Skylor's Animal Rescue

Report of the trustees for year ended 31st December 2022

The trustees present their report and the financial statements for the year ended 31 December 2022.

The trustees who served during the year and up to the date of this report are set out on page 2.

Structure, governance and management

The objective of the Charity is to re-home dogs. The Charity is governed by its Constitution dated 16th February 2017.

Meetings

We've had our annual meeting where we discussed the years performance and how we will move forward for 2023. We've all agreed that we will stay a small rescue to try and help more dogs in need and fundraise when needed. Due to the lack of volunteers and time we need to keep things to a minimum.

Achievements and performance

Dogs taken in for re-homing from their own home, racing industry and from The Haven Rescue in Ireland: 60

During the year 2022 the Charity re-homed 47 Dogs.

Dogs in permanent 'forever foster: 2

Dogs staying in Rescue forever: 1

Animals reunited with local owners (via Microchip): 7

Fundraising

Some frequent fundraising done with our Charity auction sales page on Facebook, and

regular donations from online dog shows and raffles. Also set up a gofundme page for funds to help a puppy we took in with a deformed foot who needs speciality orthopedic veterinary treatment. Ongoing.

Donations (financial and other)

Received kind donations from the general public. Several from companies i.e. Animal Friends, S1 Alloys Chester, Beer Heros Chester. Donations non financial: We received some very generous donations of food and equipment from our Amazon wishlist, Butchers sent another pallet of dog food, dog food donations from the public and some other equipment like leads, beds and coats to use for our dogs.

Volunteers

We are still trying to recruit some volunteers as many people come for a couple of days and then don't return due to personal reasons or lack of time. We have a couple of lovely fosterers who regularly help with fundraising via Facebook and keep our website up to date. We still receive applications from potential volunteers but unfortunately they are always under 18 and our insurance doesn't cover them.

Vets

The rescue is still registered with The Animal Trust Vets, 31 Caia Road, Wrexham, LL13 8DS, 01978 802658.

Rescue Insurance

The rescue is insured with LMRS Insurance.

Social Media

The Rescue has 4 Facebook pages, 12,350 likes and 13K followers on our main public page, 1.0k on our charity sale page, 178 members on our community page where all adopters join and 148 members on our fundraising page. We also have a Twitter page with 739 followers.
