Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	In collaboration with a much larger charity, the club charity volunteered to raise £2000 to support an initiative to send surgeons to GAZA to provide medical support to injured children as a consequence of the war. This is a non-political initiative and one that is purely addressing a humanitarian cause. We used our social media channels to reach out to our friends and families as well as a cricket event to raise the target sum. Within two weeks of our promotion, we were able to reach our target.

You may choose to include further statements where relevant about:

Achievements against objectives set	Para 1.41	As well as our charitable aim to be more than a cricket club, our main business is cricket. All our teams both junior and senior play competitive cricket and we are delighted that on all fronts the teams performed well. Our particular success was with our first team squad who had set their heart of achieving champion status of their premier division and then seek promotion to the highest premier level cricket at the amateur level.
Performance of fundraising activities against objectives set	Para 1.41	Our target was to raise funds in the region of £2K to support a good cause. We achieved that.
Investment performance against objectives	Para 1.41	We do not have funds or capital to venture into this area.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	Market competition has resulted in slight shortfall in membership numbers. A similar club but with financial might has decided to offer free membership and as a result many young people have moved across to this club. This migration has resulted in nearly £4000 shortfall in funds. Additionally, our second facility where club's 3rd and 4th XI play had to be upgraded and that resulted in £3000 extra expenditure. Both of these events have had big impact on our finances. The club had to dive into small reserves to ensure it could stay afloat and honour any financial commitments with regard to operational business.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	We have very small reserves or they could be referred to as contingency funds for a rainy day. For instance, some of the club's machines for cricket purposes are old and can require replacement anytime. The reserves would have to be used to either get these repaired or replaced. Our current reserves are very small.
Amount of reserves held	Para 1.22	£770.00
Reasons for holding zero reserves	Para 1.22	NA
Details of fund materially in deficit	Para 1.24	None
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	Continued constraints on finances and our ability to attract grants as well as unfair market competition. However we have plans in place to continue our work by engaging our stakeholders, sponsors, seeking vigorously and researching grants for our work with young people and particularly projects such girls' cricket to be more inclusive.

TO WHOM IT MAY CONCERN

As a very small charity we do not have financial capability to appoint an auditor, however here is the process of making sure our accounts are delivered accurately and conform to good standards in line with our values and objectives.

- Club has a treasurer who volunteers to perform this duty
- The treasurer is elected member of the management committee and presents monthly accounts to the management
- The treasurer prepares the accounts on a template annually with various headings for income and expenditure • When the accounts are finalized all evidence is submitted to an independent qualified accountant who offers this service in kind and audits the accounts and finalizes them for publication
- The accounts are annually presented at the club AGM and uploaded on the Charity Commission's website, under Annual Return
- The accounts uploaded are based on this methodology.

Club’s financial streams are: membership fees, donations, fund raising events and sponsorship by local business community. The club is very much aware that all of these streams are not guaranteed so that has to be ongoing efforts to refresh income streams. The Management Committee discusses monthly accounts and there is a tight schedule of commitments and can only be approved by a delegated responsibility to treasurer and the

Chairperson.

3. Club is not in a position to have large sums of money due to small income streams. However Club is aware that there are events during the financial year that may bring emergencies where funds will be needed to ensure operations are not hampered. The contingency fund is present but small.
4. Club is engaged in succession planning but due to the volunteer nature of the positions it is difficult to fill positions as not many members are willing to take on the responsibility of running the club. However there is commitment to securing individuals who show interest and commitment of time. This is a difficult area but attempts to overcome these barriers is ongoing.
5. In the vicinity of the club there are 4 other cricket clubs. However Attock is unique in that it enjoys support from members who are willing to help the club to carry out certain tasks that otherwise would cost the club. It is this community and family friendly ethos that has survived the club for the past 37 years. We are very much committed to volunteering nature of our operations as if that evaporates the club will cease to exist. This would be a great loss to the community and members and the local community are aware of this.

ATTOCK
CRICKET CLUB

Summer Camp Week 3

Summer Camp Week 4

A long tradition of summer camp at Attock was reignited this summer for children during the vacations. It goes without saying that in the absence of any organized activities many would sit at home in front of TV or glued to their mobiles. A short survey of club's youth showed that a lot of the children will not get to go on holidays so need something to productively occupy their time. As soon as the summer camp was publicized there was a very rapid uptake, far exceeding Club's expectations. With good planning and delivery, the 4 weeks proved to be very popular with average attendance of around 88%.

