### **Objectives and activities**

The Trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities to be carried out.

The charity's objectives are set out in the trust deed and include the following:

- To enlighten the Mahayana tradition of Buddhism and the peaceful solutions that will benefit the members of the community by holding various ritual prayers, public talks, conferences, religious festivals, public celebrations as well as producing and distributing literature materials.
- To undertake social and cultural activities which encourage integration with wider communities and other faiths.
- The charity is devoted to preserving and practicing Buddha's profound teachings to benefit others and provide a place for various ritual ceremonies such as naming, weddings, weaning and funerals as well as holding pujas and group meditation sessions in Mahayana Buddhist tradition.
- The charity is fully committed to creating harmonious environments and helping all beings develop their full potential of infinite wisdom and compassion.

### **Achievements and performance**

Buddhist Community Centre Kent Ltd's trustees, amongst themselves, rotate the position of chairperson and secretary in every three years. As per the rotation, the executive committee has taken the responsibilities on 1 December 2018. The executive committee consist of fourteen elected members by the members of the trust. In addition to the Executive Committee, to manage the day to day administration as per the guidelines of the trust, three advisers, four area representatives, nine ladies' members and two youth members are also appointed by the members of the trust. The founder trustees and the executive committee members manage and run the affairs of trust throughout the year.

The trustees are pleased with the operational performance during the year. Since the Gurkhas resettlement right in 2004, a lot of the Ex Gurkhas and their families are living in Kent. We as a religious organization, had run several ritual pujas, meditation session and sermons by the highly realized venerable Lama Gurus but due to the COVID-19 these were not possible. However, we ran weekly Zoom class for almost ten months. The trust had also helped many families and local community by providing remote counselling via Zoom or shopping food and dropping off essentials etc during this difficult time. The members and devotees of the centre have continued to support with regular and special contribution towards our objective.

We mainly run religious activities i.e. meditation sessions, Buddha's profound teaching, worshipping, birth (naming) ceremony, death rituals etc but due to Covid-19 all had to cancel. The support from the members, devotees and volunteers are the major contribution to the growth and success of our centre.

The charity's investment performance is monitored and measured regularly and seek expert advice related to investment in land and properties.

### **Financial review**

Total income for the period was £67,916 (2020: £197,832). The charity operating surplus is £61,536 (2020: £194,958) made up of restricted and unrestricted funds as shown in the Statement of Financial Activities. The total cash at bank as at 30 November 2021 was £458,998 (2020: £394,242).

It is the reserves policy of the charity that the restricted funds are used for the building of gumba (temple) and the unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to six month's expenditure. The Trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the Charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

The Trustees have assessed the major risks to which the Charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

**NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)**  
**FOR THE YEAR ENDED 30 November 2021**

***Basic financial assets***

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

***Basic financial liabilities***

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

***Derecognition of financial liabilities***

Financial liabilities are derecognised when the Charity's contractual obligations expire, are discharged or cancelled.

**1.5 Employee benefits**

Termination benefits are recognised immediately as an expense when the Charity is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

**2 Critical accounting estimates and judgements**

In the application of the Charity's accounting policies, the Trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.
