## Surf Lifesaving Devon - Annual General Meeting Chair's Report 2025

### **Introduction:**

This year we had to alter our Annual Update to be in November due to a very crowded Calendar in the Spring of 2026.

### **Trustees:**

Currently Devon has the following trustees: Sarah Durrant, Jan Reid, Dave Manley, Annette Deasy and myself.

I feel that we do need to expand our Trustees as there is much work to do and to ensure a wider representation of clubs if possible.

To this end we welcome Keith Hoppins, from Exmouth and Jacqui Southam, from Woolacombe and hope in the near future to have further representatives from Sidmouth, Croyde and Bideford plus any other club.

Keith Gammon does represent SLS Devon as our Sports Representative and has made a difference as to how Devon has been instrumental to changes within this area. He has reported back at every meeting and is a valued member of our team.

### **Overview:**

It has been an amazing year for '*Sport Excellence*' in Devon with many clubs participating in both regional and national championships both Pool and Ocean and the advent of the following members being selected to represent Great Britain: Bob Whittaker and Kiren Gammon with David Miller as Reserve and Farli Abram as Youth Team Captain, Issy Holmes with Poppy Szymankiewicz as reserve. They earned many medals in the Ocean and certainly showed the wealth of talent that Devon has.

This was also played out in the SLSGB Nationals with our Devon Clubs putting on admirable performances in both the Pool and the Ocean. Congratulations to Woolacombe winning a triple in the Nippers, Youth and Open Ocean events. Devon is very proud of all our clubs and members who did enter the Nationals; they were extremely good and showed great promise.

Our members give up huge amounts of time in all aspects and we must thank James Szymankiewicz for his super Team Management for The Celtic Cup, which was held at Branscombe. We would like more of our Youth to join the Devon Youth Development Squad so that all clubs can be represented and then Devon may be able to field a full team. Grateful thanks to those that did travel; they showed great expertise in very tricky conditions and were a real credit to Devon and their clubs. We do have the depth within our clubs but we need more to participate please.

It is not only in Sport that we excel, club-members have also saved lives too. In the summer of 2025, Oscar, a young 14yr old lad from Saunton Sands Club, saved the life of a 60yr old board paddler and received National recognition and great accolade from the BBC. See the link below:

<https://www.bbc.co.uk/news/articles/c5yr6l24gnwo>

Another example of our versatility is the new example at Petroc; a newly affiliated educational establishment that has its own Surf Life Saving Academy. It is hoping to turn their youths' skill development, passion and ambition into a career in Life-Saving. I believe that this maybe a first to do so?

Saunton Club also hosted a fantastic Nipper Development Day which was a great event encompassing life-saving skills and lots of fun and games including dancing! They also organised our first twilight event which we hope to have many more over the next year. We wish to encourage and be inclusive of all levels of ability and ensure greater participation in sport and further development of life-saving skills. Devon also promoted the 70yrs+ Masters Age Group which has given greater depth of inclusion.

The trustees are currently working on how to ensure better coverage and greater depth across the region.

For example there was training in Event Management and Safety and ensuing better accreditation paperwork. Although James Figes, could not officiate at our Nippers, we are grateful for his work with Keith Hoppins on our event accreditation which was excellent.

Sadly, due to adverse weather and lack of time, the SLSGB IRB Championships had to be cancelled for 2025. Much thought, work and training has gone into ensuring expertise and competence in driving and crewing IRBs on our seas and we have more members trained and enjoying the delights of this Life-saving section.

A number of Saunton Club members have taken up IRBs and worked with Exmouth and Teignmouth gaining their awards plus given their time at our Regional and National Championships.

Officiating is an area of concern, plus also one of great sadness as this year we lost one of our much-loved officials, Don Duffield. He was very missed at our competitions both in Devon and across GB.

We have been fortunate to have a number who have stepped up and are on the new Officials Pathway and have already surpassed the Pool and Beach Level One. It is another direction and skill set which we Life-Savers can give to others.

Finally, to all those who work within our clubs and for our region to ensure the benefits of Surf Life Saving is given to members: whether it is coaching, admin, finance, safety, official, gear trailer, welfare, safeguarding, team-manager, committee member or supporter without **YOU** we could not exist so **THANK YOU.**

**We look forward to 2026.**

## **Surf Lifesaving Devon - Annual Report 2023**

### **Overview**

Surf Lifesaving Devon returning to its pre-covid operations and participation levels in 2023. This included:

- Supporting all Devon SLS clubs in developing the skills and qualifications of their volunteers.
- Running a full programme of events including pool and ocean competitions and management of a Devon SLS Team.
- Continued support for a Devon Flood Rescue emergency service.

