Unless we can increase our income, the school will have to curtail it's activities or find ways to make the feeding programme more sustainable.

Donations for the Back to Work Scheme came from one particular individual.
Investment policy and objectives including any social investment policy adopted	Para 1.46	None
A description of the principal risks facing the charity	Para 1.46	There are 3 main risks: Inflation in Uganda which was running at 30% and severely affected the buying power of monies sent; The success of the programme which increased the demand for school places and thus mouths to be fed;

		The effects of the recession in the UK which impacts the amount our donors are able to give.
