Harrison and Potter Trust

REPORT OF THE TRUSTEES

Year ended 31 December 2024

The Trustees present their annual report together with the financial statements for the year ended 31 December 2024.

The financial statements comply with the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice 2019 applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The objects of the CIO are two fold being the provision of almshouses and the relief of financial hardship. The CIO carries out these objects by:

- maintaining almshouse developments at Lovell Park Road and Raglan Road in Leeds.
- providing grants to organisations and to projects in Leeds which alleviate financial hardship, particularly in relation to housing.

The Trustees recognise their duties under the Charities Act 2011 and have referred to the Charity Commission's guidance on public benefit when reviewing the Charity's activities and compiling this report.

The activities described above, and explained in more detail in the following sections, are consistent with the CIO's values and aims which, in turn, derive from its charitable objects.

Almshouse policy

The almshouse operation aims to provide comfortable and well maintained accommodation in pleasant surroundings.

Accommodation at the almshouses comprise thirty two bedsits suitable for single occupancy and two 2 bedroomed flats at Lovell Park Road and eighteen houses/flats suitable for single occupancy or for couples at Raglan Road. To be eligible, applicants must be in financial hardship and resident in Leeds, although up to twenty persons can be appointed who are resident within a twenty mile radius of the Civic Hall in Leeds, the Town Hall in Wakefield and the Guild Hall in York.

The day to day management of the almshouses is handled by Karbon Homes, who report regularly to the Trustees. The weekly maintenance contribution paid by residents is set annually in accordance with national guidelines. The almshouse operation is largely self-funding.

Grant making policy

The CIO has established its grant making policy to achieve its objects for the public benefit, subject however to the geographical restraints imposed by the founding Scheme. Under the terms of the CIO's Scheme, the individuals supported by organisations must be resident in the City of Leeds.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2024

The Trustees invite applications from locally based charities with local projects aimed at either the prevention or alleviation of financial hardship. Projects include debt counselling, provision of housing and purchase of equipment. Grants are not made towards general running costs including salaries; nor can the charity commit to repeat grants.

ACHIEVEMENTS AND PERFORMANCE

The CIO has 2 principal aims:

1. The maintenance and provision of sheltered supported living units at Lovell Park and Raglan Road

These are available to anyone over 55 years of age who is in financial hardship and needing socially supported living.

Following the transfer of the operations of the two almshouses, Lovell Park and Raglan Road to the CIO the CIO seeks to maintain the standard of the almshouses following their refurbishment in 2010/11. The CIO has sought to maintain this good standard accommodation through focused input particularly drawing on the individual skills and knowledge of Trustees. The day to day review of the properties and the provision of the social support are provided by the Managing Agent 54 North Homes. Overall occupancy is high and voids are actively advertised by 54 North Homes.

2. Grant making to local Charities

These are made with surplus funds from investments that have not been required by the charity for the properties.

The Trustees have chosen to largely support a network of charities, unique to Leeds, who support the elderly population in the communities with particular emphasis on social isolation and hardship. They are endeavouring to improve quality independent life in their local communities. Grants are made for facilities, projects and activities, not for staffing and recurring costs. Grants to the total of £52,326 (2023: £46,636) were made in this financial year.

Investment performance

At the year-end the portfolio was valued at £4,966,551 generating a projected annual income of £131,647 or 2.65%.

On the advice of our investment managers, we continue to retain a slightly defensive posture on the Harrison & Potter portfolio by being modestly underweight equities, while continually looking for opportunities to present themselves.

Financial review

During the year the CIO continued to operate almshouses at Raglan Road and Lovell Park Road on a broadly self-funding basis and to make grants to individual residents and to local charitable organisation supporting those in financial need.

Net income for the year was £231,747 (2023: £231,803). Gain on investments for the year, included within the net income for the year, amounted to £264,017 (2023: £117,538).

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2024

Transfers of £63,261 (2023: £75,244), were made to designated reserves from the general fund in connection with the housing properties for cyclical maintenance and extraordinary repairs.

Reserves policy

The policy of the Trust is to maintain sufficient capital to enable the Trustees to carry out both the short term and long-term objectives of the charity.

The charity's restricted reserves consisted of the Permanent Endowment represented by the two Almshouses at Lovell Park and Raglan Road in Leeds. In the 2022 year, the permanent endowment on investments was lifted and the total funds were transferred to the unrestricted reserves. The permanent endowment on the Almshouse sites remains.

The Designated funds amounting to £626,699 at 31 December 2024 are in line with the guidance provided by the Almshouse Association "standards of management" and are considered by the Trustees to be at an appropriate level.

The charity's total reserves amount to £7,191,968 at 31 December 2024, with £6,891,043 held within the CIO. Within this the Trustees have considered the level of free reserves of the charity which amount to £1,386,665. Free reserves include cash held on short term deposit with the investment managers of £29,194. In setting the level of reserves the Trustees take into account the need to keep operating should the charity suffer a loss of income or should operations be disrupted. The Trustees also have regard to the likely cost of updating the properties and investing in fixed assets and to be able to withstand adverse events that can be reasonably foreseen. The Almshouses are likely to require additional capital expenditure going forward as the Almshouses become older.

Given all these considerations and the fact that the Trustees have designated funds of £626,699 for ad-hoc maintenance and extraordinary repairs, in addition to the free reserves, the Trustees are of the view that the level of free reserves are at an appropriate level to enable the CIO to meet its objectives and activities in the future.

Risk factors

The Trustees have assessed the major risks to which the CIO is exposed and are satisfied that systems are in place to mitigate exposure to the major risks.

The Trustees maintain a Risk Register which is discussed at the quarterly meetings of trustees and updated as necessary.

Value for Money

The Trust is committed to achieving Value for Money (VFM) and to focus on embedding good practice into the whole Trust. The trustees have adopted a Value for Money strategy which identifies the ambitions of the trust to move towards a transformational approach to VFM.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2024

VFM Metrics	2024	2023
1 – Reinvestment percentage (New investment in properties as a percentage of total properties held)	0%	0%
2A – New supply delivered (percentage) (New social housing units developed as a percentage of social housing units held)	N/A	N/A
2B – New supply delivered (non-social housing units) (Non-social housing units developed as a percentage of total housing units owned)	N/A	N/A
3 – Gearing percentage (Loans less cash as a % of the value of housing properties)	N/A	N/A
4 – EBITDA MRI interest cover percentage	N/A	N/A
5 – Headline social housing cost per unit (Social housing costs excluding depreciation divided by social housing units owned)	£9,336	£5,843
6A – Operating margin (Operating surplus as a percentage of turnover from social housing lettings)	-40%	-1%
6B – Operating margin overall (Operating surplus as a percentage of turnover)	-40%	-1%
7- Return on capital employed (ROCE) percentage (Operating surplus as a % of total assets less current liabilities)	-2%	0%

VFM has been defined as the relationship between economy, efficiency and effectiveness. VFM is high when there is an optimum balance between all three: relatively low cost, high productivity and successful outcomes. VFM is about running a viable social business and looking to continually improve it.

VFM activities have the following objectives at all levels and functions within the Trust.

- To embed the VFM strategy and continuous improvement in the organisation's culture
- To adopt further good practice in relation to VFM, reducing risk of exposure to financial and material waste.

PLANS FOR THE FUTURE

The Charity plans to continue the activities outlined above and no material change is anticipated in the way the almshouse operation is managed in the next financial year. The Charity intends to continue to make grants as part of its charitable activities during 2025 at a similar level.

The trustees are conscious that the accommodation provided to residents is in need of significant modernisation in the long term. During the year the trustees appointed architects and a development manager to oversee a project to redevelop the Lovell Park site. The Trust made a planning application

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2024

to Leeds City Council on 27 January 2025, seeking to redevelop the Lovell Park site with a block of 92 new flats, to be occupied as almshouses.

STRUCTURE, GOVERNANCE AND MANAGEMENT

The Harrison and Potter Trust is a charitable incorporated organisation constituted under a Scheme of the Charity Commission dated 24 August 2018 and is a Registered Charity, number 1179665. The CIO succeeded to the charitable activities of Harrison and Potter by way of a transfer of assets on 31 December 2019 from Harrison and Potter Trust, which is a Registered Charity, number 1179665-1.

The linked Charity, Harrison and Potter Trust Charity Number 1179665-1, is registered with Homes and Communities Agency A1920.

The body of Trustees comprises a maximum of eleven persons; minimum of four persons. Mrs G M Cartwright retired as a trustee on 31st December and Mrs S M Higgs retired as a trustee on 11th February 2025. The Trust hopes to be in a position to appoint three new Trustees at the AGM.

Other than the original trustees appointed on 24 August 2018, new trustees are appointed for a term of 3 years, after which period, they may put themselves forward for reappointment. The Trustees meet quarterly in February, May, August and November and at the February meeting elect a Chairman for the forthcoming year.

The meetings in May and November focus primarily on financial and investment matters including annual accounts, budgets for the almshouse operations, investment performance and funding available for grants. The almshouse operation and welfare and needs of the residents of the almshouses are reviewed with the managing agents at the quarterly meetings.

To assist the day to day administration of the CIO, there is a finance and investments sub-committee. In addition, individual Trustees liaise with the managing agents regarding welfare or property matters throughout the year.

A special capital projects sub-committee has been set up by the Trustees to oversee the proposed development project.

All Trustees give of their time freely and no Trustee remuneration is paid. Trustees are appointed by a resolution of the existing Trustees passed at a special meeting.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO THE AUDITOR

The Trustees who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditor is unaware. Each of the Trustees has confirmed that they have taken all the steps that they ought to have taken as Trustees in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2024

STATEMENT OF THE RESPONSIBILITIES OF THE TRUSTEES

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Charity law, in England and Wales, requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP (FRS102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES

Year ended 31 December 2024

Opinion

We have audited the financial statements of Harrison and Potter Trust for the year ended 31 December 2024 which comprise the Statement of Financial Activities, Balance Sheet, Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2024 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2024

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 7, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditors under the Charities Act 2011 and report in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2024

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud are detailed below.

Identifying and assessing risks related to irregularities:

We assessed the susceptibility of the charity's financial statements to material misstatement and how fraud might occur, including through discussions with the trustees, discussions within our audit team planning meeting, updating our record of internal controls and ensuring these controls operated as intended. We evaluated possible incentives and opportunities for fraudulent manipulation of the financial statements. We identified laws and regulations that are of significance in the context of the charity by discussions with trustees and updating our understanding of the sector in which the charity operates.

Laws and regulations of direct significance in the context of the charity include the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and guidance issued by the Charity Commission for England and Wales.

Audit response to risks identified:

We considered the extent of compliance with these laws and regulations as part of our audit procedures on the related financial statement items including a review of financial statement disclosures. We reviewed the charity's records of breaches of laws and regulations, minutes of meetings and correspondence with relevant authorities to identify potential material misstatements arising. We discussed the charity's policies and procedures for compliance with laws and regulations with members of management responsible for compliance.

During the planning meeting with the audit team, the engagement partner drew attention to the key areas which might involve non-compliance with laws and regulations or fraud. We enquired of management whether they were aware of any instances of non-compliance with laws and regulations or knowledge of any actual, suspected or alleged fraud. We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and identifying any significant transactions that were unusual or outside the normal course of business. We assessed whether judgements made in making accounting estimates gave rise to a possible indication of management bias. At the completion stage of the audit, the engagement partner's review included ensuring that the team had approached their work with appropriate professional scepticism and thus the capacity to identify non-compliance with laws and regulations and fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2024

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2024

1 ACCOUNTING POLICIES

BASIS OF ACCOUNTING

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of investments and investment properties, in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable in the UK and Republic of Ireland (FRS 102) (2019) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

Harrison and Potter Trust (CIO) meet the definition of a public benefit entity under FRS 102.

On 31 December 2019, all of the assets of Harrison and Potter Trust were transferred into Harrison and Potter Trust (CIO) with the exception of the Almshouses, which are permanently endowed and remain in Harrison and Potter (unincorporated). This transfer was accounted for under the merger accounting method and the comparative amounts have been presented on the same basis in accordance with the Charities SORP (FRS102).

In 2020 Harrison and Potter CIO and Harrison and Potter (unincorporated) became linked charities. This has been accounted for under the branch accounting method in accordance with the Charities SORP (FRS 102). For more details see note 21.

GOING CONCERN

The financial statements have been prepared on a going concern basis. The Trustees have considered how the Trust will meet the challenges presented by the current economic climate. They have carried out a detailed review of the Trust's resources including the adequacy of working capital for the next twelve months. The Trustees are satisfied that the Trust has sufficient cash flows to meet its liabilities as they fall due for at least one year from the date of approval of these financial statements.

SOCIAL HOUSING GRANT

Social Housing Grant (SHG) is paid by the Housing Corporation to reduce the cost of development and is recognised as income on receipt and completion of the project to which it relates. SHG is repayable under certain circumstances, primarily following the sale of a property but will normally be restricted to net proceeds of sale.

