Financial Summary and Report

Home from Home Reuse Services Limited, CIO diverts items unnecessarily going to landfill sites by collecting unwanted, but still useable, household goods from homes. These are then offered at low cost to local people for reuse.

Due to a combination of ill health and lack of retail outlets the charity was unable to operate at full capacity in the financial year 24-25. Thankfully by early 2025 we were able to seek new retail premises and recruit key staff and volunteers.

Despite this the charity has continued to collect and store approximately seven tonnes of unwanted furniture and divert this from landfill. We were able to support people in need in the community by supplying a number of other local charities and individuals with quality furniture to be reused in their services or homes.

Expenditure during this period was £1,784 which was primarily storage costs, insurance and some volunteer expenses. All other work was undertaken voluntarily by the Trustees and other volunteers. We had maintained two regular volunteers, who were able to offer a collections of unwanted goods to local people. Volunteers can reclaim their travel and lunch costs.

Income was made up of retail sales and amounted to just over £5000. The charity had a healthy £25,000 in the bank at the end of March 2025.

The Board of Trustees are now actively seeking a new retail and other outlets to build the charities income. Plus the purchase of a vehicle to increase opportunities for collections and delivery of goods.

The Board also plans to recruit a Project and Retail Manager to help give the charity some stability and help develop the services. This will help hopefully increase the volume of goods we can divert from landfill and in turn help us assist more people in need in the community.

Financial Summary

Income was a combination of charity retail sales and four grants. Income in the period was £19,114: £20,600 from charity retail sales, £14,143 from Local Authority Covid business support grants.

Expenditure during this period was £18,783 for the operation of a rent-free retail unit and costs of 25 volunteer expenses and running one vehicle for collections and deliveries.

The operation is overseen by a retail manager, who is a self-employed consultant, who works on 20% of retail sales per month agreement with the charity. The Board agreed a small monthly fee, also on a self-employed consultancy basis, to the Chair for book-keeping and report and accounts management. The operation is otherwise undertaken voluntarily, with ten regular volunteers running the day-to-day operation, supported by work placements referred by Surrey Heath Borough Council's returning to work initiative. Volunteers can reclaim their travel and lunch costs.

Home from Home Reuse Services Limited, CIO collected and supplied for reuse approximately 120 tonnes of unwanted household goods: diverting this from landfill sites across the central and west Surrey.
