This has contributed to keeping the needs of disadvantaged groups, children's safety, and health at the forefront of the conversation, helping to ensure that these issues remain a priority for future support and funding.</p> <p>In summary, while the charity was unable to provide direct assistance this year, the groundwork laid in terms of raising awareness, building partnerships, and advocating for its cause has set the stage for future positive impact once financial resources become available.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	At the end of the period, the charity had no available funds due to a lack of financial support. As a result, no activities or services could be carried out. The charity's bank balance was zero, and there were no significant assets or liabilities. The charity's focus is now on securing the necessary funding to continue its operations and fulfill its mission in the future.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The charity currently holds no reserves, as it has been unable to secure sufficient funding to support its activities. The policy is to build reserves once funding is secured, in order to ensure financial stability and continuity of services in the future. In the meantime, the charity remains focused on raising funds to cover its operational needs and eventually establish a reserve to support its mission and goals.