A Social Housing Grant of £675,042 was received in connection to the refurbishment of Raglan Road and was recognised in unrestricted reserves. Should a triggering event occur, this amount would be repayable by Harrison and Potter Trust (unincorporated) (a linked charity, charity number: 1179665-1). The Trustees have obtained confirmation from Homes England that the transfer of almshouse operations to Harrison and Potter Trust CIO was not a triggering event subject to Harrison and Potter Trust (unincorporated) (charity number: 1179665-1) remaining a Registered Provider.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2024

1 ACCOUNTING POLICIES (continued)

FIXED ASSETS – HOUSING PROPERTIES

Housing properties are stated at cost which includes the following:

- (i) cost of acquiring land and buildings:
- (ii) development expenditure.

Works to existing properties are works which result in an increase in the net rental income, such as a reduction in the future maintenance costs, or result in a significant extension of the useful economic life of the property in the Trust. Only the direct overhead costs associated with these improvements are capitalised.

Within the other debtor balance in the accounts there is an amount held in relation to development costs that are yet to be capitalised. These are to be included within the tangible fixed asset balance once development has started.

FIXED ASSETS – OTHER

Other tangible fixed assets are stated at cost with the exception of property held for investment purposes.

DEPRECIATION

- (i) Housing properties
Housing properties are depreciated at a rate of 2% per annum on cost. The depreciation on the 2 almshouse properties is charged to restricted funds. Land is not depreciated.
- (ii) Investment properties
Investment properties are not depreciated.
- (iii) Other fixed assets
Depreciation is provided on the following bases:
Heating systems – 6.67% per annum on cost.
Other fixtures & fittings – 15% per annum on cost.

INVESTMENT PROPERTIES

Investment properties are stated at their estimated value on an open market basis at the balance sheet date. Valuations are updated annually by the Trustees and every third year by independent Chartered Surveyors on an open market basis.

No depreciation is provided in respect of freehold investment properties or on leasehold investment properties where the unexpired lease term exceeds 20 years.

Details of the current value and historical cost information for investment properties are given in note 12.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2024

1 ACCOUNTING POLICIES (continued)

INVESTMENTS

Investments are stated at market value.

Purchases and sales of investments are dealt with by reference to the date of contract. When a contract has been entered into during the year but settlement does not take place until after the end of the year an amount is included in the balance sheet under either creditors or debtors as appropriate.

COIF FUNDS IN CURRENT INVESTMENTS

COIF funds are included within current investments as they are a cash deposit with a maturity date of less than one year which is held for investment purposes rather than to meet short term cash commitments as they fall due.

EXTRAORDINARY REPAIR FUND

The Extraordinary Repair Fund is a designated fund held pursuant to the Trustees' reserves policy. The Fund is maintained by annual transfer out of the CIO's income and used to cover items of extraordinary repair.

CYCLICAL MAINTENANCE FUND

The Cyclical Maintenance Fund is a designated fund held pursuant to the Trustees' reserves policy, used for providing for items of ordinary maintenance and repair of the almshouses which recur at infrequent intervals.

RESTRICTED FUNDS

These are funds that can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when the funds are raised for particular restricted purposes.

INCOME

Income represents income from social housing lettings, investment income and surpluses on disposal of investments. Credit is taken for social housing letting income as it falls due. Investment income is credited to the income and expenditure account on a receivable basis.

APPORTIONMENT OF MANAGEMENT EXPENSES

Direct employee, administration and operating costs have been apportioned to relevant sections of the income and expenditure account on the basis of actual expenditure. Finance and administration costs are further apportioned on the basis of estimated time spent on each activity.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2024

1 ACCOUNTING POLICIES (continued)

GRANTS PAYABLE

Grants payable are recognised at the point at which they are approved and the recipient is notified. Where the Trust has agreed to make a grant payment in the future to a specific recipient this is accrued as expenditure.

TAXATION

For taxation purposes the Trust has charity status and accordingly is exempt from tax on its investment and rental income and on its capital gains.

VALUE ADDED TAX

The Trust is not registered for Value Added Tax and expenditure is shown inclusive of VAT in these financial statements.

FINANCIAL INSTRUMENTS

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measure at their settlement value.

DEBTORS

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepared net of any trade discounts due.

CREDITORS AND PROVISIONS

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

OPERATING LEASE COMMITMENTS

Rentals payable under operating leases, where substantially all the risks and rewards of ownership remain with the lessor, are charged to the statement of financial activities in the year in which they fall due.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2024

1 ACCOUNTING POLICIES (continued)

CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised whether the revisions affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Total funds	6,960,221	600,620	(632,890)	264,017	-	7,191,968

During the year transfers from the general fund were made to the designated funds of £63,261 (2023: £75,244) in order to fund future repairs and maintenance at the almshouses.

The designated extraordinary repair fund is used for any future extraordinary repair, improvement or rebuilding of the almshouses.

The designated cyclical maintenance fund is used for the ordinary maintenance and repair of the almshouses. This fund is to be utilised over the short term and in 2024, £35,574 of void repairs expenditure (2023: £4,908) has been allocated to the fund.

Pursuant to the Scheme effective 31 December 2019, Harrison and Potter Trust (unincorporated charity) cannot hold expendable property free to use without restriction and therefore the restricted fund represents the carrying value of the almshouses which belong to Harrison and Potter Trust (unincorporated charity) a linked charity. For more detail see note 21. The restricted expenditure above represents the depreciation charge on the two almshouse properties in 2024.

As detailed in note 22 the investments are split between various funds.

21 Linked Charity

On 31 December 2019 all assets with the exception of the two almshouses were transferred from Harrison and Potter Trust (unincorporated) to Harrison and Potter Trust (CIO). The two almshouse sites at Lovell Park and Raglan Road continue to be held in the linked charity as Permanent Endowment. In 2020, on the basis of the charities having the same Trustees, the charities became linked. The funds of Harrison and Potter Trust (unincorporated) are shown separately within the fund note as permanently endowed almshouses.

Harrison and Potter Trust

REPORT OF THE TRUSTEES

Year ended 31 December 2023

The Trustees present their annual report together with the financial statements for the year ended 31 December 2023.

The financial statements comply with the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice 2019 applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The objects of the CIO are two fold being the provision of almshouses and the relief of financial hardship. The CIO carries out these objects by:

- maintaining almshouse developments at Lovell Park Road and Raglan Road in Leeds.
- providing grants to organisations and to projects in Leeds which alleviate financial hardship, particularly in relation to housing.

The Trustees recognise their duties under the Charities Act 2011 and have referred to the Charity Commission's guidance on public benefit when reviewing the Charity's activities and compiling this report.

The activities described above, and explained in more detail in the following sections, are consistent with the CIO's values and aims which, in turn, derive from its charitable objects.

Almshouse policy

The almshouse operation aims to provide comfortable and well maintained accommodation in pleasant surroundings.

Accommodation at the almshouses comprise thirty two bedsits suitable for single occupancy and two 2 bedroomed flats at Lovell Park Road and eighteen houses/flats suitable for single occupancy or for couples at Raglan Road. To be eligible, applicants must be in financial hardship and resident in Leeds, although up to twenty persons can be appointed who are resident within a twenty mile radius of the Civic Hall in Leeds, the Town Hall in Wakefield and the Guild Hall in York.

The day to day management of the almshouses is handled by 54 North Homes, who report regularly to the Trustees. The weekly maintenance contribution paid by residents is set annually in accordance with national guidelines. The almshouse operation is largely self-funding.

Grant making policy

The CIO has established its grant making policy to achieve its objects for the public benefit, subject however to the geographical restraints imposed by the founding Scheme. Under the terms of the CIO's Scheme, the individuals supported by organisations must be resident in the City of Leeds.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2023

The Trustees invite applications from locally based charities with local projects aimed at either the prevention or alleviation of financial hardship. Projects include debt counselling, provision of housing and purchase of equipment. Grants are not made towards general running costs including salaries; nor can the charity commit to repeat grants.

ACHIEVEMENTS AND PERFORMANCE

The CIO has 2 principal aims:

1. The maintenance and provision of sheltered supported living units at Lovell Park and Raglan Road

These are available to anyone over 55 years of age who is in financial hardship and needing socially supported living.

Following the transfer of the operations of the two almshouses, Lovell Park and Raglan Road to the CIO the CIO seeks to maintain the standard of the almshouses following their refurbishment in 2010/11. The CIO has sought to maintain this good standard accommodation through focused input particularly drawing on the individual skills and knowledge of Trustees. The day to day review of the properties and the provision of the social support are provided by the Managing Agent 54 North Homes. Overall occupancy is high and voids are actively advertised by 54 North Homes.

2. Grant making to local Charities

These are made with surplus funds from investments that have not been required by the charity for the properties.

The Trustees have chosen to largely support a network of charities, unique to Leeds, who support the elderly population in the communities with particular emphasis on social isolation and hardship. They are endeavouring to improve quality independent life in their local communities. Grants are made for facilities, projects and activities, not for staffing and recurring costs. Grants to the total of £46,636 (2022: £39,457) were made in this financial year.

Investment performance

At the year-end the portfolio was valued at £4,690,333 generating a projected annual income of £134,758 or 2.85%. The last quarter of 2023 saw high positive returns from all benchmark asset classes, and this has been reflected in a positive performance on the portfolio. Over this short period the portfolio posted a pleasing total return of 5.1% which, is impressive in absolute terms but is also good in relative terms, beating the benchmark return of 4.68%. In the main, it has been a good year for the portfolio's returns as investments revalue into a new interest and inflation environment.

Political events in Ukraine and Israel continue to dominate headlines and although both are humanitarian disasters they are, so far, contained, and localised events. As it stands, unless tensions spread, these macro events do not seem to be adding to inflation concerns through oil prices.

On the advice of our investment managers, we continue to retain a slightly defensive posture on the Harrison & Potter portfolio by being modestly underweight equities, while continually looking for opportunities to present themselves.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2023

Financial review

During the year the CIO continued to operate almshouses at Raglan Road and Lovell Park Road on a broadly self-funding basis and to make grants to individual residents and to local charitable organisation supporting those in financial need.

Net income for the year was £231,803 (2022: net expenditure of £822,868). Gain on investments for the year, included within the net income for the year, amounted to £117,538 (2022: Loss on investments £585,045).

A detailed survey was carried out on the sites at Lovell Park and Raglan Road in 2021. This highlighted the need for major repair and maintenance expenses at both sites. This resulted in unusually high repair and maintenance expenditure in the 2022 year of £372,406.

Transfers of £75,244 (2022: £69,628), were made to designated reserves from the general fund in connection with the housing properties for cyclical maintenance and extraordinary repairs.

Reserves policy

The policy of the Trust is to maintain sufficient capital to enable the Trustees to carry out both the short term and long-term objectives of the charity.

The charity's restricted reserves consisted of the Permanent Endowment represented by the two Almshouses at Lovell Park and Raglan Road in Leeds. In the prior year the permanent endowment on investments was lifted and the total funds were transferred to the unrestricted reserves. The permanent endowment on the Almshouse sites remains.

The Designated funds amounting to £585,990 at 31 December 2023 are in line with the guidance provided by the Almshouse Association "standards of management" and are considered by the Trustees to be at an appropriate level.

The group's total reserves amount to £6,960,221 at 31 December 2023, with £6,642,104 held within the CIO. Within this the Trustees have considered the level of free reserves of the charity which amount to £1,381,961. Free reserves include cash held on short term deposit with the investment managers of £56,242. In setting the level of reserves the Trustees take into account the need to keep operating should the charity suffer a loss of income or should operations be disrupted in determining the level of unrestricted funds. The Trustees also have regard to the likely cost of updating the properties and investing in fixed assets and to be able to withstand adverse events that can be reasonably foreseen. The Almshouses are likely to require additional capital expenditure going forward as the Almshouses become older.

Given all these considerations and the fact that the Trustees have designated funds of £585,990 for ad-hoc maintenance and extraordinary repairs, in addition to the free reserves, the Trustees are of the view that the level of free reserves are at an appropriate level to enable the CIO to meet its objectives and activities in the future.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2023

Risk factors

The Trustees have assessed the major risks to which the CIO is exposed and are satisfied that systems are in place to mitigate exposure to the major risks.

The Trustees maintain a Risk Register which is discussed at the quarterly meetings of trustees and updated as necessary.

Value for Money

The Trust is committed to achieving Value for Money (VFM) and to focus on embedding good practice into the whole Trust. The trustees have adopted a Value for Money strategy which identifies the ambitions of the trust to move towards a transformational approach to VFM.

VFM has been defined as the relationship between economy, efficiency and effectiveness. VFM is high when there is an optimum balance between all three: relatively low cost, high productivity and successful outcomes. VFM is about running a viable social business and looking to continually improve it.

VFM activities have the following objectives at all levels and functions within the Trust.

- To embed the VFM strategy and continuous improvement in the organisation's culture
- To adopt further good practice in relation to VFM, reducing risk of exposure to financial and material waste.

3 – Gearing percentage (Loans less cash as a % of the value of housing properties)	N/A	N/A
4 – EBITDA MRI interest cover percentage	N/A	N/A
5 – Headline social housing cost per unit (Social housing costs excluding depreciation divided by social housing units owned)	£5,843	£11,629
6A – Operating margin (Operating surplus as a percentage of turnover from social housing lettings)	-1%	-93%
6B – Operating margin overall (Operating surplus as a percentage of turnover)	-1%	-62%
7- Return on capital employed (ROCE) percentage (Operating surplus as a % of total assets less current liabilities)	0%	-5%

PLANS FOR THE FUTURE

The Charity plans to continue the activities outlined above and no material change is anticipated in the way the almshouse operation is managed in the next financial year. The Charity intends to continue to make grants as part of its charitable activities during 2024 at a similar level.

