Policy on grant making	Para 1.38	<ul style="list-style-type: none"> • <u>The Objects of The Lions Club of Looe</u> Under the terms of the Clubs' Constitution, Trustees apply funds at their discretion, making grants where they believe that their contribution will make a real difference. We can only make grants in furtherance of our charitable objects; these details of the Objects of the Club are shown in the Annex to the document. • <u>Priorities for Support</u> The number of applications that can be supported is, of necessity, limited to the amount of funds available for distribution in any one year. The Trustees have determined that the priorities for funding will be: <ul style="list-style-type: none"> • subject to other elements of the Trustees grant-making policy, no restrictions are imposed on the purpose for which a grant may be made; thus applications for support towards capital projects, other projects or core costs are considered; • as there are numerous Lions Clubs in the UK, applications from the Looe and surrounding areas are generally given a priority, with those in the county of Cornwall also being considered. Trustees also consider international funding requests referred to them and by the Lions International organisation; • candidates for support and/or grants are all considered on their own merits, following discussion and possible investigation by the club membership. However, given that most of the available funds are raised within the local community, those candidates that are local are given special consideration. Using the former as a guiding principle the following are examples of areas adopted for support, however this

is not an exhaustive list:

- o Local charities - youth groups, groups working with the elderly, residential and nursing homes, individual appeals;
- o Youth and children's organisations - sport related groups or individuals, scouting and guiding, youth club activities, young people undertaking overseas assignments;
- o Community facilities - relief of hardship for individuals and families, village hall projects, community group initiatives.

The above priorities in this policy will be reviewed every year following the election of the new board of Trustees in March/April (or more often if deemed appropriate by the Trustees), and may be changed in accordance with the Trustees' view of the most effective application of available funds at any point in time following recommendations from a majority of the club membership.

• Principles

In awarding grants, the Trustees will apply the following principles:

- Trustees will not normally support applications from large national charities (unless it is from and for the local branch use) or charities dedicated to issues deemed by the Trustees to be already well funded;
- Trustees will work with other organisations to fund initiatives beyond the financial scope of a single organisation;
- all applications from previous recipients of grants or from previously unsuccessful applicants will be considered by Trustees on their own merits. Although Trustees will have regard to the outcome of the previous grant, any new application will not receive preferential or adverse consideration.

• Exclusions

The Trustees will not normally approve the use of funds for:

- medical research projects of

		<ul style="list-style-type: none">international, national or locally based charities;• the purposes for which government has a statutory responsibility to provide;• political groups and sectarian religion. <ul style="list-style-type: none">• <u>Grant Application Process</u> All applications for grants should be made to Lion Secretary in writing or via email. Before awarding a grant to an organisation or an individual, the Trustees require that the applicant should:<ul style="list-style-type: none">• inform the Trustees of the purpose of the application, details of the project, the way in which the grant will be used and how it will be managed effectively for its intended purpose;• provide adequate information regarding the identity and financial status of the applicant and/or the status of the person(s) who will carry out the project/work;• demonstrate that the recipient (whether an organisation or an individual) has and will be adequately insured both in relation to any equipment and facilities purchased by the grant; also in relation to any risk of injury by reason of the project or purpose for which the grant is awarded;• all equipment purchased with the grant is owned and remains the property of the grant recipient (whether an organisation or an individual);• on receipt of the grant, either by cheque or through bank transfer, a written acknowledgement of the receipt is to be issued to the Lion Secretary;• to comply with the Data Protection Act 1998, applicants are required to consent to the use of personal data supplied by them in the processing and review of their application. This includes transfer to and use by such individuals and organisations as the Trustees deem appropriate. The Trustees require the assurance of the applicant that personal data about any other individual is supplied to the Trustees with his/her consent.
--	--	--

At the point of submitting application, applicants are asked to confirm this consent and assurance.

- **Assessment Process**

The assessment process will be that:

- Applications will be considered by the club members at the next General Meeting after receipt of the application. Applications will be subject to assessment to ensure that they meet the basic criteria for funding. The merits of each application will be assessed by the club members and proposals may be voted on for the form and scale of any grant which will become a recommendation to the Trustees;
- The Trustees, taking due consideration of the successful proposals recommended by the club members, will agree a final grant at the Trustees meeting that will immediately follow the club's General meeting. The Trustees will aim to write to all applicants informing them of the outcome of their application for funding within three months of the date of the application;
- Trustees will not be obliged to provide an explanation to the applicant should their application be unsuccessful, however Trustees do realise the importance of feedback and will, where appropriate, provide suitable comment to the applicant;
- Applicants should note that Trustees receive far more applications than they have funds to support. Even if a project fits with the criteria and priorities of the Trustees and a detailed assessment has been made, Trustees may still be unable to provide the grant;
- Any grant greater than £2,000 will require consideration and recommendation at two consecutive club General Meetings;
- If exceptional circumstances require that a decision cannot wait until the next General Meeting then the following process will be

followed:

- The club membership will be informed of the application requiring urgent resolution with a recommendation by the Lion President. Lion Secretary will ensure that this is communicated by email or phone to all members with responses and comments forwarded to the Lion Secretary within a specified time frame..
- The Trustees will reply with one of three option, agreement, rejection or request for a Trustees meeting. If seven Trustees vote in agreement then the Presidential proposal will be adopted, otherwise rejection or a Trustee meeting will be called at the discretion of the Lion President;
- No grant greater than £1,000 can be made via this process;
- A report will be given to the members at the next General Meeting explaining the outcome.

- **Monitoring and Publicity**

It is the policy of the Trustees to monitor at their discretion, all grants made. Where the grant is for an extended period, project progress should be reported on a regular basis. In addition to reports detailing progress, grant recipients are expected to provide:

- a statement of how the grant monies have been spent, this may be in writing or to take up the opportunity (where appropriate) to visit the Club at a General Meeting to deliver a personal report of how the grant has been spent;
- details (where appropriate) of other funds applied to the same project;
- Trustees or their representative(s) may, where appropriate, visit the applicant to view the progress/success of the project and see how and where the grant has been spent.

Trustees ask applicants to consent to the use of their information and project details for publicity purposes, including on-line, in print and otherwise.

Policy on grant making	Para 1.38	<ul style="list-style-type: none"> • <u>The Objects of The Lions Club of Looe.</u> Under the terms of the Clubs' Constitution, Trustees apply funds at their discretion, making grants where they believe that their contribution will make a real difference. We can only make grants in furtherance of our charitable objects; these details of the Objects of the Club are shown in the Annex to the document. • <u>Priorities for Support</u> The number of applications that can be supported is, of necessity, limited to the amount of funds available for distribution in any one year. The Trustees have determined that the priorities for funding will be: <ul style="list-style-type: none"> • subject to other elements of the Trustees grant-making policy, no restrictions are imposed on the purpose for which a grant may be made; thus applications for support towards capital projects, other projects or core costs are considered; • as there are numerous Lions Clubs in the UK, applications from the Looe and surrounding areas are generally given a priority, with those in the county of Cornwall also being considered. Trustees also consider international funding requests referred to them and by the Lions International organisation; • candidates for support and/or grants are all considered on their own merits, following discussion and possible investigation by the club membership. However, given that most of the available funds are raised within the local community, those candidates that are local are given special consideration. Using the former as a guiding principle the following are examples of areas adopted for support, however this is not an exhaustive list: <ul style="list-style-type: none"> ○ <u>Local charities</u> - youth groups, groups working with the elderly, residential and nursing homes, individual appeals; ○ <u>Youth and children's organisations</u> - sport related groups or individuals, scouting and

guiding, youth club activities, young people undertaking overseas assignments;

- o Community facilities - relief of hardship for individuals and families, village hall projects, community group initiatives.

The above priorities in this policy will be reviewed every year following the election of the new board of Trustees in March/April (or more often if deemed appropriate by the Trustees), and may be changed in accordance with the Trustees' view of the most effective application of available funds at any point in time following recommendations from a majority of the club membership.

- Principles

In awarding grants, the Trustees will apply the following principles:

- Trustees will not normally support applications from large national charities (unless it is from and for the local branch use) or charities dedicated to issues deemed by the Trustees to be already well funded;
- Trustees will work with other organisations to fund initiatives beyond the financial scope of a single organisation;
- all applications from previous recipients of grants or from previously unsuccessful applicants will be considered by Trustees on their own merits. Although Trustees will have regard to the outcome of the previous grant, any new application will not receive preferential or adverse consideration.

- Exclusions

The Trustees will not normally approve the use of funds for:

- medical research projects of international, national or locally based charities;
- the purposes for which government has a statutory responsibility to provide;
- political groups and sectarian religion.

- Grant Application Process

All applications for grants should be made to Lion Secretary in writing or via email.

Before awarding a grant to an organisation or an individual, the Trustees require that the applicant should:

- inform the Trustees of the purpose of the application, details of the project, the way in which the grant will be used and how it will be managed effectively for its intended purpose;
- provide adequate information regarding the identity and financial status of the applicant and/or of the status of the person(s) who will carry out the project/work;
- demonstrate that the recipient (whether an organisation or an individual) has and will be adequately insured both in relation to any equipment and facilities purchased by the grant; also in relation to any risk of injury by reason of the project or purpose for which the grant is awarded;
- all equipment purchased with the grant is owned and remains the property of the grant recipient (whether an organisation or an individual);
- on receipt of the grant, either by cheque or through bank transfer, a written acknowledgement of the receipt is to be issued to the Lion Secretary;
- to comply with the Data Protection Act 1998, applicants are required to consent to the use of personal data supplied by them in the processing and review of their application. This includes transfer to and use by such individuals and organisations as the Trustees deem appropriate. The Trustees require the assurance of the applicant that personal data about any other individual is supplied to the Trustees with his/her consent. At the point of submitting application, applicants are asked to confirm this consent and assurance.

