TRUSTEES' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021

The Trustees (who are also directors of the company for the purposes of the Companies Act) are pleased to present their fifth report together with the financial statements of the Charity for the year ended 31 December 2021. This report serves the purposes of both a Trustees' Report, and a Directors' Report under company law.

The charitable company was incorporated on 10 August 2016 and took over the World Transplant Games Federation at the close of business on 29 June 2017 and thus commenced operating as a company limited by guarantee on 30 June 2017.

The Company was granted charitable status by the Charity Commission on 7 August 2018.

The financial statements comply with the Charities Act 2011, the Companies Act 2006 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) second edition issued in October 2019 (effective 1 January 2019).

REFERENCE AND ADMINISTRATIVE DETAILS

Reference and administrative details are shown in the schedule of members of the board and professional advisers on page 1 of the financial statements.

The Trustees

The Trustees who served the Charity during the year were as follows:

Mr C D Thomas - President
Mrs E M Schick - Company Secretary
Mr C White - Treasurer
Dr A L Billström
Dr Z S Brooks – resigned 2 March 2021
Dr K F Chau
Professor W H Cho – retired 17 June 2021
Dr P N Harden
Mr A Lassooij - retired 17 June 2021
Mrs G Manuwald-Seemueller
Mr W F Uys
Professor Y Marui
Dr E A Martin Pinto
Mrs A Duran – appointed 17 June 2021
Mrs J Berente – appointed 17 June 2021
Mr L G Reyna Zúñiga – appointed 17 June 2021

STRUCTURE, GOVERNANCE AND MANAGEMENT

Constitution

The Charity is an incorporated company limited by guarantee. The Memorandum and Articles of Association were revised prior to our incorporation in August 2016. The Company was granted charitable status by the Charity Commission on 7 August 2018.

General assembly

The Federation is made up of Member Countries (one representative organisation per country) from around the world who all work for the promotion of organ and tissue donation and the advancement of health within transplant populations. This body is known as the General Assembly which meets annually to guide the Federation. The Board of Trustees is entrusted to lead the Federation. An Executive manages the Federation on a day-to-day basis.

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

TRUSTEES' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021

Trustees

Trustees can be nominated for election by the CEO or Chairman of member organisations (each member country is represented by one member organisation). Elections are held at a meeting of the country members which is usually held every two years at the summer World Transplant Games but can be held online if necessary. Trustees hold their positions for four years after which time they will have to seek approval from the Board of Trustees to put themselves forward for nomination again. If that is approved, they need to seek nomination from their Member organisation again.

Executive Board

The members of the Executive Board are appointed by a vote of the Trustees at the first Board Meeting immediately following the Trustee elections. They serve a four year term from their election to an executive post.

Governance

In line with Charities Commission best practice guidelines, the Federation continues to evolve its Governance model and requirements. New by-laws were previously introduced to bring the election of Board members in line with best practice and a Conflict of Interests Register for Board members was also developed and implemented. In 2020 the Federation held further training for trustees on their roles and obligations. In addition, new membership by-laws were previously developed to ensure that member organisations work towards best practice and are always representative of the entire transplant sport community in their respective countries.

PUBLIC BENEFIT STATEMENT

The Trustees confirm that the work they undertake on behalf of transplant recipients is for the public benefit through the raising of awareness of the importance of organ and tissue donor registration and the development and inclusion of support and physical activity programs across the world for transplant recipients. These programs benefit the public by ensuring this scarce resource of donated organs are effectively used by recipients, lowering the cost of future health care needs and improving the quality of life of recipients.

In making this statement the trustees have had regard to the Charity Commission's guidance on public benefit.

OBJECTIVES AND ACTIVITIES

Our purpose

The advancement of amateur sport through the promotion of sporting activity amongst recipients of organ, tissue and cell transplants, as well as living donors and donor families.

The advancement of health through the promotion of the study of biological and clinical problems of organ transplantation in order to improve the health of recipients of organ, tissue and cell transplants.

The advancement of education of the general public in relation to the benefits of organ, tissue and cell transplantation, including education about organ donation and raising awareness of the worldwide shortage of donor organs for transplantation, as well as the dissemination of new knowledge arising out of the study of biological and clinical problems of organ transplantation to the transplant community and to the general public.

The promotion of the mental and moral improvement amongst the community of recipients of organ, tissue and cell transplants, as well as living donors and donor families, through the promotion of international friendship and relations amongst that community.

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

TRUSTEES' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2021

Our activities

The delivery of the virtual WTGF 5KAnyWay (May 2021) in replacement of the cancelled (COVID-19) World Transplant Games, Houston 2021, giving transplant recipients, living donors, donor families and the transplant community the opportunity to take part in a global event covering multiple elements.

