Achievements and performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Every member of the Board of Trustees has been affected personally by CLL, either as a patient or through a close personal relationship with a patient, and accordingly is well placed to judge the needs of CLL patients and their supporters.</p> <p>With the assistance of dedicated part time members of staff, every individual Trustee is both directly and heavily involved in the delivery of the support services that the Charity has to offer.</p> <p>In respect of the main activities undertaken in relation to its objectives, and recognising the ongoing vulnerable nature of CLL patients, during the year under review the Charity has continued to face many additional challenges resulting from the Covid-19 pandemic. Against that background, the Charity has: -</p> <ol style="list-style-type: none"> 1. Continued to participate in partnering arrangements with major pharmaceutical companies designed to offer those companies key insights into the way in which treatments for CLL impact on the lives and wellbeing of patients.</p> <p>7. Continued to benefit from donations and fundraising activities that were undertaken by its supporters, despite the limitations that were placed on many of these activities as a result of the restrictions put in place to combat and control the pandemic.</p> <p>8.
