

CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 15th June 2020 **To** 14th June 2021

Charity name: Scole Nature Trails Trust

Charity registration number: 1178798

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>The maintenance and improvement of a public park, nature walks, permissive paths and associated support infrastructure for the benefit of the inhabitants of South Norfolk and North Suffolk and of visitors thereto, with the objects of improving the conditions of life for such persons and:</p> <p>To advance the education of the public in the appreciation and care of the environment.</p>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>Continued maintenance and enhancement of four areas owned by the Parish Council known as Lot 1 (Pocket Park), Lot 2 (Outdoor Classroom), Lot 3 and Lot 4 (permissive paths). Achieved by grass cutting, tree felling and pruning, and further planting of wild flower meadow land.</p> <p>Coordinated volunteers to continue maintenance of St Andrews Church cemetery by means of grass cutting and brush clearance to provide better access to graves, improvement of access paths to the church and improved biodiversity to support restoration of wild flowers.</p> <p>Continued improvement of tourism in and around Scole by promotion of the open</p>

		<p>spaces and improved pathways, weekly litter picking as well as making use of technology by using mobile phone Apps such as GeoCaching, Facebook (currently 285+ members of our group page), etc.</p> <p>Liaising with other groups; Scole W.I., Woodland Trust, River Waveney Trust and the Environment Agency to maintain and enhance the ecology of the Waveney river and valley. Continued river fly surveying to help maintain the biodiversity of the river and surrounding countryside through this countryside initiative. Addition of Oxygen Level Surveying of the stretch of the River Waveney within the area of the Pocket Park, recordings being submitted to the EA to help monitor oxygen levels and possible pollution incidents.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees have followed the guidance issued by the Charity Commission relating to public benefit by building their objectives to achieve this.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>1. Outdoor Classroom (Lot 2)</p> <p>The area continued to be used by the school children until stricter Covid rules made it more difficult to do so. We feel that maintaining and providing this facility will continue to help the children to appreciate the spaces around them and therefore be less prone to vandalism of such areas in future life.</p> <p>Volunteers have continued to keep the area maintained for use throughout the year even with the restrictions in place.</p> <p>Later in the year a further 2 picnic tables were installed to replace the decaying log seats made from old fallen trees. The new tables are ECO friendly tables made from recycled plastic bottles with an expected lifespan of 25+ years.</p> <p>2. Fishing Platform Replacement and Pathway Improvements</p> <p>Funded by an EA initiative, money was secured to install 2 replacement fishing platforms along with improvements to the stone pathways around the Pocket Park. Platform 1 was installed in early Autumn with Platform 2 being installed in February due to bad weather and flooding in the interim. Once the area was safe to work on in April 2021, the old pathways were cleared and prepared for laying of a new stone pathway by a local village firm and supporter of the SNTT, Waterfields &</p>

		<p>Sons, who generously carried the work out at cost price. This now provides a clear and safe path around the pocket path for people of all abilities, to enjoy the wild flower meadow and the riverside with its associated wildlife and insects.</p> <p>3. River Fly Surveys and Oxygen Level Surveys</p> <p>We have now undertaken surveys for a year now, on a monthly basis, of river fly populations in our stretch of the River Waveney. The results have been submitted to a countrywide database and helped to monitor river health throughout the country in conjunction with the Environment Agency.</p> <p>In addition to the River Fly Surveys we have now signed up for a 5 year Oxygen Level Survey in collaboration with the EA who kindly donated the testing equipment to achieve this. We carry out a reading once a week at three points along our stretch of the River Waveney, this has already proved its worth in helping to identify 2 or 3 possible pollution incidents on the river.</p> <p>This helps ensure that any river pollution is caught at an early stage and dealt with immediately in order to maintain a healthy biodiversity within the river and surrounding areas. Indirectly the health of the river and its countryside provides a wonderful place for people to walk and view the creatures and countryside that surrounds them.</p> <p>4. Public Areas and Nature Pathways</p> <p>Continued coordination of volunteers for clearing and maintaining the public areas and pathways around and through the village, providing circular and cross routes throughout the area. This is achieved by means of; weekly litter picking, grass cutting, hedge</p>
--	--	---

		<p>management, pathways maintenance, etc. Again a fair amount of tree clearance was carried out throughout the year due to storm and flood damage and ongoing safety maintenance. As a result, this promotes a healthy lifestyle by means of unhindered walking and providing a clean and safe place to come and relax and enjoy the countryside.</p> <p>5. Second Memorial Bench (Pocket Park riverside)</p> <p>A further memorial bench is to be funded by a local family, and preparation work for siting of the bench was started after the new stone pathway had been completed. The new bench should be installed at the location early in the next financial year. This will provide a wonderful view of the river and wild flower meadow for contemplation and reflection, by providing somewhere for the public to sit and rest a while, to recharge their batteries, and improve their mental well-being.</p> <p>6. Car Park Access Restrictions (Pocket Park Suffolk Car Park Entrance)</p> <p>Improvements to the Car Park entrance were made by the introduction of large pipe pieces, used as planters for wild flowers, in order to slow vehicle access to and from the area. This makes the area far safer for the increased numbers of visitors. The Pocket Park has become more widely used because of the improvements made and the continued maintenance of the areas.</p>
