

Trustees Annual Report 22/23

The West Tarring Young People's Hub vision is to continue to provide support and empowerment for the young people and families in our community and promote their interests in a safe and creative environment.

During the financial year of 22/23 the trustees were able to prioritise utilising the premises for other local community groups and non-profit organisations. Partnering with these, which included South Coast South Club, is now being used on a more regular basis to include regular HAF events for young people. Our current priorities are to update the internal areas of the building to make it a usable and welcoming space for a range of groups to access to support children and families and to continue to grow interest and contacts for further volunteer opportunities in the form of trustee roles within our charity. We are also planning to research and apply for relevant funding pots to achieve our plans and to engage and work with further non-profit organisations with an aim to provide further opportunities that meet the Hub's vision.