The trustees are conscious that the accommodation provided to residents is in need of significant modernisation in the long term. Trustees are exploring all options, including redevelopment of existing sites or building new accommodation. Since the year end, discussions have continued with consultants specialising in almshouse development and funding. It is the intention of the Trustees to proceed with a planning application relating to one of the sites during the current year.

STRUCTURE, GOVERNANCE AND MANAGEMENT

The Harrison and Potter Trust is a charitable incorporated organisation constituted under a Scheme of the Charity Commission dated 24 August 2018 and is a Registered Charity, number 1179665. The CIO succeeded to the charitable activities of Harrison and Potter by way of a transfer of assets on 31 December 2019 from Harrison and Potter Trust, which is a Registered Charity, number 1179665-1.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2023

The linked Charity, Harrison and Potter Trust Charity Number 1179665-1, is registered with Homes and Communities Agency A1920.

The body of Trustees comprises a maximum of eleven persons; minimum of four persons.

Other than the original trustees appointed on 24 August 2018, new trustees are appointed for a term of 3 years, after which period, they may put themselves forward for reappointment. The Trustees meet quarterly in February, May, August and November and at the February meeting elect a Chairman for the forthcoming year.

The meetings in May and November focus primarily on financial and investment matters including annual accounts, budgets for the almshouse operations, investment performance and funding available for grants. The almshouse operation and welfare and needs of the residents of the almshouses are reviewed with the managing agents at the quarterly meetings.

To assist the day to day administration of the CIO, there is a finance and investments sub-committee. In addition, individual Trustees liaise with the managing agents regarding welfare or property matters throughout the year.

A special capital projects sub-committee has been set up by the Trustees to oversee the proposed development project.

All Trustees give of their time freely and no Trustee remuneration is paid. Trustees are appointed by a resolution of the existing Trustees passed at a special meeting.

On 16th July 2021 the trustees entered into a new almshouse management agreement with 54 North Homes. This agreement sets out in detail the management services to be provided by 54 North Homes in relation to the almshouses, key performance measures, delegation levels and management reporting mechanisms. The agreement is subject to review on an annual basis.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO THE AUDITOR

The Trustees who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditor is unaware. Each of the Trustees has confirmed that they have taken all the steps that they ought to have taken as Trustees in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)
Year ended 31 December 2023

STATEMENT OF THE RESPONSIBILITIES OF THE TRUSTEES

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

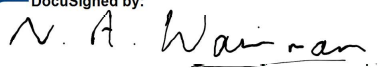

Charity law, in England and Wales, requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP (FRS102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES

Year ended 31 December 2023

Opinion

We have audited the financial statements of Harrison and Potter Trust for the year ended 31 December 2023 which comprise the Statement of Financial Activities, Balance Sheet, Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2023 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2023

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 8, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditors under the Charities Act 2011 and report in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)
Year ended 31 December 2023

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud are detailed below.

Identifying and assessing risks related to irregularities:

We assessed the susceptibility of the charity's financial statements to material misstatement and how fraud might occur, including through discussions with the trustees, discussions within our audit team planning meeting, updating our record of internal controls and ensuring these controls operated as intended. We evaluated possible incentives and opportunities for fraudulent manipulation of the financial statements. We identified laws and regulations that are of significance in the context of the charity by discussions with trustees and updating our understanding of the sector in which the charity operates.

Laws and regulations of direct significance in the context of the charity include the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and guidance issued by the Charity Commission for England and Wales.

Audit response to risks identified:

We considered the extent of compliance with these laws and regulations as part of our audit procedures on the related financial statement items including a review of financial statement disclosures. We reviewed the charity's records of breaches of laws and regulations, minutes of meetings and correspondence with relevant authorities to identify potential material misstatements arising. We discussed the charity's policies and procedures for compliance with laws and regulations with members of management responsible for compliance.

During the planning meeting with the audit team, the engagement partner drew attention to the key areas which might involve non-compliance with laws and regulations or fraud. We enquired of management whether they were aware of any instances of non-compliance with laws and regulations or knowledge of any actual, suspected or alleged fraud. We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and identifying any significant transactions that were unusual or outside the normal course of business. We assessed whether judgements made in making accounting estimates gave rise to a possible indication of management bias. At the completion stage of the audit, the engagement partner's review included ensuring that the team had approached their work with appropriate professional scepticism and thus the capacity to identify non-compliance with laws and regulations and fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2023

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2023

1 ACCOUNTING POLICIES

BASIS OF ACCOUNTING

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of investments and investment properties, in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable in the UK and Republic of Ireland (FRS 102) (2019) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

Harrison and Potter Trust (CIO) meet the definition of a public benefit entity under FRS 102.

On 31 December 2019, all of the assets of Harrison and Potter Trust were transferred into Harrison and Potter Trust (CIO) with the exception of the Almshouses, which are permanently endowed and remain in Harrison and Potter (unincorporated). This transfer was accounted for under the merger accounting method and the comparative amounts have been presented on the same basis in accordance with the Charities SORP (FRS102).

In 2020 Harrison and Potter CIO and Harrison and Potter (unincorporated) became linked charities. This has been accounted for under the branch accounting method in accordance with the Charities SORP (FRS 102). For more details see note 21.

GOING CONCERN

The financial statements have been prepared on a going concern basis. The Trustees have considered how the Trust will meet the challenges presented by the current economic climate. They have carried out a detailed review of the Trust's resources including the adequacy of working capital for the next twelve months. The Trustees are satisfied that the Trust has sufficient cash flows to meet its liabilities as they fall due for at least one year from the date of approval of these financial statements.

SOCIAL HOUSING GRANT

Social Housing Grant (SHG) is paid by the Housing Corporation to reduce the cost of development and is recognised as income on receipt and completion of the project to which it relates. SHG is repayable under certain circumstances, primarily following the sale of a property but will normally be restricted to net proceeds of sale.

A Social Housing Grant of £675,042 was received in connection to the refurbishment of Raglan Road and was recognised in unrestricted reserves. Should a triggering event occur, this amount would be repayable by Harrison and Potter Trust (unincorporated) (a linked charity, charity number: 1179665-1). The Trustees have obtained confirmation from Homes England that the transfer of almshouse operations to Harrison and Potter Trust CIO was not a triggering event subject to Harrison and Potter Trust (unincorporated) (charity number: 1179665-1) remaining a Registered Provider.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2023

1 ACCOUNTING POLICIES (continued)

FIXED ASSETS – HOUSING PROPERTIES

Housing properties are stated at cost which includes the following:

- (i) cost of acquiring land and buildings:
- (ii) development expenditure.

Works to existing properties are works which result in an increase in the net rental income, such as a reduction in the future maintenance costs, or result in a significant extension of the useful economic life of the property in the Trust. Only the direct overhead costs associated with these improvements are capitalised.

FIXED ASSETS – OTHER

Other tangible fixed assets are stated at cost with the exception of property held for investment purposes.

DEPRECIATION

- (i) Housing properties
Housing properties are depreciated at a rate of 2% per annum on cost. The depreciation on the 2 almshouse properties is charged to restricted funds. Land is not depreciated.
- (ii) Investment properties
Investment properties are not depreciated.
- (iii) Other fixed assets
Depreciation is provided on the following bases:
Heating systems – 6.67% per annum on cost.
Other fixtures & fittings – 15% per annum on cost.

INVESTMENT PROPERTIES

Investment properties are stated at their estimated value on an open market basis at the balance sheet date. Valuations are updated annually by the Trustees and every third year by independent Chartered Surveyors on an open market basis.

No depreciation is provided in respect of freehold investment properties or on leasehold investment properties where the unexpired lease term exceeds 20 years.

Details of the current value and historical cost information for investment properties are given in note 12.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2023

1 ACCOUNTING POLICIES (continued)

INVESTMENTS

Investments are stated at market value.

Purchases and sales of investments are dealt with by reference to the date of contract. When a contract has been entered into during the year but settlement does not take place until after the end of the year an amount is included in the balance sheet under either creditors or debtors as appropriate.

COIF FUNDS IN CURRENT INVESTMENTS

COIF funds are included within current investments as they are a cash deposit with a maturity date of less than one year which is held for investment purposes rather than to meet short term cash commitments as they fall due.

EXTRAORDINARY REPAIR FUND

The Extraordinary Repair Fund is a designated fund held pursuant to the Trustees' reserves policy. The Fund is maintained by annual transfer out of the CIO's income and used to cover items of extraordinary repair.

CYCLICAL MAINTENANCE FUND

The Cyclical Maintenance Fund is a designated fund held pursuant to the Trustees' reserves policy, used for providing for items of ordinary maintenance and repair of the almshouses which recur at infrequent intervals.

RESTRICTED FUNDS

These are funds that can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when the funds are raised for particular restricted purposes.

INCOME

Income represents income from social housing lettings, investment income and surpluses on disposal of investments. Credit is taken for social housing letting income as it falls due. Investment income is credited to the income and expenditure account on a receivable basis.

APPORTIONMENT OF MANAGEMENT EXPENSES

Direct employee, administration and operating costs have been apportioned to relevant sections of the income and expenditure account on the basis of actual expenditure. Finance and administration costs are further apportioned on the basis of estimated time spent on each activity.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2023

1 ACCOUNTING POLICIES (continued)

GRANTS PAYABLE

Grants payable are recognised at the point at which they are approved and the recipient is notified. Where the Trust has agreed to make a grant payment in the future to a specific recipient this is accrued as expenditure.

TAXATION

For taxation purposes the Trust has charity status and accordingly is exempt from tax on its investment and rental income and on its capital gains.

VALUE ADDED TAX

The Trust is not registered for Value Added Tax and expenditure is shown inclusive of VAT in these financial statements.

FINANCIAL INSTRUMENTS

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measure at their settlement value.

DEBTORS

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepared net of any trade discounts due.

CREDITORS AND PROVISIONS

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

OPERATING LEASE COMMITMENTS

Rentals payable under operating leases, where substantially all the risks and rewards of ownership remain with the lessor, are charged to the statement of financial activities in the year in which they fall due.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)
Year ended 31 December 2023

1 ACCOUNTING POLICIES (continued)

CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised whether the revisions affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Total funds	6,728,418	556,069	(441,804)	117,538	-	6,960,221

During the year transfers from the general fund were made to the designated funds of £75,244 (£69,628 in 2022, £28,548 to the extraordinary repair fund and £46,696 to the cyclical maintenance fund) in order to fund future repairs and maintenance at the almshouses.

The designated extraordinary repair fund is used for any future extraordinary repair, improvement or rebuilding of the almshouses.

The designated cyclical maintenance fund is used for the ordinary maintenance and repair of the almshouses. This fund is to be utilised over the short term and in 2023, £4,908 of void repairs expenditure (2022: £13,066) has been allocated to the fund.

Pursuant to the Scheme effective 31 December 2019, Harrison and Potter Trust (unincorporated charity) cannot hold expendable property free to use without restriction and therefore the restricted fund represents the carrying value of the almshouses which belong to Harrison and Potter Trust (unincorporated charity) a linked charity. For more detail see note 21. The restricted expenditure above represents the depreciation charge on the two almshouse properties in 2023.

As detailed in note 22 the investments are split between various funds.

21 Linked Charity

On 31 December 2019 all assets with the exception of the two almshouses were transferred from Harrison and Potter Trust (unincorporated) to Harrison and Potter Trust (CIO). The two almshouse sites at Lovell Park and Raglan Road continue to be held in the linked charity as Permanent Endowment. In 2020, on the basis of the charities having the same Trustees, the charities became linked. The funds of Harrison and Potter Trust (unincorporated) are shown separately within the fund note as permanently endowed almshouses.

Harrison and Potter Trust

REPORT OF THE TRUSTEES

Year ended 31 December 2022

The Trustees present their annual report together with the financial statements for the year ended 31 December 2022.

The financial statements comply with the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice 2019 applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The objects of the CIO are two fold being the provision of almshouses and the relief of financial hardship. The CIO carries out these objects by:

- maintaining almshouse developments at Lovell Park Road and Raglan Road in Leeds.
- providing grants to organisations and to projects in Leeds which alleviate financial hardship, particularly in relation to housing.

The Trustees recognise their duties under the Charities Act 2011 and have referred to the Charity Commission's guidance on public benefit when reviewing the Charity's activities and compiling this report.

The activities described above, and explained in more detail in the following sections, are consistent with the CIO's values and aims which, in turn, derive from its charitable objects.

Almshouse policy

The almshouse operation aims to provide comfortable and well maintained accommodation in pleasant surroundings.

Accommodation at the almshouses comprise thirty two bedsits suitable for single occupancy and two 2 bedroomed flats at Lovell Park Road and eighteen houses/flats suitable for single occupancy or for couples at Raglan Road. To be eligible, applicants must be in financial hardship and resident in Leeds, although up to twenty persons can be appointed who are resident within a twenty mile radius of the Civic Hall in Leeds, the Town Hall in Wakefield and the Guild Hall in York.