• **Assessment Process**

The assessment process will be that:

- Applications will be considered by the club members at the next

		<p>General Meeting after receipt of the application. Applications will be subject to assessment to ensure that they meet the basic criteria for funding. The merits of each application will be assessed by the club members and proposals may be voted on for the form and scale of any grant which will become a recommendation to the Trustees;</p> <ul style="list-style-type: none">• The Trustees, taking due consideration of the successful proposals recommended by the club members, will agree a final grant at the Trustees meeting that will immediately follow the club's General meeting. The Trustees will aim to write to all applicants informing them of the outcome of their application for funding within three months of the date of the application;• Trustees will not be obliged to provide an explanation to the applicant should their application be unsuccessful, however Trustees do realise the importance of feedback and will, where appropriate, provide suitable comment to the applicant;• Applicants should note that Trustees receive far more applications than they have funds to support. Even if a project fits with the criteria and priorities of the Trustees and a detailed assessment has been made, Trustees may still be unable to provide the grant;• Any grant greater than £2,000 will require consideration and recommendation at two consecutive club General Meetings;• If exceptional circumstances require that a decision cannot wait until the next General Meeting then the following process will be followed:<ul style="list-style-type: none">◦ The club membership will be informed of the application requiring urgent resolution with a recommendation by the Lion President. Lion Secretary will ensure that this is communicated by email or phone to all members with responses and comments
--	--	--

forwarded to the Lion Secretary within a specified time frame..

- The Trustees will reply with one of three options, agreement, rejection or request for a Trustees meeting. If seven Trustees vote in agreement then the Presidential proposal will be adopted, otherwise rejection or a Trustees meeting will be called at the discretion of the Lion President;
- No grant greater than £1,000 can be made via this process;
- A report will be given to the members at the next General Meeting explaining the outcome.

- **Monitoring and Publicity**

It is the policy of the Trustees to monitor at their discretion, all grants made. Where the grant is for an extended period, project progress should be reported on a regular basis. In addition to reports detailing progress, grant recipients are expected to provide:

- a statement of how the grant monies have been spent, this may be in writing or to take up the opportunity (where appropriate) to visit the Club at a General Meeting to deliver a personal report of how the grant has been spent;
- details (where appropriate) of other funds applied to the same project;
- Trustees or their representative(s) may, where appropriate, visit the applicant to view the progress/success of the project and see how and where the grant has been spent.

Trustees ask applicants to consent to the use of their information and project details for publicity purposes, including on-line, in print and otherwise.

ANNEX

The Objects of the Club are such purposes as are exclusively charitable in England & Wales, including in particular:

- the advancement of citizenship by:
 - promoting the principles of good citizenship;
 - encouraging members to take an active interest in the civic, cultural, social and moral

	SORP reference	
Policy on grant making	Para 1.38	<ul style="list-style-type: none"> • <u>The Objects of The Lions Club of Looe</u> Under the terms of the Clubs' Constitution, Trustees apply funds at their discretion, making grants where they believe that their contribution will make a real difference. We can only make grants in furtherance of our charitable objects; these details of the Objects of the Club are shown in the Annex to the document. • <u>Priorities for Support</u> The number of applications that can be supported is, of necessity, limited to the amount of funds available for distribution in any one year. The Trustees have determined that the priorities for funding will be: <ul style="list-style-type: none"> • subject to other elements of the Trustees grant-making policy, no restrictions are imposed on the purpose for which a grant may be made; thus applications for support towards capital projects, other projects or core costs are considered; • as there are numerous Lions Clubs in the UK, applications from the Looe and surrounding areas are generally given a priority, with those in the county of Cornwall also being considered. Trustees also consider international funding requests referred to them and by the Lions International organisation; • candidates for support

and/or grants are all considered on their own merits, following discussion and possible investigation by the club membership. However, given that most of the available funds are raised within the local community, those candidates that are local are given special consideration. Using the former as a guiding principle the following are examples of areas adopted for support, however this is not an exhaustive list:

- o Local charities - youth groups, groups working with the elderly, residential and nursing homes, individual appeals;
- o Youth and children's organisations - sport related groups or individuals, scouting and guiding, youth club activities, young people undertaking overseas assignments;
- o Community facilities - relief of hardship for individuals and families, village hall projects, community group initiatives.

