Type of governing document (eg. trust deed, constitution)	Constitution
How the charity is constituted (eg. trust, association, company)	Charitable Incorporated Organisation
Trustee selection methods (eg. appointed by, elected by)	Election at AGM

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Training of new incoming officers is available from Lions Club International District at start of each new term. Current officers all have considerable previous experience in post.

Southwold (Sole Bay) Lions Club is a member club of the International association of Lions Clubs through Lions Club International.

The membership of the Club has remained roughly static. 1 new member was recruited during the period and no members resigned. Club membership now stands at 13 for the period of this report. However, as previously reported most members are of advanced years it is a risk that unless new members can be found the Club may suffer as current members are able to do less. Two members have now declared being ' At Large' (Lions terminology for a member who remains on the books but not actually active). This leaves the active membership at 11.

Difficulties are ongoing recruiting new members from the population of the town and surrounding areas. Most of the population of Southwold are elderly or second home owners/holiday lets. The adjacent village of Reydon, which has more younger residents, is a potential for recruitment and is being explored. To engage with potential members the club uses social media and has its own website.

Summary of the objects of the charity set out in its governing document

Advancement of Citizenship.
 Promoting the Voluntary sector for the public benefit locally, nationally and international.
 The relief of poverty by providing humanitarian aid and disaster relief. The advancement of health, assisting disabled people.
 Promoting conservation
 Promoting community participation in healthy recreation.

Having had regard to the guidance issued by the Charity Commission on Public Benefit.

All trustees have now read the guidance document, and it will be ensured that any new trustees will do so.

The Club has carried out the following activities this year in respect of the objects of the Club.

Southwold Town Council Xmas Lights event - club members were able to erect the lighted crib in Southwold High Street. Also ran a fundraising stall at the 2024 event.

In March the Club held its annual Afternoon Tea Dance for senior Citizens. This was well attended and enjoyed

The Club Held its annual Fete on the Spring Bank Holiday at the end of May. A good number and variety of craft and trade stalls, This was also a very successful event. Due to the increasing age of members and additional costs incurred through changes to legislation and conditions imposed by the town Council on the use of the site the future of the fete will need to be carefully considered prior to the 2026 event.

The above form the staple of Southwold Lions events and as such Planning is currently under way for these regular events to be held again in 2025-26 season.

Additionally in April 2025 the club celebrated its 51st annual Charter anniversary with a lunch for members and invited local guests and dignitaries.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grant making;
- policy programme related investment;
- contribution made by volunteers.

The Club's policy on grant making remains based on how the organisation has carried this out over its 50+ year history. Applications from the public/organisations are heard at normal Club meetings and discussed by all members and Trustees. Based on the merits of the application the Club is invited to propose a sum and vote to accept or reject, counter proposals may also be heard. If the vote achieves a majority approval, then it is then ratified by the Trustees and if approved the grant is made by the treasurer to the person or organisation requesting assistance. The club has imposed a limit of £500 per individual grant unless exceptional circumstances suggest that a larger sum would be more beneficial.

Applications for funding from Commercial organisations or for Commercial or for potentially illegal purposes are automatically rejected.

As reported in the 2024 report following the refund of monies held by the Henham Steam Rally Limited the club elected to invest that money with a view to increasing its value to the club. As such a sum of £20,000 was placed into an account with United Trust Bank at a fixed rate of 5.05% and a further amount of £15,000 invested into an account also with United Trust Bank with a variable rate based on Bank of England base rate tracking. Both accounts paid interest in December 2024 and will again in December 2025. In December 2025 upon maturity of the investments, the club will need to consider its options for further investment.

As the Club comprises of just a small number members it would not be able to function without the contribution of additional volunteers, such as partners and family members at the major fundraising events.

Summary of the main achievements of the charity during the year

Section E Financial review

Brief statement of the charity's policy on reserves

The charity currently has no policy on reserves.

Details of any funds materially in deficit

N/A

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The principle and only source of funds comes through the clubs fundraising activities (as previously detailed) or individual donations and social events for club members. This funding is managed through two main accounts, an Admin account into which monies from subscriptions and club social activities, not attended by the general public, is deposited and a Charity account into which monies raised from donations and fundraising events attended by the general public is deposited. The Admin account is used solely for the running expenses of the club and the charity account for grant making.

Previously there has been no investment policy however with the monies received from Henham Steam Rally this year two investments have been made as detailed elsewhere in this report. This will be reviewed when the investment mature in 2025

- trustees' consideration of major risks and the system and procedures to manage them.