The day to day management of the almshouses is handled by 54 North Homes, who report regularly to the Trustees. The weekly maintenance contribution paid by residents is set annually in accordance with national guidelines. The almshouse operation is largely self-funding.

Grant making policy

The CIO has established its grant making policy to achieve its objects for the public benefit, subject however to the geographical restraints imposed by the founding Scheme. Under the terms of the CIO's Scheme, the individuals supported by organisations must be resident in the City of Leeds.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2022

The Trustees invite applications from locally based charities with local projects aimed at either the prevention or alleviation of financial hardship. Projects include debt counselling, provision of housing and purchase of equipment. Grants are not made towards general running costs including salaries; nor can the charity commit to repeat grants.

ACHIEVEMENTS AND PERFORMANCE

The CIO has 2 principal aims:

1. The maintenance and provision of sheltered supported living units at Lovell Park and Raglan Road

These are available to anyone over 55 years of age who is in financial hardship and needing socially supported living.

Following the transfer of the operations of the two almshouses, Lovell Park and Raglan Road to the CIO the CIO seeks to maintain the standard of the almshouses following their refurbishment in 2010/11. The CIO has sought to maintain this good standard accommodation through focused input particularly drawing on the individual skills and knowledge of Trustees. The day to day review of the properties and the provision of the social support are provided by the Managing Agent 54 North Homes. Overall occupancy is high and voids are actively advertised by 54 North Homes.

2. Grant making to local Charities

These are made with surplus funds from investments that have not been required by the charity for the properties.

The Trustees have chosen to largely support a network of charities, unique to Leeds, who support the elderly population in the communities with particular emphasis on social isolation and hardship. They are endeavouring to improve quality independent life in their local communities. Grants are made for facilities, projects and activities, not for staffing and recurring costs. Grants to the total of £39,457 (2021: £40,857) were made in this financial year.

Investment performance

During 2022 equity indices closed at their highest level on the first trading day of the year and suffered a series of declines before finding some sort of floor in October. November delivered a second consecutive month of gains for balanced investors. And whereas the positive correlation between equities and bonds had been a decline for the first nine months of the year, it changed to more of a tailwind with both assets gaining ground. This was evidenced within the portfolio which fell 11.3% up to the end of September but managed to regain some of the loss with an increase of 3.8% from October to December.

As we look closer at the portfolio, the initial fall in performance can be attributed to a number of equities underperforming during the first nine months of the year. River and Mercantile (-45.9%), Axa UK Mid Cap (-31.5%), Franklin Templeton UK Mid Cap (-30.7%) and Prudential (-29.9%) are several which struggled during 2022 but returned 16.3%, 9.9%, 12.7% and 26.4% respectively in the final quarter of the year.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2022

Bond yields continued to fall towards the end of the year. At its worst in October, the Bloomberg Global Aggregate Index (which accounts for the whole investment grade market), was down more than 25% from its peak at the beginning of 2021 and down almost 22% during 2022. A respectable recovery of 9% still leaves us moving in the right direction.

Fixed Interest holdings followed a similar pattern to equities. Royal London Sterling Credit fell 22.3% and then returned 5.1% as an example.

The persistence of higher inflation was the defining factor of the past year, disruption from the Covid pandemic was a culprit, with supply chains thrown into disarray, but that should eventually normalise. Another driver of optimism arose is the expectations of a broader re-opening of the Chinese economy within the next few months are rising. Therefore, the plan is to continue to increase equity risk in portfolios rather than reduce it at this stage in the cycle.

Financial review

During the year the CIO continued to operate almshouses at Raglan Road and Lovell Park Road on a broadly self-funding basis and to make grants to individual residents and to local charitable organisation supporting those in financial need.

Net expenditure for the year was £822,868 (2021: net income £538,420). Loss on investments for the year, included within the net expenditure for the year, amounted to £585,045 (2021: gains of £585,116).

A detailed survey was carried out on the sites at Lovell Park and Raglan Road in the prior year. This highlighted the need for major repair and maintenance expenses at both sites. This resulted in unusually high repair and maintenance expenditure in the year of £372,406 (2021: £132,999).

Transfers of £69,628 (2021: £69,628), were made to designated reserves from the general fund in connection with the housing properties for cyclical maintenance and extraordinary repairs.

Reserves policy

The policy of the Trust is to maintain sufficient capital to enable the Trustees to carry out both the short term and long-term objectives of the charity.

The charity's restricted reserves consisted of the Permanent Endowment represented by the two Almshouses at Lovell Park and Raglan Road in Leeds. In the prior year the permanent endowment on investments was lifted and the total funds were transferred to the unrestricted reserves. The permanent endowment on the Almshouse sites remains.

The Designated funds amounting to £505,700 at 31 December 2022 are in line with the guidance provided by the Almshouse Association "standards of management" and are considered by the Trustees to be at an appropriate level.

The group's total reserves amount to £6,728,418 at 31 December 2022, with £6,393,109 held within the CIO. Within this the Trustees have considered the level of free reserves of the charity which amount to £1,385,844. Free reserves include cash held on short term deposit with the investment managers of £238,756. In setting the level of reserves the Trustees take into account the need to keep

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2022

operating should the charity suffer a loss of income or should operations be disrupted in determining the level of unrestricted funds. The Trustees also have regard to the likely cost of updating the properties and investing in fixed assets and to be able to withstand adverse events that can be reasonably foreseen. The Almhouses are likely to require additional capital expenditure going forward as the Almhouses become older.

Given all these considerations and the fact that the Trustees have designated funds of £505,700 for ad-hoc maintenance and extraordinary repairs, in addition to the free reserves, the Trustees are of the view that the level of free reserves are at an appropriate level to enable the CIO to meet its objectives and activities in the future.

Risk factors

The Trustees have assessed the major risks to which the CIO is exposed and are satisfied that systems are in place to mitigate exposure to the major risks.

The Trustees maintain a Risk Register which is discussed at the quarterly meetings of trustees and updated as necessary.

Value for Money

The Trust is committed to achieving Value for Money (VFM) and to focus on embedding good practice into the whole Trust. The trustees have adopted a Value for Money strategy which identifies the ambitions of the trust to move towards a transformational approach to VFM.

VFM has been defined as the relationship between economy, efficiency and effectiveness. VFM is high when there is an optimum balance between all three: relatively low cost, high productivity and successful outcomes. VFM is about running a viable social business and looking to continually improve it.

VFM activities have the following objectives at all levels and functions within the Trust.

- To embed the VFM strategy and continuous improvement in the organisation's culture
- To adopt further good practice in relation to VFM, reducing risk of exposure to financial and material waste.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2022

VFM Metrics	2022	2021
1 – Reinvestment percentage (New investment in properties as a percentage of total properties held)	0%	7.6%
2A – New supply delivered (percentage) (New social housing units developed as a percentage of social housing units held)	N/A	N/A
2B – New supply delivered (non-social housing units) (Non-social housing units developed as a percentage of total housing units owned)	N/A	N/A
3 – Gearing percentage (Loans less cash as a % of the value of housing properties)	N/A	N/A
4 – EBITDA MRI interest cover percentage	N/A	N/A
5 – Headline social housing cost per unit (Social housing costs excluding depreciation divided by social housing units owned)	£11,618	£7,491
6A – Operating margin (Operating surplus as a percentage of turnover from social housing lettings)	-93%	-31%
6B – Operating margin overall (Operating surplus as a percentage of turnover)	-62%	-22%
7- Return on capital employed (ROCE) percentage (Operating surplus as a % of total assets less current liabilities)	-5%	-1%

PLANS FOR THE FUTURE

The Charity plans to continue the activities outlined above and no material change is anticipated in the way the almshouse operation is managed in the next financial year. The Charity intends to continue to make grants as part of its charitable activities during 2023 at a similar level.

The Charity has continued to look into options regarding the Lovell Park site. Currently, the Trustees are working with architects as to ways in which the site could be redeveloped in a way that would provide additional units. In addition, the Trustees will be considering adoption of modern construction methods to ensure low energy use and the provision of facilities appropriate to the aims of the Charity.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2022

STRUCTURE, GOVERNANCE AND MANAGEMENT

The Harrison and Potter Trust is a charitable incorporated organisation constituted under a Scheme of the Charity Commission dated 24 August 2018 and is a Registered Charity, number 1179665. The CIO succeeded to the charitable activities of Harrison and Potter by way of a transfer of assets on 31 December 2019 from Harrison and Potter Trust, which is a Registered Charity, number 1179665-1.

The linked Charity, Harrison and Potter Trust Charity Number 1179665-1, is registered with Homes and Communities Agency A1920.

The CIO Harrison and Potter Trust Charity Number 1179665 is not registered with Homes and Communities Agency. It is the intention of the Trustees to apply for registration of the CIO as soon as is practicable.

The body of Trustees comprises a maximum of eleven persons; minimum of four persons.

Other than the original trustees appointed on 24 August 2018, new trustees are appointed for a term of 3 years, after which period, they may put themselves forward for reappointment. The Trustees meet quarterly in February, May, August and November and at the February meeting elect a Chairman for the forthcoming year.

The meetings in May and November focus primarily on financial and investment matters including annual accounts, budgets for the almshouse operations, investment performance and funding available for grants. The almshouse operation and welfare and needs of the residents of the almshouses are reviewed with the managing agents at the quarterly meetings.

To assist the day to day administration of the CIO, there is a finance and investments sub-committee. In addition, individual Trustees liaise with the managing agents regarding welfare or property matters throughout the year.

All Trustees give of their time freely and no Trustee remuneration is paid. Trustees are appointed by a resolution of the existing Trustees passed at a special meeting.

On 16th July 2021 the trustees entered into a new almshouse management agreement with 54 North Homes. This supersedes the previous agreement entered into on 22nd May 2014. This agreement sets out in detail the management services to be provided by 54 North Homes in relation to the almshouses, key performance measures, delegation levels and management reporting mechanisms. The agreement is subject to review on an annual basis.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO THE AUDITOR

The Trustees who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditor is unaware. Each of the Trustees has confirmed that they have taken all the steps that they ought to have taken as Trustees in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2022

STATEMENT OF THE RESPONSIBILITIES OF THE TRUSTEES

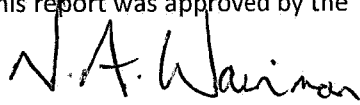

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Charity law, in England and Wales, requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

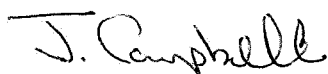

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP (FRS102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES

Year ended 31 December 2022

Opinion

We have audited the financial statements of Harrison and Potter Trust for the year ended 31 December 2022 which comprise the Statement of Financial Activities, Balance Sheet, Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2022 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2022

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 8, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditors under the Charities Act 2011 and report in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2022

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud are detailed below.

Identifying and assessing risks related to irregularities:

We assessed the susceptibility of the charity's financial statements to material misstatement and how fraud might occur, including through discussions with the trustees, discussions within our audit team planning meeting, updating our record of internal controls and ensuring these controls operated as intended. We evaluated possible incentives and opportunities for fraudulent manipulation of the financial statements. We identified laws and regulations that are of significance in the context of the charity by discussions with trustees and updating our understanding of the sector in which the charity operates.

Laws and regulations of direct significance in the context of the charity include the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and guidance issued by the Charity Commission for England and Wales.

Audit response to risks identified:

We considered the extent of compliance with these laws and regulations as part of our audit procedures on the related financial statement items including a review of financial statement disclosures. We reviewed the charity's records of breaches of laws and regulations, minutes of meetings and correspondence with relevant authorities to identify potential material misstatements arising. We discussed the charity's policies and procedures for compliance with laws and regulations with members of management responsible for compliance.

During the planning meeting with the audit team, the engagement partner drew attention to the key areas which might involve non-compliance with laws and regulations or fraud. We enquired of management whether they were aware of any instances of non-compliance with laws and regulations or knowledge of any actual, suspected or alleged fraud. We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and identifying any significant transactions that were unusual or outside the normal course of business. We assessed whether judgements made in making accounting estimates gave rise to a possible indication of management bias. At the completion stage of the audit, the engagement partner's review included ensuring that the team had approached their work with appropriate professional scepticism and thus the capacity to identify non-compliance with laws and regulations and fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2022

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2022

1 ACCOUNTING POLICIES

BASIS OF ACCOUNTING

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of investments and investment properties, in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable in the UK and Republic of Ireland (FRS 102) (2019) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

Harrison and Potter Trust (CIO) meet the definition of a public benefit entity under FRS 102.

On 31 December 2019, all of the assets of Harrison and Potter Trust were transferred into Harrison and Potter Trust (CIO) with the exception of the Almshouses, which are permanently endowed and remain in Harrison and Potter (unincorporated). This transfer was accounted for under the merger accounting method and the comparative amounts have been presented on the same basis in accordance with the Charities SORP (FRS102).

In 2020 Harrison and Potter CIO and Harrison and Potter (unincorporated) became linked charities. This has been accounted for under the branch accounting method in accordance with the Charities SORP (FRS 102). For more details see note 21.