The above priorities in this policy will be reviewed every year following the election of the new board of Trustees in March/April (or more often if deemed appropriate by the Trustees), and may be changed in accordance with the Trustees' view of the most effective application of available funds at any point in time following recommendations from a majority of the club membership.

• Principles

In awarding grants, the Trustees will apply the following principles:

- Trustees will not normally support applications from large national charities (unless it is from and for the

		<p>local branch use) or charities dedicated to issues deemed by the Trustees to be already well funded;</p> <ul style="list-style-type: none">• Trustees will work with other organisations to fund initiatives beyond the financial scope of a single organisation;• all applications from previous recipients of grants or from previously unsuccessful applicants will be considered by Trustees on their own merits. Although Trustees will have regard to the outcome of the previous grant, any new application will not receive preferential or adverse consideration. <p>• <u>Exclusions</u> The Trustees will not normally approve the use of funds for:</p> <ul style="list-style-type: none">• medical research projects of international, national or locally based charities;• the purposes for which government has a statutory responsibility to provide;• political groups and sectarian religion. <p>• <u>Grant Application Process</u> All applications for grants should be made to Lion Secretary in writing or via email. Before awarding a grant to an organisation or an individual, the Trustees require that the applicant should:</p> <ul style="list-style-type: none">• inform the Trustees of the purpose of the application, details of the project, the way in which the grant will be used and how it will be managed effectively for its intended purpose;• provide adequate information regarding the identity and financial status of the applicant and/or of the status of the person(s) who will carry out the project/work;• demonstrate that the
--	--	--

		<p>recipient (whether an organisation or an individual) has and will be adequately insured both in relation to any equipment and facilities purchased by the grant; also in relation to any risk of injury by reason of the project or purpose for which the grant is awarded;</p> <ul style="list-style-type: none"> • all equipment purchased with the grant is owned and remains the property of the grant recipient (whether an organisation or an individual); • on receipt of the grant, either by cheque or through bank transfer, a written acknowledgement of the receipt is to be issued to the Lion Secretary; • to comply with the Data Protection Act 1998, applicants are required to consent to the use of personal data supplied by them in the processing and review of their application. This includes transfer to and use by such individuals and organisations as the Trustees deem appropriate. The Trustees require the assurance of the applicant that personal data about any other individual is supplied to the Trustees with his/her consent. At the point of submitting application, applicants are asked to confirm this consent and assurance. <p>• <u>Assessment Process</u> The assessment process will be that:</p> <ul style="list-style-type: none"> • Applications will be considered by the club members at the next General Meeting after receipt of the application. Applications will be subject to assessment to ensure that they meet the basic criteria for funding. The merits of each application will be assessed
--	--	---

by the club members and proposals may be voted on for the form and scale of any grant which will become a recommendation to the Trustees;

- The Trustees, taking due consideration of the successful proposals recommended by the club members, will agree a final grant at the Trustees meeting that will immediately follow the club's General meeting. The Trustees will aim to write to all applicants informing them of the outcome of their application for funding within three months of the date of the application;
- Trustees will not be obliged to provide an explanation to the applicant should their application be unsuccessful, however Trustees do realise the importance of feedback and will, where appropriate, provide suitable comment to the applicant;
- Applicants should note that Trustees receive far more applications than they have funds to support. Even if a project fits with the criteria and priorities of the Trustees and a detailed assessment has been made, Trustees may still be unable to provide the grant;
- Any grant greater than £2,000 will require consideration and recommendation at two consecutive club General Meetings;
- If exceptional circumstances require that a decision cannot wait until the next General Meeting then the following process will be followed:
 - The club membership will be informed of the application requiring

urgent resolution with a recommendation by the Lion President. Lion Secretary will ensure that this is communicated by email or phone to all members with responses and comments forwarded to the Lion Secretary within a specified time frame..

- **The Trustees will reply with one of three options, agreement, rejection or request for a Trustees meeting. If seven Trustees vote in agreement then the Presidential proposal will be adopted, otherwise rejection or a Trustee meeting will be called at the discretion of the Lion President;**
- **No grant greater than £1,000 can be made via this process;**
- **A report will be given to the members at the next General Meeting explaining the outcome.**

• Monitoring and Publicity

It is the policy of the Trustees to monitor at their discretion, all grants made. Where the grant is for an extended period, project progress should be reported on a regular basis. In addition to reports detailing progress, grant recipients are expected to provide:

- **a statement of how the grant monies have been spent, this may be in writing or to take up the opportunity (where appropriate) to visit the Club at a General Meeting to deliver a personal report of how the grant has been spent;**
- **details (where appropriate) of other funds applied to the same project;**
- **Trustees or their representative(s) may, where appropriate, visit the**

applicant to view the progress/success of the project and see how and where the grant has been spent.

Trustees ask applicants to consent to the use of their information and project details for publicity purposes, including on-line, in print and otherwise.
