Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Over the past year, Feeding Isle of Wight has continued to make a significant and positive impact on the lives of vulnerable individuals, families, and community organisations across the Island. Our work has focused on reducing food insecurity, tackling food waste, and creating opportunities for social connection and support.</p> <p>Supporting Beneficiaries</p> <ul style="list-style-type: none"> • We provided surplus and donated food to local community organisations, schools, and projects, enabling them to support thousands of residents in need. • Our community pantry and distribution hubs supported approximately 400 households each week, ensuring that families facing financial hardship had reliable access to nutritious food. • By bridging the gap between surplus supply and community demand, we alleviated pressure on low-income families, helping them to redirect limited resources towards other essentials such as rent, utilities, and childcare. <p>Wider Benefits to Society</p> <ul style="list-style-type: none"> • We diverted an estimated 44 tonnes of good-quality surplus food from landfill, contributing directly to environmental sustainability and supporting national efforts to reduce waste. • Through partnerships with local supermarkets, businesses, and food suppliers, we strengthened community networks and encouraged collaboration across the voluntary, public, and private sectors.

		<ul style="list-style-type: none"> • Our work not only addressed immediate food poverty but also promoted healthier eating, improved wellbeing, and reduced isolation by creating spaces where people can come together, share, and connect. • The involvement of volunteers has been central to our success. By offering meaningful volunteering opportunities, we have built skills, confidence, and a strong sense of community pride. <p>Impact</p> <ul style="list-style-type: none"> • Beneficiaries consistently tell us that our support eases financial stress, improves diet and wellbeing, and provides dignity during difficult times. • Our initiatives have demonstrated that tackling food insecurity can also strengthen communities, reduce waste, and promote resilience in the face of ongoing social and economic challenges. <p>In summary, this year we have not only met urgent needs but also laid foundations for long-term positive change, ensuring that the Isle of Wight community remains supported, connected, and resilient.</p>

Accounts

Trustees' Annual Report for the period

From 1st May 2021 To 30th April 2022

Charity name: BabyBank Network Isle of Wight

Charity registration number: 1179382

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The prevention or relief of poverty on the Isle of Wight by providing items and services to families with young children and/or to charities or other organisations who also work to prevent or relieve poverty amongst families with young children. As well as aiding the difficult transition of having a new family and providing an improved living environment, these measures will reduce the financial burden on families, leading to a subsequent improvement in their mental well-being, lower anxiety about caring for their child, an increased ability to focus on other aspects of home life and making positive choices for the whole family. Providing safe and clean equipment alongside warm, suitable clothing will also contribute to the health and safety of the baby.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	BabyBank Network Isle of Wight redistributes high quality baby items like clothes, slings, cots, high chairs, and cloth nappies that have been used and loved by parents, but are no longer needed, to parents who cannot afford to buy these items new or second hand. We work with agencies based in areas of deprivation and organisations that are in contact with vulnerable families to make sure that they are provided with items ensuring their babies basic needs are met. Once a month we hold a donation drop off and allow referrals to come in via email as and when. On receipt of a referral we match items or source accordingly. Once completed a referral we arrange collection by the professional to pass on to the family. We completed a High Sheriff application to support our cause and have worked regularly at our unit
