Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	When we completed our negotiations with Forestry England in June 2018 and our agreement to care for the site was first established, the yew trees had not been cut for 4 years. The professional clipping in September 2019 achieved a remarkable degree of restoration. This work has continued with an annual professional clip of all trees each year (September 2020, October 2021, October 2022, October 2023 and October 2024), further improving their health and appearance every year. Similarly, annual maintenance of the grassland in accordance with professional ecology and biodiversity advice, has improved the nature of the site as a visitor attraction.

Additional information (optional)

You may choose to include further statements where relevant about:

Achievements against objectives set	Para 1.41	Each year we agree with Forestry England a Management Plan for the Yew Tree Avenue for the year ahead, and at the end of the year, we report on the achievement of that Plan.
Performance of fundraising activities against objectives set	Para 1.41	Since 2019 our fund-raising efforts can be considered entirely successful, based upon our success in gaining specific grant funding for defined projects and supported by very generous donations from a few local individuals. In December 2024 the National Lottery Heritage Fund (NLHF) awarded CYTAT a grant of one hundred and fifteen thousand pounds to be applied over a 5 year period for the maintenance and conservation of the Avenue. The first half of this grant was paid in January 2025. The NLHF have appointed a mentor to advise and assist us to achieve further long term funding, to follow on from our 5 year term. Our grant has also provided funds for the appointment of an experienced “External Evaluator”. Following our recruitment process this appointment was successfully confirmed in June 2025.
Investment performance against objectives	Para 1.41	Not applicable
Other		Not applicable

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	Our Charitiy's cash reserves at the 5th April 2025 were £63,402 This should allow us to continue with our full maintenance and conservation programme for the next two and a half years.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Our financial policy is to ring-fence sufficient funds as soon as they are available for the main clipping project which is estimated to cost £13k to £15k each September. Maintaining the grassland, ditches and hedges is also an essential requirement and is estimated to cost a further £2,000 per annum at present day prices. Any other desired improvements for the public experience need to be successfully funded by new grant applications before any commitments are made.
Amount of reserves held	Para 1.22	Not applicable
Reasons for holding zero reserves	Para 1.22	Not applicable
Details of fund materially in deficit	Para 1.24	Not applicable
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23

Clipsham Yew Tree Avenue Trust (CYTAT)

Audit Report for the Year Ended 5th April 2025

I have reviewed the Receipts and Payments Account for Clipsham Yew tree Avenue Trust for the year ended 5th April 2025. The accounts agree with the underlying records and explanations provided to me and therefore in my opinion provided an accurate summary of CYTAT's financial position for the year ended 5th April 2025.

Performance of fundraising activities against objectives set	Para 1.41	Since 2019 our fund-raising efforts can be considered entirely successful, based upon our success in gaining specific grant funding for defined projects and supported by very generous donations from a few local individuals. However, we have to report that the climate for fund-raising has significantly deteriorated since the Covid pandemic began in March 2020 and we can no longer be confident that we will be able to continue to raise the £15k to £20k per annum which is necessary to maintain this site in a welcoming condition. We also note that the Covid pandemic is also partly responsible for our site receiving a significant additional number of visitors compared with earlier years and a good number of these are coming from greater distances than before.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	Our Charity's cash reserves at the 5th April 2023 of £12,031 plus funds raised after that date will allow us to Clip most of the Avenue again in September 2023. The situation for a further full clip in 2024 is less certain at the present time.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Our financial policy is to ring-fence sufficient funds as soon as they are available for the main clipping project which is estimated to cost £13k to £15k each September. Maintaining the grassland, ditches and hedges is also an essential requirement and is estimated to cost a further £2,000 at present day prices. Any other desired improvements for the public experience need to be successfully funded by new grant applications before any commitments are made.

<p>Achievements against objectives set</p>	<p>Para 1.41</p>	<p>Each year we agree with Forestry England a Management Plan for the Yew Tree Avenue for the year ahead, and at the end of the year, we report on the achievement of that Plan.</p>
<p>Performance of fundraising activities against objectives set</p>	<p>Para 1.41</p>	<p>Since 2019 our fund-raising efforts can be considered entirely successful, based upon our success in gaining specific grant funding for defined projects and supported by very generous donations from a few local individuals. However, we have to report that the climate for fund-raising has significantly deteriorated since the Covid pandemic began in March 2020 and we can no longer be confident that we will be able to continue to raise the £15k to £20k per annum which is necessary to maintain this site in a welcoming condition. We also note that the Covid pandemic is also partly responsible for our site receiving a significant additional number of visitors compared with earlier years and a good number of these are coming from greater distances than before.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	Our Charity's cash reserves at the 5th April 2021 of £14,940 will allow us to Clip the entire avenue again in September 2021. The situation for a further full clip in 2022 is less certain at the present time.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Our financial policy is to ring-fence sufficient funds as soon as they are available for the main clipping project which is estimated to cost £11k to £12k each September. Maintaining the grassland, ditches and hedges is also an essential requirement and is estimated to cost a further £2,000 at present day prices. Any other desired improvements for the public experience need to be successfully funded by new grant applications before any commitments are made.