The provision of a Fit for Life! Billion Steps Challenge (September to November 2021) involving transplant recipients and their associated community encouraging both fitness and social interaction during the pandemic.

The provision of a global virtual Golf competition (August to September 2021) for recipients, living donors, donor families and the associated transplant community enabling golfers to compete over a period of time on a global platform whilst promoting organ donation and transplantation.

Continued liaison and support for the transplant community with a comprehensive social media plan providing campaigns, competitions and information.

The development of a Youth program, Transplant Next, which is to be further developed in 2022 giving transplanted children and youth the opportunity for support, developing life skills and social interaction through webinars, new webpages and camps in addition to the creation of a global online distribution platform for sending TX the Transplant Teddy Bear to children on the waiting list or recently transplanted.

The provision of the Transplant Hub forum where recipients and the wider transplant community can interact with each other providing support and social interaction.

The creation of Transplant Hub Conversations videos showcasing interviews with inspiring recipients.

The provision of online mindfulness courses with the aim of assisting towards the mental wellbeing of the transplant community over the pandemic.

The growth of the research group to facilitate professional research and further assist the transplant community with their health and fitness.

Continued delivery and improvement of a Fit for Life! online rehabilitation program (Refit for Life) to assist recipients in taking the first steps to get active post-transplant, and showcase these recipients to the public, thus promoting organ donation and transplantation.

Continued liaison, with information dissemination, relating to Covid 19 vaccines for transplant recipients.

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

TRUSTEES' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2021

ACHIEVEMENTS AND PERFORMANCE

Our achievements

Over the reporting period the World Transplant Games Federation directly met its objectives – to promote amateur sport, to improve the physical health and mental wellbeing of recipients and the advancement of education of the general public in relation to the benefits of donation.

The Federation achieved this through:

- The delivery of the virtual WTGF 5KAnyWay (May 2021) in replacement of the (COVID-19) cancelled World Transplant Games, Houston 2021.
- The provision of a Fit for Life! Billion Steps Challenge involving transplant recipients and their associated community encouraging both fitness and social interaction during the pandemic.
- Continued liaison and support for the transplant community with a comprehensive social media plan providing campaigns, competitions and information.
- The provision of a global virtual Golf competition over several months for recipients, living donors, donor families and the associated transplant community.
- The provision of the Transplant Hub forum where recipients and the wider transplant community can interact with each other providing support and social interaction.
- The provision of online mindfulness courses with the aim of assisting towards the mental wellbeing of the transplant community over the pandemic.
- The development of a Youth program, Transplant Next, which is to be further developed in 2022 giving transplanted children and youth the opportunity for support, developing life skills and social interaction through webinars, new webpages and camps in addition to the creation of a global online distribution platform for sending TX the Transplant Teddy Bear to children on the waiting list or recently transplanted.
- Continued execution and improvement of the Fit for Life! online rehabilitation program (ReFit for life) - this is achieving significant public benefit by being the first-ever practical guide for recipients to assess, monitor and track their fitness goals.
- Continuing work with our Fit for Life! Ambassadors around the world to actively engage with the public and promote organ donation and transplantation.

The Federation has in the main achieved the objectives set out in spite of the cancellation of the 2021 World Games due to the COVID-19 virus.

\$50,000 was secured from Novartis to fund the Billion Steps Challenge and \$25,000 to relaunch an improved ReFit for Life program in early 2022.

\$10,000 was secured from Immucour to fund the Transplant Hub Conversations videos

\$53,061 of fundraising was raised by the 5K AnyWay LOC to launch the youth program, Transplant Next.

TRUSTEES' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021

RISK MANAGEMENT

Trustees' responsibility

The Trustees acknowledge their responsibility to identify, assess and manage risks. The Trustees meet regularly and amongst other things identify, review and assess the various risks to which the Charity is exposed covering governance, operational, financial, external and regulatory factors.

Principal risk

The principal risks would be the inability to encourage cities to bid for the Games. This has been mitigated through the review of the bidding process of the Games.

The contracted host organisation for each Summer and Winter Games collects a capitation fee from every registered participant on behalf of the Federation. We have experienced delays in these funds being handed over to the Federation in the past. The risk of potential loss of funds is now mitigated through clear terms in the contract. Going forward, we are examining the practical implications of the Federation collecting the capitation fees directly from participants.

