Objectives

The object of the CIO is:

To promote social inclusion for the public benefit by working with people in the Tees Valley who are socially excluded on the grounds of their ethnic origin, religion, belief, or creed to relieve the needs of such people and assist them to integrate into society, by:

1. providing a local network group that encourages and enables members of the BAME community to participate more effectively with the wider community;
2. increasing, or coordinating, opportunities for members of the BAME community to engage with service providers, to enable those providers to adapt services to better meet the needs of that community.

CHARITY OBJECTIVES AND ACTIVITIES

1. To promote social integration by raising awareness about hate crime and empowering BAME to report
2. To promote social integration and personal development through the provision of ESOL English and sewing classes.
3. To provide psychosocial community-based intervention through various social activities.
4. To enable and provide volunteer opportunities for the use of skills and to encourage mutual community participation.
5. To support social engagement among asylum seekers and refugees.
6. To target and address the issues that BAME people experience when accessing services
7. To support asylum seekers and refugees in accessing housing, employment, immigration information and other mainstream services

EGAL AND ADMINISTRATIVE INFORMATION

8. To deliver workshops on perceptions and myths about refugees and asylum seekers
9. To work with police, Victim care support and other service providers, to raise awareness of hate crime
10. We work in partnership to design workshops, talks and events to challenge structural racism in schools and institutions.
11. Increase skills, knowledge, pride, confidence, sense of belonging in BAME people in Tees valley.
12. Increase knowledge of perpetrators of hate crime to decrease it and build positive relationships
13. To improve understanding around immigration, asylum seekers and refugees to decrease xenophobia.

Our Vision

Our vision is to have a society which is free from hate crime by challenging racism, upholding justice, empowering, and promoting integration by providing a safe and welcoming space for the BAME community.

Successes and accomplishment

One Community Link partnership funding with All in Youth Project from National lottery Community is ongoing and has enabled the organisation to empower the community to independently report hate crime, challenge racism in schools and institutions. We have seen many BAME becoming confident in reporting hate crime. The centre Rhema house. has become a third reporting centre, which will allow service users to freely report any form of hate crime. Despite the pandemic and lockdown, we have resiliently continued to support the community and youths' programmes through virtual zoom meetings.

The weekly adult sessions of between 30-50 attendees per week who live across the Tees valley moved to virtual workshops during lockdown. Adults come together decreasing isolation and gaining support for a range of issues including housing, issues with poverty, experiences of racism at work, how to report hate crime and how to support their children in school. These sessions decrease frustration, increase confidence and support people to feel part of their communities in the Tees valley.

Lloyds bank foundation has offered a two-year unrestricted grant towards ESOL provision and mental health projects. English classes are run twice a week with qualified teachers which enables new arrivals of asylum seekers to learn and communicate during their first six months. Just Sew Project, of sewing and crafts, provides an opportunity of newly arrived asylum seekers to socially integrate with members of the community building social support networks that help reduce social isolation. The importance of providing enough psychosocial support will enable sanctuary seekers

to rebuild support structures that help mitigate post- migratory risk factors to mental health and that compliment other psychological therapeutic outcomes. This psychosocial intervention is a cost-effective approach. This invites 20 sanctuary seekers each week and is positively impacting the daily lives and mental health and well-being of newly arrived asylum seekers as well as the wider population of asylum seekers and refugees. The project is supporting families and individuals who are going through bereavement. It provides a sense of community enabling members to have a belonging. The funding has enabled and provide volunteer opportunities for the use of skills and to encourage mutual community participation.

With the funding we aim to provide traditional hot meal once every month to support social engagement among asylum seekers, refugees, BAME community and the wider community. This will help to reduce anxiety, cultural shock, reduce stress and trauma and create an atmosphere to provide support to access help.

County Durham, National lottery, Lloyd's bank foundation in partnership with DCMS supported us with hot meals and food parcels throughout all the lockdowns. We worked together with five local charities to run a long-term food delivery project which supported 150 people every week.

Catalyst Stockton supported us with BAME covid small grants. With the funding we will continue to encourage consistent covid-19 testing, providing testing kits to service users. We will be able to distribute test kits to about 50 families every week. This work will continue as we learn to live with Covid and adapt to the new normal.

We have become a referral service for Mears housing, which took over the asylum seeker/ refugee housing contract from Jomast. Several of our members approached us with difficulties they faced because of the changeover. We have successfully supported families to be reunited and be moved to better accommodation. We have also begun a working group with asylum seekers and refugees to collate information about their experiences and what services are needed to become more inclusive. This work will expand because of our work with Mears and the local authority in Stockton, Middlesbrough, Hartlepool and Redcar and Cleveland.

Fundraising

We foresee increased opportunities to fundraise due to the centre expansion plans. We expect to safely hold 60 participants per fundraising event. We are staying up to date with developments in charity regulation, data protection and to make sure we are legally compliant and adhering to all guidelines.

EGAL AND ADMINISTRATIVE INFORMATION

Financial review

The finances were used for the achievement for the operational activities and meeting the objectives of the charity.

Plans for future periods

Plans and partnership efforts are ongoing to expand the working space into a community sports space. The outcome from this will be significant as the community will finally have their own community space to deliver activities, take part in workshops, training, and events. The funding we received has enabled us to fulfil most of our objectives, but we aim to create fundraising activities to sustain and expand. Expansions plans will increase session capacity and a greater space for physical activities. We are looking forward to the expansion of our sewing project into an enterprise. Our aim is to upskill service users for financial freedom.