The success of this project means that we have some work to do to continue to support our young people during the summer holidays. Finally club would like to acknowledge the support from Moseley School for opening up the facilities for this to happen.

Memorial cup was held on Sunday 25th August, when almost all members got involved, the whole day playing cricket and raising funds for a water project in Pakistan. Almost £1200 was raised for two water wells and these will be reported in the 24-25 trustee report.

2023 memorial cup funds were raised and water projects were supported in partnership with another charity as shown in the photograph below.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Attock Cricket Club is a community-based organization located on the Wake Green Road, Sparkhill Ward in the Selly Oak Constituency, City of Birmingham. The club has a partnership agreement on grounds and buildings with Moseley Secondary school for a further 11 years. The partnership gives the club total freedom to operate and deliver ALL its functions. The club’s main purpose is to organize and manage the game of cricket at senior league and cup as well as junior league and cup. The club exists to serve its members at various tiers. Members have the right to elect a management group to oversee the club’s business. The charity arm of the club is run by the Trustees and the whole operation if overseen by the Club Management elected Committee. The role of the Trustees is to ensure that our charitable obligations are properly executed and documented.

The following operational functions are performed within the club’s constitutional and developmental frameworks.

This report (for period 1st April 2023 to 30th Sept 2024) sets out some specific activities which form part of club’s developmental plan:

- Youth winter project started (08/10/23 to (23/03/24) to cover the report period but continues beyond to Late August 2024: The success of the winter work with young people was reflected beyond the report period when a Summer Camp was organized from 6th August 2024 to 22nd August 2024, as shown above in the 4 week diary of events. The Club continues to participate in national initiatives such as the All-Stars Cricket for youngsters in the 5-to-9-year age range, promoted nationally by the ECB. The purpose of the programme is to teach and demonstrate practical skills of the game of cricket with particular focus on:
- The training/coaching activities are delivered by ECB L2 coaches, who are supported by L1 assistant coaches. These are organized for BOTH

adults and youth.

- The club is fully accredited as ECB clubmark status until 2025 when a review will take place for reaccreditation.
- Club's success in youth section was vindicated when a club young player was selected to represent England Lions U19 world cup squad in South Africa. Tazeem Ali 1st from the left in the photo progressed from Attock to our local County WCCC. It was a proud moment when Taz announced on SKY that he comes from Attock CC in Birmingham, UK.

Warwickshire Young Lions Tazeem Ali, Hamza Shaikh and Theo Wylie have been selected in England's ICC Under-19s World Cup squad.

It's the first time three players from Warwickshire have been chosen to represent England in cricket's elite international youth tournament, which starts on 13 January in South Africa.

- The club memorial game is another good annual event to honor those members who have sadly passed away. The event is also used to raise funds for good causes such as water wells in Pakistan and other parts of the world.
- Young people are also assisted with social, moral and cultural values to enhance their understanding and knowledge of their local communities.
- Youth league and cup competitions (April, May, June and July' 2024) were successfully completed with all youth squads performing well. As is usual all youngsters capable of being fit for County trials were selected and this year, we are delighted to report that we had one Youngman selected for England U19 and now offered 2-year

professional contract at WCCC.

- Senior cricket on Saturday and Sunday is successful with ALL squads performing well as detailed below.
- The end of season Super 10 cricket tournament held in September has now become a major event to raise funds for the club as well as to host the fast format of the game for local cricket lovers. This year the S10 attracted 9 teams and the winners were ??? a local team sponsored by a local business.

This report (for period 1st April 2020 to 31st March 2021) sets out some specific activities which form part of club's developmental plan:

- Youth training/coaching (16/06/20 to 25/08/20): This is an organized training programme at outdoor open air nets and outfield with rule of 1:1 and 6. There was no indoor activity due to COVID 19 restrictions. Due to the pandemic there was very little opportunity to organize any other events for young people. Pandemic has had an enormous impact on our services due to no changing rooms, showers, restricted toilet facilities etc.
- The above training/coaching activities were delivered by ECB L2 coaches, who are supported by L1 assistant coaches. All coaches have insurance and DBS in place at the time of engagement.
- The club is fully accredited as ECB clubmark status and is now compliant with ECB Safe Hands online management system with risk assessment, insurance and club officials.