COVID - 19

The Federation took the following steps to address problems associated with COVID – 19:

1. Face to face Board Meetings have not taken place. Primarily due to safety and the travel restrictions, virtual meetings have been held instead. This decision also saves a considerable amount of time and cost.
2. The 1st Transplant Football World Cup in Italy in August 2020 was postponed until further notice.
3. The Transplant World Journal periodical is now produced as a digital version saving costs.
4. The 2021 Summer Games to be held in Houston were cancelled.
5. As noted above, the Trustees worked hard to secure further sponsorship income during the year amounting to \$85,000.
6. In 2020 the Trustees successfully applied to Winchester City Council and received a £10,000 COVID – 19, 100% small business rate relief grant in respect of the office premises.
7. The Trustees continued to investigate other opportunities for Government support.
8. Have continued running campaigns on social media to keep the core base interested and motivated and to increase awareness of the Federation's activities going forward.

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

TRUSTEES' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2021

FINANCIAL REVIEW

Position at the end of the year

The financial position as at the period end is exhibited by the Charity's balance sheet presented on page 8. This shows that the Charity's funds amounted to \$401,667 (2020: \$412,527), but of this \$139,388 applies exclusively to the Fit for Life! programme (2020: \$111,189) and \$49,612 for the Youth programme (2020: \$nil).

Cash reserves at the year end amounted to \$404,768 (2020: \$408,778).

The Federation holds restricted funds of \$189,000 (2020: \$111,189) relating to the Fit for Life! programme funded by sponsorship from Novartis in 2020/2021 and the Youth programme funds raised by the LOC in 2021 for the 5K AnyWay. These are ongoing programs of initiatives under these banners and funding is strictly monitored.

The Trustees consider the Federation's financial position as at 31st December 2021 to be sound and healthy, however, they are looking towards further sponsorship opportunities for 2022.

Reserves policy and going concern assessment

The Trustees have examined the Charity's requirement for reserves in light of the main risks to the organisation. The Trustees understand that reserves are needed to bridge the gap between spending and receiving income and to cover unplanned expenditure. In general, the major outgoings in respect of summer and winter Games comprise Trustees' travel expenses and Games expenses which are largely funded by receipt of participant capitation fees and host fees. This also ensures that an adequate working balance of funds exists to cover the day-to-day support costs, the largest item of which comprises staffing and travel and subsistence costs.

At the year end free reserves, which is defined as general unrestricted reserves less those tied up in assets were \$212,013, (2020 \$301,221)

Principal sources of funding

The principal source of funds emanates from the host and capitation fees charged to the host city of the Summer Transplant Games, and we receive an annual grant from the International Olympic Committee.

In 2021 we received a sponsorship payment of \$75,000 from Novartis, \$10,000 from Immucor and \$53,061 fundraising from the 5K AnyWay LOC.

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

TRUSTEES' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021

RESPONSIBILITIES OF THE TRUSTEES

The Trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Generally Accepted Accounting Practice.

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Charity and of the surplus or deficit of the Charity for that year.

In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in operation.

The Trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Charity and which enable them to ensure that the financial statements comply with Companies Act 2006. The Trustees are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees report has been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

Signed on behalf of the Board of Trustees

.....
Mr C White
Trustee

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

INDEPENDENT EXAMINER'S REPORT
FOR THE YEAR ENDED 31 DECEMBER 2021

I report to the Charity Trustees on my examination of the financial statements of The World Transplant Games Federation for the year ended 31 December 2021, which are set out on pages 10 to 21 of this document.

Responsibilities and basis of report

As the Charity Trustees of the company (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the financial statements of the company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your company's financial statements as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the company as required by section 386 of the 2006 Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the financial statements give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

Use of my report

This report is made solely for the Charity's Trustees, as a body, in accordance with Chapter 3 Part 8 of the Charities Act 2011. My examination has been undertaken so that I might state to the Charity's Trustees those matters I am required to state to them in an independent examiner's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the Charity and the Charity's Trustees as a body, for my examination, for this report, or for the opinions I have formed.

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

STATUS OF COMPANY

The company is registered under the Companies Act 2006 as a company limited by guarantee and not having a share capital. Each member of the company, in the event of the company being wound up, has limited liability up to £10. The address of the registered office is given in the charity information on page 1 of these financial statements.

1. ACCOUNTING POLICIES

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

a) BASIS OF PREPARATION

The Charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) second edition issued in October 2019, The Charities Act 2011, and UK Generally Accepted Accounting Practice.

The financial statements are prepared on a going concern basis under the historical cost convention. The financial statements are presented in US dollars which is the functional currency of the Charity and rounded to the nearest \$1.

b) INCOME

Revenue grants and donations, are recognised when the Charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance before the Charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the Charity and it is probable that those conditions will be fulfilled in the reporting year.