Training of new incoming officers is available from Lions Club International District at start of each new term. Current officers all have considerable previous experience in post.

Southwold (Sole Bay) Lions Club is a member club of the International association of Lions Clubs through Lions Club International.

The membership of the Club has remained roughly static. 2 new members were recruited during the period and 1 member resigned due to ill health. Club membership now stands at 14 for the period of this report. However, as previously reported most members are of advanced years it is a risk that unless new members can be found the Club may suffer as current members are able to do less. Three members have now declared being 'At Large' (Lions terminology for a member who remains on the books but not actually active). This leaves the active membership at 11.

Difficulties are ongoing recruiting new members from the population of the town and surrounding areas. Most of the population of Southwold are elderly or second home owners/holiday lets. The adjacent village of Reydon, which has more younger residents, is a potential for recruitment and is being explored. To engage with potential members the club uses social media and has its own website.

As reported in previous Trustees annual reports the club was due a refund from Henham Steam Rally Limited following withdrawal from the rally organisation. Now that all outstanding issues have been resolved this refund (£36,197) has been received as a lump sum payment shown in the income section of the accounts. This is a one-off occurrence and as such will not be repeated in future years and should not be viewed as indicative of a regular income to the club. All official club ties with Henham Steam Rally have now been severed. Following extensive research and discussions the trustees and members of the club have decided it would be both prudent and in the interest of the Club to invest this money with a view to both protecting it and allowing it to grow to help further the clubs aims in the future.

Summary of the objects of the charity set out in its governing document

Advancement of Citizenship.
 Promoting the Voluntary sector for the public benefit locally, nationally and international.
 The relief of poverty by providing humanitarian aid and disaster relief. The advancement of health, assisting disabled people.
 Promoting conservation
 Promoting community participation in healthy recreation.

Having had regard to the guidance issued by the Charity Commission on Public Benefit.

All trustees have now read the guidance document, and it will be ensured that any new trustees will do so.

The Club has carried out the following activities this year in respect of the objects of the Club.

The Club Held its annual Music on the Green event in July. This was a very successful event for the club and attended by a large number of the public.

Southwold Town Council Xmas Lights event - club members were able to erect the lighted crib in Southwold High Street. Suggestion to run a fundraising stall at the 2024 event to be considered.

In March the Club held its annual Afternoon Tea Dance for senior Citizens. This was well attended and enjoyed

The Club Held its annual Fete on the Spring Bank Holiday at the end of May. A good number and variety of craft and trade stalls, This was also a very successful event.

[The above from the staple of Southwold Lions events and as such Planning is currently under way for these regular events to be held again in 2024-25 season.

Additionally in April 2024 the club celebrated its 50th Charter anniversary with a dinner and entertainment for members and invited local guests and dignitaries.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The Club's policy on grant making remains based on how the organisation has carried this out over its 50 year history. Applications from the public/organisations are heard at normal Club meetings and discussed by all members and Trustees. Based on the merits of the application the Club is invited to propose a sum and vote to accept or reject, counter proposals may also be heard. If the vote achieves a majority approval, then it is then ratified by the Trustees and if approved the grant is made by the treasurer to the person or organisation requesting assistance. The club has imposed a limit of £500 per individual grant unless exceptional circumstances suggest that a larger sum would be more beneficial.

Applications for funding from Commercial organisations or for Commercial or for potentially illegal purposes are automatically rejected.

Following the refund of monies held by the Henham Steam Rally Limited the club elected to invest that money with a view to increasing its value to the club. A number of options were considered with the final decision being made by the Trustees to invest a percentage of the lump sum into a 2 year fixed interest account and a percentage into a 180 day notice base rate tracker account. As such a sum of £20,000 was placed into an account with United Trust Bank at a fixed rate of 5.05% and a further amount of £15,000 invested into an account also with United Trust Bank with a variable rate based on Bank of England base rate tracking. Both accounts due to pay interest in December 2024 and December 2025. It is expected that in 2024 the fixed account will return interest of £1010.00. The investments totalled £35,000 with the remaining £1,197 being deposited into the clubs accounts.

As the Club comprises of just a small number members it would not be able to function without the contribution of additional volunteers, such as partners and family members at the major fundraising events.