GOING CONCERN

The financial statements have been prepared on a going concern basis. The Trustees have considered how the Trust will meet the challenges presented by the current economic climate. They have carried out a detailed review of the Trust's resources including the adequacy of working capital for the next twelve months. The Trustees are satisfied that the Trust has sufficient cash flows to meet its liabilities as they fall due for at least one year from the date of approval of these financial statements.

SOCIAL HOUSING GRANT

Social Housing Grant (SHG) is paid by the Housing Corporation to reduce the cost of development and is recognised as income on receipt and completion of the project to which it relates. SHG is repayable under certain circumstances, primarily following the sale of a property but will normally be restricted to net proceeds of sale.

A Social Housing Grant of £675,042 was received in connection to the refurbishment of Raglan Road and was recognised in unrestricted reserves. Should a triggering event occur, this amount would be repayable by Harrison and Potter Trust (unincorporated) (a linked charity, charity number: 1179665-1). The Trustees have obtained confirmation from Homes England that the transfer of almshouse operations to Harrison and Potter Trust CIO was not a triggering event subject to Harrison and Potter Trust (unincorporated) (charity number: 1179665-1) remaining a Registered Provider.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2022

1 ACCOUNTING POLICIES (continued)

FIXED ASSETS – HOUSING PROPERTIES

Housing properties are stated at cost which includes the following:

- (i) cost of acquiring land and buildings:
- (ii) development expenditure.

Works to existing properties are works which result in an increase in the net rental income, such as a reduction in the future maintenance costs, or result in a significant extension of the useful economic life of the property in the Trust. Only the direct overhead costs associated with these improvements are capitalised.

FIXED ASSETS – OTHER

Other tangible fixed assets are stated at cost with the exception of property held for investment purposes.

DEPRECIATION

- (i) **Housing properties**
Housing properties are depreciated at a rate of 2% per annum on cost. The depreciation on the 2 almshouse properties is charged to restricted funds. Land is not depreciated.
- (ii) **Investment properties**
Investment properties are not depreciated.
- (iii) **Other fixed assets**
Depreciation is provided on the following bases:
Heating systems – 6.67% per annum on cost.
Other fixtures & fittings – 15% per annum on cost.

INVESTMENT PROPERTIES

Investment properties are stated at their estimated value on an open market basis at the balance sheet date. Valuations are updated annually by the Trustees and every third year by independent Chartered Surveyors on an open market basis.

No depreciation is provided in respect of freehold investment properties or on leasehold investment properties where the unexpired lease term exceeds 20 years.

Details of the current value and historical cost information for investment properties are given in note 12.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2022

1 ACCOUNTING POLICIES (continued)

INVESTMENTS

Investments are stated at market value.

Purchases and sales of investments are dealt with by reference to the date of contract. When a contract has been entered into during the year but settlement does not take place until after the end of the year an amount is included in the balance sheet under either creditors or debtors as appropriate.

COIF FUNDS IN CURRENT INVESTMENTS

COIF funds are included within current investments as they are a cash deposit with a maturity date of less than one year which is held for investment purposes rather than to meet short term cash commitments as they fall due.

EXTRAORDINARY REPAIR FUND

The Extraordinary Repair Fund is a designated fund held pursuant to the Trustees' reserves policy. The Fund is maintained by annual transfer out of the CIO's income and used to cover items of extraordinary repair.

CYCLICAL MAINTENANCE FUND

The Cyclical Maintenance Fund is a designated fund held pursuant to the Trustees' reserves policy, used for providing for items of ordinary maintenance and repair of the almshouses which recur at infrequent intervals.

RESTRICTED FUNDS

These are funds that can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when the funds are raised for particular restricted purposes.

INCOME

Income represents income from social housing lettings, investment income and surpluses on disposal of investments. Credit is taken for social housing letting income as it falls due. Investment income is credited to the income and expenditure account on a receivable basis.

APPORTIONMENT OF MANAGEMENT EXPENSES

Direct employee, administration and operating costs have been apportioned to relevant sections of the income and expenditure account on the basis of actual expenditure. Finance and administration costs are further apportioned on the basis of estimated time spent on each activity.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2022

1 ACCOUNTING POLICIES (continued)

GRANTS PAYABLE

Grants payable are recognised at the point at which they are approved and the recipient is notified. Where the Trust has agreed to make a grant payment in the future to a specific recipient this is accrued as expenditure.

TAXATION

For taxation purposes the Trust has charity status and accordingly is exempt from tax on its investment and rental income and on its capital gains.

VALUE ADDED TAX

The Trust is not registered for Value Added Tax and expenditure is shown inclusive of VAT in these financial statements.

FINANCIAL INSTRUMENTS

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measure at their settlement value.

DEBTORS

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepared net of any trade discounts due.

CREDITORS AND PROVISIONS

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

OPERATING LEASE COMMITMENTS

Rentals payable under operating leases, where substantially all the risks and rewards of ownership remain with the lessor, are charged to the statement of financial activities in the year in which they fall due.

Harrison and Potter Trust
 NOTES ON THE ACCOUNTS (continued)
 Year ended 31 December 2022

1 ACCOUNTING POLICIES (continued)

CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised whether the revisions affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

The Trustees policy for payment of purchase invoices is one month between receipt and payment (2021: one month).

17 Transfer of assets

In 2019, a transfer of net assets totalling £6,673,018 was made from Harrison and Potter Trust (unincorporated) to Harrison and Potter Trust (CIO). This transfer was accounted for under the merger accounting method and the comparative amounts are prepared as if the assets had always been held by the CIO.

General fund	6,093,413	511,423	(422,857)	(564,477)	(69,628)	5,547,874
Revaluation reserve	339,535	-	-	-	-	339,535
Designated extraordinary repair fund	508,504	3,869	(300,000)	(20,568)	26,416	218,221
Designated cyclical maintenance fund	257,333	-	(13,066)	-	43,212	287,479
Total designated funds	765,837	3,869	(313,066)	(20,568)	69,628	505,700
Total unrestricted funds	7,198,785	515,292	(735,923)	(585,045)	-	6,393,109
Permanently endowed almshouses	352,501	-	(17,192)	-	-	335,309
Total restricted funds	352,501	-	(17,192)	-	-	335,309
Total funds	7,551,286	515,292	(753,115)	(585,045)	-	6,728,418

During the year transfers from the general fund were made to the designated funds of £69,628 (£26,416 to the extraordinary repair fund and £43,212 to the cyclical maintenance fund) in order to fund future repairs and maintenance at the almshouses.

The designated extraordinary repair fund is used for any future extraordinary repair, improvement or rebuilding of the almshouses. Due to the significant repairs in year the trustees agreed to utilise the fund for £300,000 of repairs. The income is interest on the COIF Deposit apportioned based on the brought forward value of the fund.

The designated cyclical maintenance fund is used for the ordinary maintenance and repair of the almshouses. This fund is to be utilised over the short term and in 2022, £13,066 of void repairs expenditure (2021: £17,531) has been allocated to the fund. In 2021, £25,681 of day to day repairs were also added to this fund.

Pursuant to the Scheme effective 31 December 2019, Harrison and Potter Trust (unincorporated charity) cannot hold expendable property free to use without restriction and therefore the restricted fund represents the carrying value of the almshouses which belong to Harrison and Potter Trust (unincorporated charity) a linked charity. For more detail see note 21. The restricted expenditure above represents the depreciation charge on the two almshouse properties in 2022.

As detailed in note 22 the investments are split between various funds.

21 Linked Charity

On 31 December 2019 all assets with the exception of the two almshouses were transferred from Harrison and Potter Trust (unincorporated) to Harrison and Potter Trust (CIO). The two almshouse sites at Lovell Park and Raglan Road continue to be held in the linked charity as Permanent Endowment. In 2020, on the basis of the charities having the same Trustees, the charities became linked. The funds of Harrison and Potter Trust (unincorporated) are shown separately within the fund note as permanently endowed almshouses.

Investments

The investments are split between different funds as follows:

Capital accounts

Capital Account – This is unrestricted

Special Range - This is unrestricted, and the investment units were sold in the year. This has subsequently been invested within the Current Assets Investment Charities Official Investment Fund Deposit, see note 15.

Income accounts

Extraordinary Repair Fund - Within the year the trustees sold the investment units within the Extraordinary Repair Fund. This has subsequently been invested within the Current Assets Investment Charities Official Investment Fund Deposit, see note 15. Subject to further consideration of suitable investments by the trustees, the funds will be reinvested within a fixed asset investment account in line with the Almshouse Investment Guidance.

The fund is designated in that although it can be spent, it must be spent on "extraordinary repair".

Harrison and Potter Trust

REPORT OF THE TRUSTEES

Year ended 31 December 2021

The Trustees present their annual report together with the financial statements for the year ended 31 December 2021.

The financial statements comply with the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice 2019 applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The objects of the CIO are two fold being the provision of almshouses and the relief of financial hardship. The CIO carries out these objects by:

- maintaining almshouse developments at Lovell Park Road and Raglan Road in Leeds.
- providing grants to organisations and to projects in Leeds which alleviate financial hardship, particularly in relation to housing.

The Trustees recognise their duties under the Charities Act 2011 and have referred to the Charity Commission's guidance on public benefit when reviewing the Charity's activities and compiling this report.

The activities described above, and explained in more detail in the following sections, are consistent with the CIO's values and aims which, in turn, derive from its charitable objects.

Almshouse policy

The almshouse operation aims to provide comfortable and well maintained accommodation in pleasant surroundings.

Accommodation at the almshouses comprise thirty two bedsits suitable for single occupancy and two 2 bedroomed flats at Lovell Park Road and eighteen houses/flats suitable for single occupancy or for couples at Raglan Road. To be eligible, applicants must be in financial hardship and resident in Leeds, although up to twenty persons can be appointed who are resident within a twenty mile radius of the Civic Hall in Leeds, the Town Hall in Wakefield and the Guild Hall in York.

The day to day management of the almshouses is handled by Leeds and Yorkshire Housing Association who report regularly to the Trustees. The weekly maintenance contribution paid by residents is set annually in accordance with national guidelines. The almshouse operation is largely self-funding.

Grant making policy

The CIO has established its grant making policy to achieve its objects for the public benefit, subject however to the geographical restraints imposed by the founding Scheme. Under the terms of the CIO's Scheme, the individuals supported by organisations must be resident in the City of Leeds.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2021

The Trustees invite applications from locally based charities with local projects aimed at either the prevention or alleviation of financial hardship. Projects include debt counselling, provision of housing and purchase of equipment. Grants are not made towards general running costs including salaries; nor can the charity commit to repeat grants.

ACHIEVEMENTS AND PERFORMANCE

The CIO has 2 principal aims:

1. The maintenance and provision of sheltered supported living units at Lovell Park and Raglan Road

These are available to anyone over 55 years of age who is in financial hardship and needing socially supported living.

Following the transfer of the operations of the two almshouses, Lovell Park and Raglan Road to the CIO the CIO seeks to maintain the standard of the almshouses following their refurbishment in 2010/11. The CIO has sought to maintain this good standard accommodation through focused input particularly drawing on the individual skills and knowledge of Trustees. The day to day review of the properties and the provision of the social support are provided by the Managing Agent Leeds and Yorkshire Housing Association (LYHA). Overall occupancy is high and voids are actively advertised by LYHA.

2. Grant making to local Charities

These are made with surplus funds from investments that have not been required by the charity for the properties.

The Trustees have chosen to largely support a network of charities, unique to Leeds, who support the elderly population in the communities with particular emphasis on social isolation and hardship. They are endeavouring to improve quality independent life in their local communities. Grants are made for facilities, projects and activities, not for staffing and recurring costs. Grants to the total of £40,857 (2020: £30,825) were made in this financial year.

Investment performance

As we continued through the pandemic in 2021, markets were still somewhat turbulent but were on the road to a recovery. China, with its zero-tolerance approach to Covid-19, was the first major economy to return to its pre-pandemic growth trajectory at the turn of last year. The UK arranged post-brexit trading agreements with the EU and as the country quickly moved out of a second lockdown, things appeared to be looking up, however although the market was positive for 2021, it has not stood out greatly from other developed markets. Similar in US markets, there was a solid performance for 2021 but it was a steady year in comparison to the rest of the world.

The trust portfolio produced a solid return of 13.1% for 2021 which was slightly ahead of the benchmark which returned 11.9%. Positive returns within our Fixed Interest holdings and Alternatives which outperformed their benchmark have helped performance and we are slightly ahead of the benchmark within UK equities and Property holdings. Unfortunately, our overseas equities have been affected by the pandemic and its effects in different parts of the world so we are slightly behind the benchmark in this area.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2021

Overall the portfolio has seen a positive return for 2021 and given that there are no major markets that have shown above average returns for the year, being ahead of the targeted benchmark can be seen as a forward step during a very turbulent and unpredictable 12 months.

Financial review

During the year the CIO continued to operate almshouses at Raglan Road and Lovell Park Road on a broadly self-funding basis and to make grants to individual residents and to local charitable organisation supporting those in financial need.

Net income for the year was £538,420 (2020: net expenditure of £47,036). Gains on investments for the year, included within the net expenditure for the year, amounted to £585,116 (2020: losses of £110,503).

