Objectives and activities

Summary of the objects of the charity set out in its governing document

To preserve and protect the physical and mental health of people affected by DYRK1A syndrome (a genetic disorder) through the provision of advice, information and support.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

We are a very small charity set up by parents of DYRK1A affected individuals.

The purpose of the charity remains to initiate fundraising and encourage other families of affected people to do so, primarily to fund annual meet-ups in the UK to share information and knowledge about our loved ones.

Additional details of objectives and activities (optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The charity remains very small and donations are still low value and from fundraising only, on an intermittent basis. We do not expect this to change in the near future.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

The main achievement has been being able to resume plans for an annual meet-up which were unfortunately halted due to COVID-19 restrictions.

We are also continuing to support and encourage other families to fundraise.

As a small charity we do not have any fundraising or performance related targets or objectives.

The charity does not have a reserves policy. Any funds raised are held in the charity bank account until such time they are needed to cover the cost of annual events.
