Statement of trustees' responsibilities

The trustees are responsible for preparing the trustees' annual report and the financial statements in accordance with applicable law and regulations and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the income and expenditure of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the scheme. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

NOTES TO THE FINANCIAL STATEMENTS

1. Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, with items recognised at cost or transaction value unless otherwise stated. They have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), the Charities Act 2011 and applicable regulations.

The financial statements have been prepared to give a “true and fair “view and have departed from the Charities (Accounts and reports) Regulations 2008 only to the extent required to provide a “true and fair view”. This departure has involved following Accounting and Reporting by Charities: Statement of Recommended Practice, applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard (FRS 102) rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

The charity constitutes a public benefit entity as defined by FRS 102.

The financial statements are prepared in sterling which is the functional and presentational currency of the charity.

Preparation of the financial statements on a going concern basis

There is a reasonable expectation that the charity has adequate resources to continue in operational existence for at least the next twelve months and on this basis the charity is considered to be a going concern.

Fund accounting

Income fund

The unrestricted income fund is credited with donations and is charged with charitable and governance expenditure. Any surplus on the income fund is carried forward and is available for future expenditure.

Income

Donations are recognised in the statement of financial activities when the charity is entitled to receipt.

Expenditure

Expenditure is included on an accruals basis.

Charitable expenditure comprises direct charitable expenditure and related support costs.

Governance expenditure includes the costs of trustee meetings and the cost of any governance or constitutional matters.

Cash at bank

Cash at bank represents the balance on the charity’s bank current account (which is an instant access account) at the year end.

1. Accounting policies (*continued*)

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are normally recognised at their settlement amount.

Financial instruments

The trust only has financial assets and financial liabilities of a kind that qualify as basic. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

2. Transactions with the trustees

No trustees have received remuneration, other benefits, or reimbursement of expenses incurred by them.