A detailed survey was carried out on the sites at Lovell Park and Raglan Road. This highlighted the need for major repair and maintenance expenses at both sites. This resulted in unusually high repair and maintenance expenditure in the year of £132,999. A further £386,000 of repair and maintenance expenditure is budgeted for 2022.

Transfers of £69,628 (2020: £69,628), were made to designated reserves from the general fund in connection with the housing properties for cyclical maintenance and extraordinary repairs.

Reserves policy

The policy of the Trust is to maintain sufficient capital to enable the Trustees to carry out both the short term and long-term objectives of the charity.

The charity's restricted reserves consisted of the Permanent Endowment represented by the two Almshouses at Lovell Park and Raglan Road in Leeds. In the prior year the permanent endowment on investments was lifted and the total funds were transferred to the unrestricted reserves. The permanent endowment on the Almshouse sites remains.

The Designated funds amounting to £765,837 at 31 December 2021 are in line with the guidance provided by the Almshouse Association "standards of management" and are considered by the Trustees to be at an appropriate level.

The group's total reserves amount to £7,551,286 at 31 December 2021, with £7,198,785 held within the CIO. Within this the Trustees have considered the level of free reserves of the charity which amount to £959,691. Free reserves include cash held on short term deposit with the investment managers of £294,675. In setting the level of reserves the Trustees take into account the need to keep operating should the charity suffer a loss of income or should operations be disrupted in determining the level of unrestricted funds. The Trustees also have regard to the likely cost of updating the properties and investing in fixed assets and to be able to withstand adverse events that can be reasonably foreseen. The Almshouses are likely to require additional capital expenditure going forward as the Almshouses become older.

Given all these considerations and the fact that the Trustees have designated funds of £765,837 for ad-hoc maintenance and extraordinary repairs, in addition to the free reserves, the Trustees are of

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)
Year ended 31 December 2021

the view that the level of free reserves are at an appropriate level to enable the CIO to meet its objectives and activities in the future.

Risk factors

The Trustees have assessed the major risks to which the CIO is exposed and are satisfied that systems are in place to mitigate exposure to the major risks.

The Trustees maintain a Risk Register which is discussed at the quarterly meetings of trustees and updated as necessary.

Value for Money

The Trust is committed to achieving Value for Money (VFM) and to focus on embedding good practice into the whole Trust. The trustees have adopted a Value for Money strategy which identifies the ambitions of the trust to move towards a transformational approach to VFM.

VFM has been defined as the relationship between economy, efficiency and effectiveness. VFM is high when there is an optimum balance between all three: relatively low cost, high productivity and successful outcomes. VFM is about running a viable social business and looking to continually improve it.

VFM activities have the following objectives at all levels and functions within the Trust.

- To embed the VFM strategy and continuous improvement in the organisation's culture
- To adopt further good practice in relation to VFM, reducing risk of exposure to financial and material waste.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2021

VFM Metrics	2021	2020
1 – Reinvestment percentage (New investment in properties as a percentage of total properties held)	7.6%	6.2%
2A – New supply delivered (percentage) (New social housing units developed as a percentage of social housing units held)	N/A	N/A
2B – New supply delivered (non-social housing units) (Non-social housing units developed as a percentage of total housing units owned)	N/A	N/A
3 – Gearing percentage (Loans less cash as a % of the value of housing properties)	N/A	N/A
4 – EBITDA MRI interest cover percentage	N/A	N/A
5 – Headline social housing cost per unit (Social housing costs excluding depreciation divided by social housing units owned)	£7,491	£6,662
6A – Operating margin (Operating surplus as a percentage of turnover from social housing lettings)	-31%	-15%
6B – Operating margin overall (Operating surplus as a percentage of turnover)	-22%	-10%
7- Return on capital employed (ROCE) percentage (Operating surplus as a % of total assets less current liabilities)	-1%	-1%

PLANS FOR THE FUTURE

The Charity plans to continue the activities outlined above and no material change is anticipated in the way the almshouse operation is managed in the next financial year. The Charity intends to continue to make grants as part of its charitable activities during 2022 at a similar level.

The trustees are conscious that the accommodation provided to residents is in need of significant modernisation in the long term. Trustees intend to explore all options, including redevelopment of existing sites or building new accommodation on new sites. Since the year end, preliminary discussions have been opened with consultants specialising in almshouse development and funding.

STRUCTURE, GOVERNANCE AND MANAGEMENT

The Harrison and Potter Trust is a charitable incorporated organisation constituted under a Scheme of the Charity Commission dated 24 August 2018 and is a Registered Charity, number 1179665. The CIO succeeded to the charitable activities of Harrison and Potter by way of a transfer of assets on 31 December 2019 from Harrison and Potter Trust, which is a Registered Charity, number 1179665-1.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2021

The linked Charity, Harrison and Potter Trust Charity Number 1179665-1, is registered with Homes and Communities Agency A1920.

The CIO Harrison and Potter Trust Charity Number 1179665 is not registered with Homes and Communities Agency. It is the intention of the Trustees to apply for registration of the CIO as soon as is practicable.

The body of Trustees comprises a maximum of eleven persons; minimum of four persons.

Other than the original trustees appointed on 24 August 2018, new trustees are appointed for a term of 3 years, after which period, they may put themselves forward for reappointment. The Trustees meet quarterly in February, May, August and November and at the February meeting elect a Chairman for the forthcoming year.

The meetings in May and November focus primarily on financial and investment matters including annual accounts, budgets for the almshouse operations, investment performance and funding available for grants. The almshouse operation and welfare and needs of the residents of the almshouses are reviewed with the managing agents at the quarterly meetings.

To assist the day to day administration of the CIO, there is a finance and investments sub-committee. In addition, individual Trustees liaise with the managing agents regarding welfare or property matters throughout the year.

All Trustees give of their time freely and no Trustee remuneration is paid. Trustees are appointed by a resolution of the existing Trustees passed at a special meeting.

On 16th July 2021 the trustees entered into a new almshouse management agreement with Leeds & Yorkshire Housing Association. This supersedes the previous agreement entered into on 22nd May 2014. This agreement sets out in detail the management services to be provided by LYHA in relation to the almshouses, key performance measures, delegation levels and management reporting mechanisms. The agreement is subject to review on an annual basis and the first such review took place in March 2022.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO THE AUDITOR

The Trustees who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditor is unaware. Each of the Trustees has confirmed that they have taken all the steps that they ought to have taken as Trustees in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

Harrison and Potter Trust

REPORT OF THE TRUSTEES *(Continued)*

Year ended 31 December 2021

STATEMENT OF THE RESPONSIBILITIES OF THE TRUSTEES

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Charity law, in England and Wales, requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

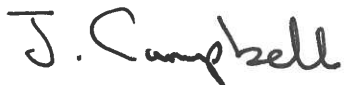

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP (FRS102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report was approved by the Trustees on 22 June 2022

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES

Year ended 31 December 2021

Opinion

We have audited the financial statements of Harrison and Potter Trust for the year ended 31 December 2021 which comprise the Statement of Financial Activities, Balance Sheet, Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2021 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2021

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 8, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditors under the Charities Act 2011 and report in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2021

respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud are detailed below.

Identifying and assessing risks related to irregularities:

We assessed the susceptibility of the charity's financial statements to material misstatement and how fraud might occur, including through discussions with the trustees, discussions within our audit team planning meeting, updating our record of internal controls and ensuring these controls operated as intended. We evaluated possible incentives and opportunities for fraudulent manipulation of the financial statements. We identified laws and regulations that are of significance in the context of the charity by discussions with trustees and updating our understanding of the sector in which the charity operates.

Laws and regulations of direct significance in the context of the charity include the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and guidance issued by the Charity Commission for England and Wales.

Audit response to risks identified:

We considered the extent of compliance with these laws and regulations as part of our audit procedures on the related financial statement items including a review of financial statement disclosures. We reviewed the charity's records of breaches of laws and regulations, minutes of meetings and correspondence with relevant authorities to identify potential material misstatements arising. We discussed the charity's policies and procedures for compliance with laws and regulations with members of management responsible for compliance.

During the planning meeting with the audit team, the engagement partner drew attention to the key areas which might involve non-compliance with laws and regulations or fraud. We enquired of management whether they were aware of any instances of non-compliance with laws and regulations or knowledge of any actual, suspected or alleged fraud. We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and identifying any significant transactions that were unusual or outside the normal course of business. We assessed whether judgements made in making accounting estimates gave rise to a possible indication of management bias. At the completion stage of the audit, the engagement partner's review included ensuring that the team had approached their work with appropriate professional scepticism and thus the capacity to identify non-compliance with laws and regulations and fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2021

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)
Year ended 31 December 2021

1 ACCOUNTING POLICIES

BASIS OF ACCOUNTING

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of investments and investment properties, in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable in the UK and Republic of Ireland (FRS 102) (2019) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

Harrison and Potter Trust (CIO) meet the definition of a public benefit entity under FRS 102.

On 31 December 2019, all of the assets of Harrison and Potter Trust were transferred into Harrison and Potter Trust (CIO) with the exception of the Almshouses, which are permanently endowed and remain in Harrison and Potter (unincorporated). This transfer was accounted for under the merger accounting method and the comparative amounts have been presented on the same basis in accordance with the Charities SORP (FRS102).

In 2020 Harrison and Potter CIO and Harrison and Potter (unincorporated) became linked charities. This has been accounted for under the branch accounting method in accordance with the Charities SORP (FRS 102). For more details see note 21.

GOING CONCERN

The financial statements have been prepared on a going concern basis. The Trustees have considered how the Trust will meet the challenges presented by the current economic climate. They have carried out a detailed review of the Trust's resources including the adequacy of working capital for the next twelve months. The Trustees are satisfied that the Trust has sufficient cash flows to meet its liabilities as they fall due for at least one year from the date of approval of these financial statements.

SOCIAL HOUSING GRANT

Social Housing Grant (SHG) is paid by the Housing Corporation to reduce the cost of development and is recognised as income on receipt and completion of the project to which it relates. SHG is repayable under certain circumstances, primarily following the sale of a property but will normally be restricted to net proceeds of sale.

A Social Housing Grant of £675,042 was received in connection to the refurbishment of Raglan Road and was recognised in unrestricted reserves. Should a triggering event occur, this amount would be repayable by Harrison and Potter Trust (unincorporated) (a linked charity, charity number: 1179665-1). The Trustees have obtained confirmation from Homes England that the transfer of almshouse operations to Harrison and Potter Trust CIO was not a triggering event subject to Harrison and Potter Trust (unincorporated) (charity number: 1179665-1) remaining a Registered Provider.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)
Year ended 31 December 2021

1 ACCOUNTING POLICIES (continued)

FIXED ASSETS – HOUSING PROPERTIES

Housing properties are stated at cost which includes the following:

- (i) cost of acquiring land and buildings:
- (ii) development expenditure.

Works to existing properties are works which result in an increase in the net rental income, such as a reduction in the future maintenance costs, or result in a significant extension of the useful economic life of the property in the Trust. Only the direct overhead costs associated with these improvements are capitalised.

FIXED ASSETS – OTHER

Other tangible fixed assets are stated at cost with the exception of property held for investment purposes.

DEPRECIATION

- (i) Housing properties
Housing properties are depreciated at a rate of 2% per annum on cost. The depreciation on the 2 almshouse properties is charged to restricted funds. Land is not depreciated.
- (ii) Investment properties
Investment properties are not depreciated.
- (iii) Other fixed assets
Depreciation is provided on the following bases:
Heating systems – 6.67% per annum on cost.
Other fixtures & fittings – 15% per annum on cost.

INVESTMENT PROPERTIES

Investment properties are stated at their estimated value on an open market basis at the balance sheet date. Valuations are updated annually by the Trustees and every third year by independent Chartered Surveyors on an open market basis.

No depreciation is provided in respect of freehold investment properties or on leasehold investment properties where the unexpired lease term exceeds 20 years.

Details of the current value and historical cost information for investment properties are given in note 12.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2021

1 ACCOUNTING POLICIES (continued)

INVESTMENTS

Investments are stated at market value.

Purchases and sales of investments are dealt with by reference to the date of contract. When a contract has been entered into during the year but settlement does not take place until after the end of the year an amount is included in the balance sheet under either creditors or debtors as appropriate.

COIF FUNDS IN CURRENT INVESTMENTS

COIF funds are included within current investments as they are a cash deposit with a maturity date of less than one year which is held for investment purposes rather than to meet short term cash commitments as they fall due.

EXTRAORDINARY REPAIR FUND

The Extraordinary Repair Fund is a designated fund held pursuant to the Trustees' reserves policy. The Fund is maintained by annual transfer out of the CIO's income and used to cover items of extraordinary repair.

CYCLICAL MAINTENANCE FUND

The Cyclical Maintenance Fund is a designated fund held pursuant to the Trustees' reserves policy, used for providing for items of ordinary maintenance and repair of the almshouses which recur at infrequent intervals.

RESTRICTED FUNDS

These are funds that can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when the funds are raised for particular restricted purposes.

INCOME

Income represents income from social housing lettings, investment income and surpluses on disposal of investments. Credit is taken for social housing letting income as it falls due. Investment income is credited to the income and expenditure account on a receivable basis.