N/A

Description of the charity's trusts

Type of governing document (eg. trust deed, constitution)	Constitution
How the charity is constituted (eg. trust, association, company)	Charitable Incorporated Organisation
Trustee selection methods (eg. appointed by, elected by)	Election at AGM

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Training of new incoming officers is provided by Lions Club International District at start of each new term.

Southwold (Sole Bay) Lions Club is a member club of the International association of Lions Clubs through Lions Club International.

The membership of the Club has remained at 13 during the period of this report. However, as previously reported most members are of advanced years it is a risk that unless new members can be found the Club may suffer as current members are able to do less. Two members have since declared being 'At Large' (Lions terminology for a member who remains on the books but not actually active).

Difficulties are ongoing recruiting new members from the declining population of the town and surrounding areas Further attempts are being made to engage with potential members via social media and the Club website.

Southwold (Sole Bay) Lions Club members were founder members of the Henham Steam Rally in 1974 and the Club has had an association with the event since then. It has been a major fund raiser for the Club. Following a request from the Rally for the Club to give a 5 year commitment to provide volunteers, which members felt unable to give, members voted to withdraw from the organisation and to secure the Club share of any surplus funds, with an offer to continue to provide as many volunteers as possible. Subsequently, and contrary to earlier indications, the offer of volunteers has not been accepted, but the withdrawal process is ongoing, aiming to secure the Club's share of surplus funds. This is currently delayed awaiting the outcome of an ongoing claim by a member of the public against the Henham Steam Rally Company as a result of damage to a Steam engine. Once this has been resolved the amount of the fund available to be returned to Southwold Lions will be known and is expected early next year.

Summary of the objects of the charity set out in its governing document

Advancement of Citizenship.
Promoting the Voluntary sector for the public benefit locally, nationally and international.
The relief of poverty by providing humanitarian aid and disaster relief. The advancement of health, assisting disabled people.
Promoting conservation
Promoting community participation in healthy recreation.

Having had regard to the guidance issued by the Charity Commission on Public Benefit.

All trustees have now read the guidance document, and it will be ensured that any new trustees will do so.

The Club has carried out the following activities this year in respect of the objects of the Club.

The Club planned to hold its annual Music on the Green event in July, however due to a last minute withdrawal of the band the event had to be cancelled.

Southwold Town Council Xmas Lights event club members were able to erect the lighted crib in Southwold High Street.

In March the Club held its annual Afternoon Tea Dance for senior Citizens. This was well attended and enjoyed

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The Club Held its annual Fete on the Spring Bank Holiday at the end of May. A good number and variety of craft and trade stalls, This was also a very successful event.

Planning is currently under way for next years regular events, Tea Party, Fete and Music on the Green music event.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The Club's policy on grant making remains based on how the organisation has carried this out over its 45 year history before becoming a CIO. Applications from the public are heard at normal Club meetings and discussed by all members and Trustees. Based on the merits of the application the Club is invited to propose a sum and vote to accept or reject, counter proposals may also be heard. If the vote achieves a majority approval then it is then ratified by the Trustees and if approved the grant is made by the treasurer to the person or organisation requesting assistance.

Applications for funding from Commercial organisations or for Commercial or for potentially illegal purposes are automatically rejected.

The Club does not at present have any investments.

As the Club comprises of just 13 members it would not be able to function without the contribution of additional volunteers, such as partners and family members at the major fundraising events.

Summary of the objects of the charity set out in its governing document

Advancement of Citizenship.
 Promoting the Voluntary sector for the public benefit locally, nationally and international.
 The relief of poverty by providing humanitarian aid and disaster relief.
 The advancement of health, assisting disabled people.
 Promoting conservation
 Promoting community participation in healthy recreation.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Having had regard to the guidance issued by the Charity Commission on Public Benefit.

All trustees have now read the guidance document, and it will be ensured that any new trustees will do so.

The Club has carried out the following activities this year in respect of the objects of the Club.

The scope of activities undertaken this year must be seen against the background of the global COVID-19 Pandemic. Owing to Government legislation regulating social distancing, lockdowns, and because of the vulnerability of some members, Some of the usual events have been have been restricted.

The Club Held its annual Music on the Green event in July, when it organises a local band to perform a free open air concert in the centre of Southwold. The Club provides a BBQ and carries out a bucket collection, and this is in aid of our Charity Fund, The event was extremely successful.

The Club Held its annual Fete, This year it was held it on 1st May where May Pole dancing and Morris dancing took place, There was a good number and variety of craft and trade stalls, This was also a very successful event.