Subscriptions are treated as income in the year in which they are received.

Income from raising funds in relation to World Transplant Games and World Transplant Winter Games is recognised when entitlement has occurred.

c) EXPENDITURE

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Expenditure is recognised where there is a legal or constructive obligation to make payments to third parties, it is probable that the settlement will be required and the amount of the obligation can be measured reliably. It is categorised under the following headings:

- Expenditure on charitable activities includes the costs of all activities undertaken to further the purposes of the Charity and their associated support costs; and
- Other expenditure represents those items not falling into the categories above such as support costs and governance costs.

d) DEBTORS

Trade and other debtors are recognised at the settlement amount due. Prepayments are valued at the amount prepaid.

The notes form part of these financial statements.

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

e) CREDITORS AND PROVISIONS

Creditors and provisions are recognised where the Charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount.

f) STOCKS

Stocks comprise promotional goods and clothing and are stated at cost.

g) TANGIBLE FIXED ASSETS

Depreciation is provided on a straight line basis in order to write off the cost of each asset over its estimated useful economic life, as follows;

Office and computer equipment – 3 years

h) FINANCIAL INSTRUMENTS

The Charity only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

i) FUND ACCOUNTING

Unrestricted funds are available to spend on activities that further any of the purposes of the Charity.

When applicable, designated funds are unrestricted funds of the Charity which the Trustees have decided at their discretion to set aside to use for a specific purpose.

Restricted funds are amounts which have been specified for use for particular areas of the Charity's work or for specific projects being undertaken by the Charity.

j) GOING CONCERN

The Federation started and ended the year with a strong balance sheet and cash reserves. However, as with many organisations the Federation has been impacted by the global COVID 19 pandemic.

The Federation has reacted to these conditions by cancelling the WTG to be held in Houston in 2021, claiming small business grant support from Winchester City Council and appealing to and receiving additional funding from the IOC. The Trustees will continue to pursue these and other avenues of additional funding whilst remaining eligible to do so.

Accordingly, the Trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. Due to the healthy state of the Federation's financial reserves, the Trustees feel confident with the resulting projected financial position and believe that the budgeted net income and financial reserves will enable the Charity to continue as a going concern throughout and beyond COVID 19.

At the time of approving the accounts, the Trustees, therefore, have a reasonable expectation that the Federation has adequate resources to continue in operational existence for the foreseeable future. Thus the Trustees continue to adopt the going concern basis of accounting in preparing the Federation's financial statements.

k) TAX

The Charity meets the definition of a charitable company for UK corporation tax purposes.

The notes form part of these financial statements.

THE WORLD TRANSPLANT GAMES FEDERATION
(A COMPANY LIMITED BY GUARANTEE)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2021

l) FOREIGN CURRENCIES

Assets and liabilities denominated in foreign currencies, other than US Dollars, are translated into US Dollars at the exchange rates prevailing at the balance sheet date. Transactions in foreign currencies are translated into US Dollars at the rates of exchange ruling at the date of the transaction.

Exchange differences arising are taken into account in arriving at the net surplus/deficit in the year.

m) CRITICAL JUDGEMENTS

There are no significant areas of judgement or key assumptions and uncertainty that effect items in the financial statements with respect to the reporting year.

2. COMPARATIVE STATEMENT OF FINANCIAL ACTIVITIES

9. STAFF COSTS AND EMOLUMENTS (Continued)

No employees received employment benefits of more than £60,000.
The average number of employees was 2 (2019: 2).

The World Transplant Games Federation also relies on the contributions of unpaid volunteers, which are made up of Trustees, Member Associations (country representatives and team managers) and co-opted committee members. Trustees and co-opted committee members contribute through the dissemination of their time, expertise and knowledge. Certain committees have co-opted volunteers with specific skills such as legal, governance, researchers, medical doctors, business administrators, sports specialists, etc. to aid the charity in achieving best practise. Our member associations, through country representatives and team managers also fulfil a volunteer role in aiding with promoting our programs and overall objective to their local communities ensuring global outreach.

	<u>=====</u>	<u>=====</u>	<u>=====</u>	<u>==</u>	<u>=====</u>

The Fit for Life! Fund is to continue work and development of programmes aimed at elevating the importance of physical activity at all levels. It is allocated to initiatives which promote activity post-transplant, aid in rehabilitation in the areas of exercise, nutrition and mental well-being and includes Billion Steps Challenge Immucor Podcast Balance and virtual events, and contribute to work in the area of research, education and community engagement.

The Youth Programme is a project where transplanted young people are provided the opportunity for support, developing life skills and social interaction.