APPORTIONMENT OF MANAGEMENT EXPENSES

Direct employee, administration and operating costs have been apportioned to relevant sections of the income and expenditure account on the basis of actual expenditure. Finance and administration costs are further apportioned on the basis of estimated time spent on each activity.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2021

1 ACCOUNTING POLICIES (continued)

GRANTS PAYABLE

Grants payable are recognised at the point at which they are approved and the recipient is notified. Where the Trust has agreed to make a grant payment in the future to a specific recipient this is accrued as expenditure.

TAXATION

For taxation purposes the Trust has charity status and accordingly is exempt from tax on its investment and rental income and on its capital gains.

VALUE ADDED TAX

The Trust is not registered for Value Added Tax and expenditure is shown inclusive of VAT in these financial statements.

FINANCIAL INSTRUMENTS

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measure at their settlement value.

DEBTORS

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepared net of any trade discounts due.

CREDITORS AND PROVISIONS

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

OPERATING LEASE COMMITMENTS

Rentals payable under operating leases, where substantially all the risks and rewards of ownership remain with the lessor, are charged to the statement of financial activities in the year in which they fall due.

Harrison and Potter Trust
 NOTES ON THE ACCOUNTS (continued)
 Year ended 31 December 2021

1 ACCOUNTING POLICIES (continued)

CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised whether the revisions affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

2 Comparative SOFA

Permanently endowed almshouses	369,693	-	(17,192)	-	-	352,501
Total restricted funds	369,693	-	(17,192)	-	-	352,501
Total funds	7,012,866	479,127	(525,823)	585,116	-	7,551,286

During the year transfers from the general fund were made to the designated funds of £69,628 (£26,416 to the extraordinary repair fund and £43,212 to the cyclical maintenance fund) in order to fund future repairs and maintenance at the almshouses.

The designated extraordinary repair fund is used for any future extraordinary repair, improvement or rebuilding of the almshouses.

The designated cyclical maintenance fund is used for the ordinary maintenance and repair of the almshouses. This fund is to be utilised over the short term and in 2021, £17,531 of void repairs expenditure (2020: £29,096) has been allocated to the fund and £25,681 of day to day repairs.

Pursuant to the Scheme effective 31 December 2019, Harrison and Potter Trust (unincorporated charity) cannot hold expendable property free to use without restriction and therefore the restricted fund represents the carrying value of the almshouses which belong to Harrison and Potter Trust (unincorporated charity) a linked charity. For more detail see note 21. The restricted expenditure above represents the depreciation charge on the two almshouse properties in 2021.

As detailed in note 22 the investments are split between various funds.

21 Linked Charity

On 31 December 2019 all assets with the exception of the two almshouses were transferred from Harrison and Potter Trust (unincorporated) to Harrison and Potter Trust (CIO). The two almshouse sites at Lovell Park and Raglan Road continue to be held in the linked charity as Permanent Endowment. In 2020, on the basis of the charities having the same Trustees, the charities became linked. The funds of Harrison and Potter Trust (unincorporated) are shown separately within the fund note as permanently endowed almshouses.

Harrison and Potter Trust

REPORT OF THE TRUSTEES

Year ended 31 December 2020

The Trustees present their annual report together with the financial statements for the year ended 31 December 2020.

The financial statements comply with the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice 2019 applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

The objects of the CIO are two fold being the provision of almshouses and the relief of financial hardship. The CIO carries out these objects by:

- maintaining almshouse developments at Lovell Park Road and Raglan Road in Leeds.
- providing grants to organisations and to projects in Leeds which alleviate financial hardship, particularly in relation to housing.

The Trustees recognise their duties under the Charities Act 2011 and have referred to the Charity Commission's guidance on public benefit when reviewing the Charity's activities and compiling this report.

The activities described above, and explained in more detail in the following sections, are consistent with the CIO's values and aims which, in turn, derive from its charitable objects.

Almshouse policy

The almshouse operation aims to provide comfortable and well maintained accommodation in pleasant surroundings.

Accommodation at the almshouses comprise thirty two bedsits suitable for single occupancy and two 2 bedroomed flats at Lovell Park Road and eighteen houses/flats suitable for single occupancy or for couples at Raglan Road. To be eligible, applicants must be in financial hardship and resident in Leeds, although up to twenty persons can be appointed who are resident within a twenty mile radius of the Civic Hall in Leeds, the Town Hall in Wakefield and the Guild Hall in York.

The day to day management of the almshouses is handled by Leeds and Yorkshire Housing Association who report regularly to the Trustees. The weekly maintenance contribution paid by residents is set annually in accordance with national guidelines. The almshouse operation is largely self-funding.

Grant making policy

The CIO has established its grant making policy to achieve its objects for the public benefit, subject however to the geographical restraints imposed by the founding Scheme. Under the terms of the CIO's Scheme, the individuals supported by organisations must be resident in the City of Leeds.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2020

The Trustees invite applications from locally based charities with local projects aimed at either the prevention or alleviation of financial hardship. Projects include debt counselling, provision of housing and purchase of equipment. Grants are not made towards general running costs including salaries; nor can the charity commit to repeat grants.

ACHIEVEMENTS AND PERFORMANCE

The CIO has 2 principal aims:

1. The maintenance and provision of sheltered supported living units at Lovell Park and Raglan Road

These are available to anyone over 55 years of age who is in financial hardship and needing socially supported living.

Following the transfer of the operations of the two almshouses, Lovell Park and Raglan Road to the CIO the CIO will seek to maintain the standard of the almshouses following their refurbishment in 2010/11. The CIO has sought to maintain this good standard accommodation through focused input particularly drawing on the individual skills and knowledge of Trustees. The day to day review of the properties and the provision of the social support are provided by the Managing Agent Leeds and Yorkshire Housing Association (LYHA). Overall occupancy is high and voids are actively advertised by LYHA.

2. Grant making to local Charities

These are made with surplus funds from investments that have not been required by the charity for the properties.

The Trustees have chosen to largely support a network of charities, unique to Leeds, who support the elderly population in the communities with particular emphasis on social isolation and hardship. They are endeavouring to improve quality independent life in their local communities. Grants are made for facilities, projects and activities, not for staffing and recurring costs. Grants to the total of £30,825 (2019: £41,289) were made in this financial year.

Investment performance

As we approached the end of 2019, investor sentiment was strong with the MSCI All-Countries World Index hitting new all-time highs, a Conservative Party victory in the UK General Election encouraging overseas investors to return to the UK market and US-China tensions subsiding as a "phase one" trade deal neared completion. Of course, this was all in stark contrast to the following twelve months' sentiment.

By the end of the tax year, the FTSE All Share had fallen 28.9% and the S&P 500 was down 22.6% in local currency terms. The FTSE Gilts All Stocks index gained 6.9% during this period as investors flocked to safer assets with huge uncertainty in the midst of the pandemic. Although all risk assets were initially sold off, it was primarily travel and leisure industries that had the hardest time recovering.

Fast-forward to the end of 2020 and the S&P 500 had provided a total return of 17.6% over the 12 month period as populations embraced a work-from-home lifestyle and the US market's technology companies took advantage, while the FTSE All Share finished down 9.8%. Having seen interest rates

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2020

managed to historically low levels, we are now starting to see hints of reflationary trade as interest rates are rising along with inflation expectations. This has drawn somewhat of a halt to the strong performance of high growth company stocks while value stocks with already strong and consistent earnings are gaining more attention.

Over 2020, the Harrison & Potter Trust portfolio achieved a time-weighted total return after fees of 0.76% against a benchmark performance of 0.04%. Year-to-date (to the end of 2020/21 tax year), the portfolio has achieved a total return after fees of 1.80% while the benchmark has returned 1.83%.

Going forward and with ongoing progress in worldwide vaccination, the investment managers are optimistic that economies will return to growth and equities will continue to provide solid returns. This year, as markets are subject to internal rotation and sovereign bonds offer little in the way of insurance in the event that riskier assets decline, there will be a far greater emphasis on generating "alpha" – or returns in excess of indices and benchmarks. The investment managers welcome a return to a world where investors will be judged on their skills rather than by simply participating in equity markets, steadfast in their belief that their processes and personnel are up to the challenge.

Financial review

During the year the CIO continued to operate almshouses at Raglan Road and Lovell Park Road on a broadly self-funding basis and to make grants to individual residents and to local charitable organisations supporting those in financial need.

Net expenditure for the year was £47,036 (2019: net income of £614,034). Losses on investments for the year, included within the net expenditure for the year, amounted to £110,503 (2019: gains of £583,889).

Transfers of £69,628 (2019: £65,823), were made to designated reserves from the general fund in connection with the housing properties for cyclical maintenance and extraordinary repairs.

Reserves policy

The policy of the Trust is to maintain sufficient capital to enable the Trustees to carry out both the short term and long-term objectives of the charity.

The charity's restricted reserves consisted of the Permanent Endowment represented by the two Almshouses at Lovell Park and Raglan Road in Leeds. In the prior year the permanent endowment on investments was lifted and the total funds were transferred to the unrestricted reserves. The permanent endowment on the Almshouse sites remains.

The Designated funds amounting to £664,921 at 31 December 2020 are in line with the guidance provided by the Almshouse Association "standards of management" and are considered by the Trustees to be at an appropriate level.

The group's total reserves amount to £7,012,866 at 31 December 2020, with £6,643,173 held within the CIO. Within this the Trustees have considered the level of free reserves of the charity which amount to £923,146. Free reserves include cash held on short term deposit with the investment managers of £240,173. In setting the level of reserves the Trustees take into account the need to keep operating should the charity suffer a loss of income or should operations be disrupted in determining

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2020

the level of unrestricted funds. The Trustees also have regard to the likely cost of updating the properties and investing in fixed assets and to be able to withstand adverse events that can be reasonably foreseen. The Almshouses are likely to require additional capital expenditure going forward as the Almshouses become older.

Given all these considerations the Trustees are of the view that the level of free reserves are at an appropriate level to enable the CIO to meet its objectives and activities in the future.

Risk factors

The Trustees have assessed the major risks to which the CIO is exposed and are satisfied that systems are in place to mitigate exposure to the major risks.

The Trustees maintain a Risk Register which is discussed at the quarterly meetings of trustees and updated as necessary.

Post Balance Sheet Events and the Impact of the Worldwide Coronavirus Pandemic

During the first few months of this last year, we as a country and the world were just starting to experience the Worldwide Coronavirus Pandemic. It was not clear at that stage what the impact would be on the charity and its activities. The charity has fared better than expected in that the activities of operating our two Almshouses at Lovell Park and Raglan Road in Leeds were not significantly impacted in relation to our income streams or our day to day costs. The deficit for the year ended up being slightly lower than in 2019.

The charity had anticipated in last year's note that investment returns on our investment portfolio would be lower but in the event, the returns were some £15,000 higher. The valuation of the investment portfolio, although falling in the 2nd quarter of 2020, began to rise thereafter and by the end of 2020 the value was only £64,000 lower than in 2019.

The Trustees of the charity decided to maintain the level of grants to external bodies during the year as many had significant reductions in income as there was little or no fundraising by them. In the event, mainly based on the grant applications received, the charity supported grants totalling £30,825 being about £10,000 less than in 2019.

The Trustees consider as the country slowly returns to a more normal life during the summer and autumn of this year following the majority of the population being vaccinated against Covid 19, that the economic climate and the level of business activity will improve during 2021. We are therefore not anticipating anything arising that is detrimental to the charity's income streams or to the value of its investment portfolio.

Value for Money

The Trust is committed to achieving Value for Money (VFM) and to focus on embedding good practice into the whole Trust. The trustees have adopted a Value for Money strategy which identifies the ambitions of the trust to move towards a transformational approach to VFM.

VFM has been defined as the relationship between economy, efficiency and effectiveness. VFM is high when there is an optimum balance between all three: relatively low cost, high productivity and

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)

Year ended 31 December 2020

VFM Metrics	2020	2019
1 – Reinvestment percentage (New investment in properties as a percentage of total properties held)	6.2%	27.7%
2A – New supply delivered (percentage) (New social housing units developed as a percentage of social housing units held)	N/A	N/A
2B – New supply delivered (non-social housing units) (Non-social housing units developed as a percentage of total housing units owned)	N/A	N/A
3 – Gearing percentage (Loans less cash as a % of the value of housing properties)	N/A	N/A
4 – EBITDA MRI interest cover percentage	N/A	N/A
5 – Headline social housing cost per unit (Social housing costs excluding depreciation divided by social housing units owned)	£6,662	£6,748
6A – Operating margin (Operating surplus as a percentage of turnover from social housing lettings)	-15%	-31%
6B – Operating margin overall (Operating surplus as a percentage of turnover)	-10%	-21%
7- Return on capital employed (ROCE) percentage (Operating surplus as a % of total assets less current liabilities)	-1%	-1%

successful outcomes. VFM is about running a viable social business and looking to continually improve it.

VFM activities have the following objectives at all levels and functions within the Trust.

- To embed the VFM strategy and continuous improvement in the organisation's culture
- To adopt further good practice in relation to VFM, reducing risk of exposure to financial and material waste.