The following regular events were not able to be held or were restricted:

- Southwold Pantomime evening
- The Afternoon Tea Dance
- Southwold Town Council Xmas Lights, although members were able, with suitable precautions, to erect the lighted crib in Southwold High Street.

Club members were able to undertake car parking duties to raise funds by the kindness of the Millennium Foundation, the proceeds being shared with them.

Donations were made to a number of causes, including To the Brain tumour research, Haiti Earth quake disaster fund, Tonga appeal and Lions Ukraine appeal.

Planning is under way for this years Music on the Green music event.

- trustees' consideration of major risks and the system and procedures to manage them.

Training of new incoming officers is provided by Lions Club International District at start of each new term.

Southwold (Sole Bay) Lions Club is a member club of the International association of Lions Clubs through Lions Club International.

The membership of the Club has remained at 13 during the period of this report. However, as most members are of advanced years it is a risk that unless new members can be found the Club may suffer as current members are able to do less. Difficulties are being felt from the declining population of the town and surrounding areas as more properties become second or holiday homes. Although a push to increase the awareness of Lions and increase possible recruitment has not to date resulted in new members, attempts will be made to engage with potential members via social media and a Club website.

Southwold (Sole Bay) Lions Club members were founder members of the Henham Steam Rally in 1974 and the Club has had an association with the event since then. It has been a major fund raiser for the Club. Following a request from the Rally for the Club to give a 5 year commitment to provide volunteers, which members felt unable to give, members voted to withdraw from the organisation and to secure the Club share of any surplus funds, with an offer to continue to provide as many volunteers as possible. Subsequently, and contrary to earlier indications, the offer of volunteers has not been accepted, but the withdrawal process is ongoing, aiming to secure the Club's share of surplus funds .

Summary of the objects of the charity set out in its governing document

Advancement of Citizenship.
 Promoting the Voluntary sector for the public benefit locally, nationally and international.
 The relief of poverty by providing humanitarian aid and disaster relief.
 The advancement of health, assisting disabled people.
 Promoting conservation
 Promoting community participation in healthy recreation.

Having had regard to the guidance issued by the Charity Commission on Public Benefit.

All trustees have now read the guidance document, and it will be ensured that any new trustees will do so.

The Club has carried out the following activities this year in respect of the objects of the Club.

The scope of activities undertaken this year must be seen against the background of the global COVID-19 Pandemic. Owing to Government legislation regulating social distancing, lockdowns, and because of the vulnerability of some members, it has not proved possible to organise many of the events that normally are planned throughout the year. Club meetings have been conducted online.

The Club did plan for it's annual Music on the Green event in July, when it organises a local band to perform a free open air concert in the centre of Southwold. The Club provides a BBQ and carries out a bucket collection, and this would have been in aid of our Charity Fund. Unfortunately, it was not able to go ahead.

Similarly, the following regular events were not able to be held or were restricted:

- Southwold Pantomime evening
- The Afternoon Tea Dance
- Southwold Lions Spring Bank Holiday Fête
- Henham Steam Rally
- Southwold Town Council Xmas Lights, although members were able, with suitable precautions, to erect the lighted crib in Southwold High Street.

Club members were able to undertake car parking duties to raise funds by the kindness of the Millennium Foundation, the proceeds being shared with them.

Although fund raising activities were curtailed, donations were made to a number of causes, including one to provide tablet devices for primary schoolchildren, that gave internet access to allow them to participate in remote learning.

Sadly, any remaining planned activities for the year were curtailed by the effects of the COVID-19 pandemic, and the imposed restrictions.

Planning is currently underway to hold Music on the Green, our annual music evening. It is to be hoped that COVID-19 restrictions will allow the event to go ahead.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The Club's policy on grant making is based on how the organisation has carried this out over its 45 year history before becoming a CIO. Applications from the public are heard at normal Club meetings and discussed by all members and Trustees. Based on the merits of the application the Club is invited to propose a sum and vote to accept or reject, counter proposals may also be heard. If the vote achieves a majority approval then it is then ratified by the Trustees and if approved the grant is made by the treasurer to the person or organisation requesting assistance.

Applications for funding from Commercial organisations or for Commercial or for potentially illegal purposes are automatically rejected.

The Club does not at present have any investments.

As the Club comprises of just 13 members it would not be able to function without the contribution of additional volunteers, such as partners and family members at the major fundraising events.