### **Supporting Clubs**

2023 saw the organisation run its first annual Devon SLS club development day. This focused on understanding the needs of the county's network of clubs and in developing key skills and processes to improve the organisation, consistency and professionalism of events. Clubs responded well to the day and confirmed that an annual get together was something that should continue.

The organisation also financially supported the training of club officials in flood management, event management and Inshore Rescue Boat qualifications. This will also support the operation of Devon events as well as the ability of clubs to run their own activities.

### **Competition**

A full programme of events took place in 2023. With pool and ocean events held in all categories. Numbers of competitors were up from the previous year in all age groups. However, the number of Open competitors fell slightly and

this continues to be a category that struggles with numbers. Event fees were only increased incrementally to ensure, as much as possible, inclusivity.

Financially the pool events resulted in a small deficit, but the ocean events made a small surplus meaning overall the event programme remained roughly breakeven – maintaining the organisation's reserves.

The committee discussed the use of technology and the introduction of SLSGB's 'Liveheats' system and this was supported by all members - this will involve a significant financial commitment in 2024.

Devon SLS supported a Devon Team in the Celtic Cup (inter-regional and nations event held in Bude). The organisation funded Devon Kit for competitors in both Open and Youth Categories.

The organisation's Support for officials continued in 2023 through the funding of official's kit, introduction of an official's log book and more structured CDP development opportunities at events.

### **The organisation**

The committee continued to meet regularly throughout the year. There were no changes in the committee membership.

### **Finance (see finance report)**

## **Devon SLS 2022 Report -**

### **Overview**

Things now starting to get back to normal with club activities growing. Trustees working well to gather speed in getting the region moving.

### **Pool Events**

Great to be back in the pool following covid. Good pool events in the new pool at Barnstaple. Numbers growing,

### **Ocean Events**

The sports committee decided to have two events Nippers and a second event encompassing all other categories (Open, Youth, Masters). Due to limited dates (and favourable tides) the two events would happen on consecutive days one on south and one on north coast. While this is a lot of commitment from those officiating putting a lot of hours in over a condensed period, it did mean that all Devon events could be covered in one weekend limiting the disruption of two weekends for officials and possibly competitors and parents committed to different categories.

### **Nippers Devon Champs (Exmouth - 11<sup>th</sup> September)**

Competitors - 198 (2019 - 244) down 20% from last event but given the disruption we have had over the last 18mths this is a good sign for the future.

Feedback from all was positive a great introduction on flat water for new participants and for those who had been away from competition for nearly 18mths. Thanks for Exmouth Beach Rescue Club for hosting the event so well and providing boat cover.

### **Youth, Open and Masters (Saunton - 12<sup>th</sup> September)**

Competitors - 40 masters (2019?) / Youth - 78 (2019 104) / Open - 4! (2019 ~20)

The day ran well with the slightly reduced event programme (no double ski, tube rescue, board rescue, swim relay) finishing around 4.00pm. Medals for the youth only were presented.

Flood

Flood team still practice their skills but are yet to be deployed.

# **Devon SLS 2021 Sports Report - AGM report for 27<sup>th</sup> January 2022**

## **Overview**

Following all events being cancelled in 2019/20, due to Covid, 2021 provided an opportunity to run Ocean events with limited restrictions. With all competitors having missed nearly two years of competitive surf lifesaving events the focus was very much on participation and fun events. Because some Covid restrictions were still in place and concerns that running events in the core of the summer could be difficult with very busy beaches being anticipated the events were moved to September dates.

## **Pool Events**

Due to restrictions, lock downs and SLSGB Covid guidance no pool event took place in 2019 or 2021.

## **Ocean Events**

The sports committee decided to have two events Nippers and a second event encompassing all other categories (Open, Youth, Masters). Due to limited dates (and favourable tides) the two events would happen on consecutive days one on south and one on north coast. While this is a lot of commitment from those officiating putting a lot of hours in over a condensed period, it did mean that all Devon events could be covered in one weekend limiting the disruption of two weekends for officials and possibly competitors and parents committed to different categories.

## **Nippers Devon Champs (Exmouth - 11<sup>th</sup> September)**