PLANS FOR THE FUTURE

The Charity plans to continue the activities outlined above and no material change is anticipated in the way the almshouse operation is managed. The Charity intends to continue to make grants as part of its charitable activities during 2021 at a similar level.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Harrison and Potter Trust

REPORT OF THE TRUSTEES (Continued)
Year ended 31 December 2020

The Harrison and Potter Trust is a charitable incorporated organisation constituted under a Scheme of the Charity Commission dated 24 August 2018 and is a Registered Charity, number 1179665. The CIO succeeded to the charitable activities of Harrison and Potter by way of a transfer of assets on 31 December 2019 from Harrison and Potter Trust, which is a Registered Charity, number 224941.

The linked Charity, Harrison and Potter Trust Charity Number 224941, is registered with Homes and Communities Agency A1920.

The CIO Harrison and Potter Trust Charity Number 1179665 is not registered with Homes and Communities Agency. It is the intention of the Trustees to apply for registration of the CIO as soon as is practicable.

The body of Trustees comprises a maximum of eleven persons; minimum of four persons.

Other than the original trustees appointed on 24 August 2018, new trustees are appointed for a term of 3 years, after which period, they may put themselves forward for reappointment. The Trustees meet quarterly in February, May, August and November and at the February meeting elect a Chairman for the forthcoming year.

The meetings in May and November focus primarily on financial and investment matters including annual accounts, budgets for the almshouse operations, investment performance and funding available for grants. The almshouse operation and welfare and needs of the residents of the almshouses are reviewed with the managing agents at the quarterly meetings.

To assist the day to day administration of the CIO, there is a finance and investments sub-committee. In addition, individual Trustees liaise with the managing agents regarding welfare or property matters throughout the year.

All Trustees give of their time freely and no Trustee remuneration is paid. Trustees are appointed by a resolution of the existing Trustees passed at a special meeting.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO THE AUDITOR

The Trustees who were in office on the date of approval of these financial statements have confirmed, as far as they are aware, that there is no relevant audit information of which the auditor is unaware. Each of the Trustees has confirmed that they have taken all the steps that they ought to have taken as Trustees in order to make themselves aware of any relevant audit information and to establish that it has been communicated to the auditor.

Harrison and Potter Trust

REPORT OF THE TRUSTEES (*Continued*)

Year ended 31 December 2020

STATEMENT OF THE RESPONSIBILITIES OF THE TRUSTEES

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

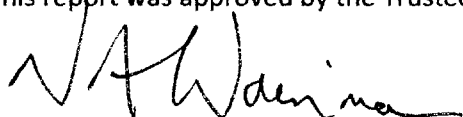

Charity law, in England and Wales, requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of its incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP (FRS102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES

Year ended 31 December 2020

Opinion

We have audited the financial statements of Harrison and Potter Trust for the year ended 31 December 2020 which comprise the Statement of Financial Activities, Balance Sheet, Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 December 2020 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2020

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Trustees' Responsibilities Statement set out on page 8, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

We have been appointed as auditors under the Charities Act 2011 and report in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2020

respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud are detailed below.

Identifying and assessing risks related to irregularities:

We assessed the susceptibility of the charity's financial statements to material misstatement and how fraud might occur, including through discussions with the trustees, discussions within our audit team planning meeting, updating our record of internal controls and ensuring these controls operated as intended. We evaluated possible incentives and opportunities for fraudulent manipulation of the financial statements. We identified laws and regulations that are of significance in the context of the charity by discussions with trustees and updating our understanding of the sector in which the charity operates.

Laws and regulations of direct significance in the context of the charity include the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008 and guidance issued by the Charity Commission for England and Wales.

Audit response to risks identified:

We considered the extent of compliance with these laws and regulations as part of our audit procedures on the related financial statement items including a review of financial statement disclosures. We reviewed the charity's records of breaches of laws and regulations, minutes of meetings and correspondence with relevant authorities to identify potential material misstatements arising. We discussed the charity's policies and procedures for compliance with laws and regulations with members of management responsible for compliance.

During the planning meeting with the audit team, the engagement partner drew attention to the key areas which might involve non-compliance with laws and regulations or fraud. We enquired of management whether they were aware of any instances of non-compliance with laws and regulations or knowledge of any actual, suspected or alleged fraud. We addressed the risk of fraud through management override of controls by testing the appropriateness of journal entries and identifying any significant transactions that were unusual or outside the normal course of business. We assessed whether judgements made in making accounting estimates gave rise to a possible indication of management bias. At the completion stage of the audit, the engagement partner's review included ensuring that the team had approached their work with appropriate professional scepticism and thus the capacity to identify non-compliance with laws and regulations and fraud.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

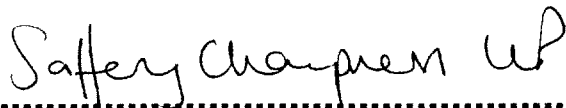

Harrison and Potter Trust

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES (continued)

Year ended 31 December 2020

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS

as at 31 December 2020

1 ACCOUNTING POLICIES

BASIS OF ACCOUNTING

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of investments and investment properties, in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable in the UK and Republic of Ireland (FRS 102) (2019) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

Harrison and Potter Trust (CIO) meets the definition of a public benefit entity under FRS 102.

On 31 December 2019, all of the assets of Harrison and Potter Trust were transferred into Harrison and Potter Trust (CIO) with the exception of the almshouses, which are permanently endowed and remain in Harrison and Potter (unincorporated). This transfer was accounted for under the merger accounting method and the comparative amounts have been presented on the same basis in accordance with the Charities SORP (FRS102).

During the year Harrison and Potter CIO and Harrison and Potter (unincorporated) became linked charities. This has been accounted for under the branch accounting method in accordance with the Charities SORP (FRS 102). For more details see note 21.

GOING CONCERN

The financial statements have been prepared on a going concern basis. The Trustees have considered how the Trust will meet the challenges presented by the current economic climate. They have carried out a detailed review of the Trust's resources including the adequacy of working capital for the next twelve months. The Trustees are satisfied that the Trust has sufficient cash flows to meet its liabilities as they fall due for at least one year from the date of approval of these financial statements.

SOCIAL HOUSING GRANT

Social Housing Grant (SHG) is paid by the Housing Corporation to reduce the cost of development and is recognised as income on receipt and completion of the project to which it relates. SHG is repayable under certain circumstances, primarily following the sale of a property but will normally be restricted to net proceeds of sale.

A Social Housing Grant of £675,042 was received in connection to the refurbishment of Raglan Road and was recognised in unrestricted reserves. Should a triggering event occur, this amount would be repayable by Harrison and Potter Trust (unincorporated) (a linked charity, charity number: 1179665-1). The Trustees have obtained confirmation from Homes England that the transfer of almshouse operations to Harrison and Potter Trust CIO was not a triggering event subject to Harrison and Potter Trust (unincorporated) (charity number: 1179665-1) remaining a Registered Provider.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2020

1 ACCOUNTING POLICIES (continued)

FIXED ASSETS – HOUSING PROPERTIES

Housing properties are stated at cost which includes the following:

- (i) cost of acquiring land and buildings:
- (ii) development expenditure.

Works to existing properties are works which result in an increase in the net rental income, such as a reduction in the future maintenance costs, or result in a significant extension of the useful economic life of the property in the Trust. Only the direct overhead costs associated with these improvements are capitalised.

FIXED ASSETS – OTHER

Other tangible fixed assets are stated at cost with the exception of property held for investment purposes.

DEPRECIATION

- (i) Housing properties
Housing properties are depreciated at a rate of 2% per annum on cost. The depreciation on the 2 almshouse properties is charged to restricted funds. Land is not depreciated.
- (ii) Investment properties
Investment properties are not depreciated.
- (iii) Other fixed assets
Depreciation is provided on the following bases:
Heating systems – 6.67% per annum on cost.
Other fixtures & fittings – 15% per annum on cost.

INVESTMENT PROPERTIES

Investment properties are stated at their estimated value on an open market basis at the balance sheet date. Valuations are updated annually by the Trustees and every third year by independent Chartered Surveyors on an open market basis.

No depreciation is provided in respect of freehold investment properties or on leasehold investment properties where the unexpired lease term exceeds 20 years.

Details of the current value and historical cost information for investment properties are given in note 12.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2020

1 ACCOUNTING POLICIES (continued)

INVESTMENTS

Investments are stated at market value.

Purchases and sales of investments are dealt with by reference to the date of contract. When a contract has been entered into during the year but settlement does not take place until after the end of the year an amount is included in the balance sheet under either creditors or debtors as appropriate.

COIF FUNDS IN CURRENT INVESTMENTS

COIF funds are included within current investments as they are a cash deposit with a maturity date of less than one year which is held for investment purposes rather than to meet short term cash commitments as they fall due.

EXTRAORDINARY REPAIR FUND

The Extraordinary Repair Fund is a designated fund held pursuant to the Trustees' reserves policy. The Fund is maintained by annual transfer out of the CIO's income and used to cover items of extraordinary repair.

CYCLICAL MAINTENANCE FUND

The Cyclical Maintenance Fund is a designated fund held pursuant to the Trustees' reserves policy, used for providing for items of ordinary maintenance and repair of the almshouses which recur at infrequent intervals.

RESTRICTED FUNDS

These are funds that can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when the funds are raised for particular restricted purposes.

INCOME

Income represents income from social housing lettings, investment income and surpluses on disposal of investments. Credit is taken for social housing letting income as it falls due. Investment income is credited to the income and expenditure account on a receivable basis.

APPORTIONMENT OF MANAGEMENT EXPENSES

Direct employee, administration and operating costs have been apportioned to relevant sections of the income and expenditure account on the basis of actual expenditure. Finance and administration costs are further apportioned on the basis of estimated time spent on each activity.

Harrison and Potter Trust

NOTES ON THE ACCOUNTS (continued)

Year ended 31 December 2020

1 ACCOUNTING POLICIES (continued)

GRANTS PAYABLE

Grants payable are recognised at the point at which they are approved and the recipient is notified. Where the Trust has agreed to make a grant payment in the future to a specific recipient this is accrued as expenditure.

TAXATION

For taxation purposes the Trust has charity status and accordingly is exempt from tax on its investment and rental income and on its capital gains.

VALUE ADDED TAX

The Trust is not registered for Value Added Tax and expenditure is shown inclusive of VAT in these financial statements.

FINANCIAL INSTRUMENTS

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measure at their settlement value.

DEBTORS

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepared net of any trade discounts due.

CREDITORS AND PROVISIONS

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

OPERATING LEASE COMMITMENTS

Rentals payable under operating leases, where substantially all the risks and rewards of ownership remain with the lessor, are charged to the statement of financial activities in the year in which they fall due.

The Trustees policy for payment of purchase invoices is one month between receipt and payment (2019: one month).

17 Transfer of assets

During the prior year, a transfer of net assets totalling £6,673,018 was made from Harrison and Potter Trust (unincorporated) to Harrison and Potter Trust (CIO). This transfer was accounted for under the merger accounting method and the comparative amounts are prepared as if the assets had always been held by the CIO.

18 Analysis of charitable funds

	Balance 1 January 2020 £	Incoming resources £	Resources expended £	(Losses)/ Gains on investments £	Transfers £	Funds 31 December 2020 £
Unrestricted funds						
General fund	5,772,206	531,724	(421,970)	(148,615)	(69,628)	5,663,717
Revaluation reserve	314,535	-	-	-	-	314,535
Designated extraordinary repair fund	343,060	-	-	38,112	26,416	407,588
Designated cyclical maintenance fund	243,217	-	(29,096)	-	43,212	257,333
Total designated funds	586,277	-	(29,096)	38,112	69,628	664,921
Total unrestricted funds	6,673,018	531,724	(451,066)	(110,503)	-	6,643,173
Permanently endowed almshouses	386,884	-	(17,191)	-	-	369,693
Total restricted funds	386,884	-	(17,191)	-	-	369,693
Total funds	7,059,902	531,724	(468,257)	(110,503)	-	7,012,866

During the year transfers from the general fund were made to the designated funds of £69,628 (£26,416 to the extraordinary repair fund and £43,212 to the cyclical maintenance fund) in order to fund future repairs and maintenance at the almshouses.

The designated extraordinary repair fund is used for any future extraordinary repair, improvement or rebuilding of the almshouses. This fund is to be utilised over the next ten years.

The designated cyclical maintenance fund is used for the ordinary maintenance and repair of the almshouses. This fund is to be utilised over the short term and in 2020, £29,096 of void repairs expenditure has been allocated to the fund (2019 : £14,208).

Pursuant to the Scheme effective 31 December 2019, Harrison and Potter Trust (unincorporated charity) cannot hold expendable property free to use without restriction and therefore the restricted fund represents the carrying value of the almshouses which belong to Harrison and Potter Trust (unincorporated charity) a linked charity. For more detail see note 21. The restricted expenditure above represents the depreciation charge on the two almshouse properties in 2020.

As detailed in note 22 the investments are split between various funds.

21 Linked Charity

On 31 December 2019 all assets with the exception of the two almshouses were transferred from Harrison and Potter Trust (unincorporated) to Harrison and Potter Trust (CIO). The two almshouse sites at Lovell Park and Raglan Road continue to be held in the linked charity as Permanent Endowment. During the year, on the basis of the charities having the same Trustees, the charities became linked. The funds of Harrison and Potter Trust (unincorporated) are shown separately within the fund note as permanently endowed almshouses.
