Significant activities

This year we were able to relaunch some activities with street kids in the Democratic Republic of Congo (DRC). For this need we were granted permission by the DRC Christian and Missionary Alliance (CMA) church to use a part of their buildings as premises for our SCRC activities in Kinshasa. This small building was vacant for a long time and needed substantial repairs; we carried out those essential repairs and were able to inaugurate our new centre once premises were secured.

At this Centre in Kinshasa, we help street kids to learn skills such as Information Technologies (IT) skills, handcrafting, etc.

Also, with donations of clothes from the UK we've helped young people who no longer live on the street to earn some income for themselves. Activities run by our partners have allowed about 200 young couples to come away from the street with their families; some of those couples have received from us lots of clothes which, now allow them to run small business-stools in the local market.

Objectives and aims

The primary object of the charity is “The relief of street children and young people in poor countries and the UK, who are in need and socially or economic disadvantaged, including but not limited to homelessness, lack of education, ill-health, starvation, child abuse and poor parenting.”

Significant activities

We have not been able to carry out activities fully both in the UK and abroad. In the UK our Charity shop has been the only activity we have had running. Activities in the DR Congo have been halted due to COVID-19 travel restrictions and the lack of resources.

Charity Shop

Our Charity Shop in Stevenage was hit hard by COVID-19 as it was closed most of the time. We occasionally opened the shop when lockdown restrictions were

relaxed by the UK government. Grants from the local authority allowed us to pay the rent; utility bills were covered by the GBS Ministries church.

We sadly closed down our charity shop in December 2021 further to the decision taken by the landlord to double the rent. Acting in the best interests of the charity, the board of trustees judged that keeping the shop was not sustainable while paying the new rent.

Until then, the charity shop continued playing its social role within the Stevenage community; it has been a lifeline to many people who cannot afford expensive goods. People from the community have carried on responding well by bringing donations to the shop and by helping as volunteers.

Activities in DR Congo

All activities in DR Congo were suspended and all scheduled travel was cancelled due to COVID-19.

FINANCIAL REVIEW

The accounts are presented within this report; they have not been audited.

Much of the income has been generated by grants received from the local authority, from shop income and donations from church members.

Given the lockdowns caused by the COVID-19 pandemic, there is limited expenditure in the current year and the accounts have not been audited.
