## Activities

---

**Objects:** TO PRESERVE AND PROTECT GOOD HEALTH FOR THE PUBLIC BENEFIT BY PROVIDING FREE CPR TRAINING AND DEFIBRILLATOR AWARENESS SESSIONS

**Activities:** We provide free awareness sessions in CPR and defibrillators, to educate groups on the chain of survival, early recognition, early CPR and early defibrillation to help to increase the chance of survival of someone suffering an Out of Hospital Cardiac Arrest (OHCA). We show the practical skills of hands only CPR and using a defibrillator, and are able to dispel myths around this subject.

Saving Lives Together

Annual Report 1/1/2024 – 31/12/2024

We have seen a huge rise in deaths from Out of Hospital Cardiac Arrest in this period. Subsequently we have been able to engage in an increased number of free CPR and Defib awareness training sessions for our immediate community and we have extended our geographical area to regularly include Portsmouth, London and Basingtoke. We continue to host a fundraising ball in order to both increase awareness of our charity and to help increase public desire to donate.

We continue to help fund and install PADs in our community and act as guardians for these in a voluntary capacity.

Saving Lives Together

Annual Report 1/1/2022 – 31/12/2022

Due to Covid restrictions the trustees have been unable to facilitate any community led CPR sessions. We have continued to service the Public Access Defibrillators (PADs) that the charity has installed. The outgoings reflect of ongoing service costs for domain hosting of our website. The income was nil due to government-imposed control and restrictions. We have seen a huge rise in deaths from Out of Hospital Cardiac Arrest in this period.

## **TRUSTEES' ANNUAL REPORT 2020**

The Saving Lives Together mission statement is to provide free awareness sessions in CPR and defibrillators, to educate groups on the chain of survival, (early recognition, early CPR and early defibrillation) to help to increase the chance of survival of someone suffering an out of hospital cardiac arrest.

The object of the charity, as stated in its constitution is "to preserve and protect good health for the public benefit by providing free CPR training and defibrillator awareness sessions."

We are based in Petersfield, Hampshire and have been providing awareness sessions over the last year in our local town and surrounding areas to businesses, community groups and the general public.

We have raised funds through donations from the local Waitrose store and their Green Token scheme, as well as donations from local workshops provided pre-COVID. Since March 2020, we have been unable to provide any training or do any fundraising activities

We have not used any monies in 2020 to provide any equipment to local communities, as we have been unable to be out training and putting our message across face to face since the pandemic started.

Charity income up to 31/12/2020 was £738.00 and expenditure was £326.56

We continue to have some obstacles providing training and local workshops, however we have several organisations interested in this and hope to start face to face encounters within the coming months.

The annual return for the Charity Commission will be submitted by 31/10/22 as required. As our income this year is below £25,000 accounts and audit report are not required to be submitted.
