE CHARITY

Report of the Trustees FOR THE YEAR ENDED 31 DECEMBER 2021

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity's governing document is its constitution adopted on 1st May 2018. The charity is a Charitable Incorporated Organisation with its trustees as the voting members.

Recruitment and appointment of new trustees

Trustees, who are recruited from a broad pool of musculoskeletal specialists including physiotherapists, surgeons, nurses and researchers, are appointed or reappointed at the Annual General Meeting held in November each year.

Chartered Accountant's Report to the Trustees of The Bristol Knee Charity

In order to assist you to fulfil your duties under the Charities Act 2011, we have prepared for your approval the financial statements of The Bristol Knee Charity for the year ended 31 December 2021 which comprise the Statement of Financial Activities, Balance Sheet and the related notes from the charity's accounting records and from information and explanations you have given us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW), we are subject to its ethical and other professional requirements which are detailed within the ICAEW's regulations and guidance at <http://www.icaew.com/en/membership/regulations-standards-and-guidance>.

This report is made solely to the trustees of The Bristol Knee Charity in accordance with our terms of engagement. Our work has been undertaken solely to prepare for your approval the financial statements of The Bristol Knee Charity and state those matters that we have agreed to state to the trustees of The Bristol Knee Charity in this report. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than The Bristol Knee Charity and its trustees for our work or for this report.

It is your duty to ensure that The Bristol Knee Charity has kept adequate accounting records and to prepare financial statements that give a true and fair view of the assets, liabilities, financial position and net income of The Bristol Knee Charity. You consider that The Bristol Knee Charity is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the financial statements of The Bristol Knee Charity. For this reason, we do not express any opinion on the statutory financial statements.

The notes form part of these financial statements

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared on a going concern basis. The trustees have a reasonable expectation that despite the adverse effects COVID-19 is having on the economy as a whole, the charity has adequate resources to continue in operational existence for the foreseeable future. The trustees have reviewed relevant information and has considered possible measures that could be undertaken to mitigate the current adverse conditions. Based on this assessment and the current resources available, the trustees have concluded that they can continue to adopt the going concern basis in preparing the financial statements.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

Taxation

The charity is exempt from tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

Financial instruments

1. ACCOUNTING POLICIES - continued

Cash and cash equivalents

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments. Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument. Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets, which include trade and other debtors, amounts due from group undertakings and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost. Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Basic financial liabilities, including trade and other creditors and amounts due to group undertakings are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest rate method. Financial liabilities are derecognised when, and only when, the company's contractual obligations are discharged, cancelled, or they expire.

2. TRUSTEES' REMUNERATION AND BENEFITS

There were no trustees' remuneration or other benefits for the year ended 31 December 2021 nor for the year ended 31 December 2020.

Trustees' expenses

There were two expenses reimbursed to one trustee for a total of £200, relating to team costs, for the year ended 31 December 2021. There was an expense reimbursed for one trustee for £100, relating to team costs, for the year ended 31 December 2020.
