Report of the Trustees for the Year to 31st March 2023

The trustees present their report with the financial statements of the charity for the year ended 31 March 2023. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

The charity was registered as a CIO on 27 September 2018, and this is the fourth report of the trustees.

OBJECTIVES AND ACTIVITIES

The object of the CIO is the advancement of health and the relief from sickness of children and young people who are hospital patients in England and Wales, by the making of grants for, but not limited to:

- a. the purchase of equipment including, but not limited to:
 - i. toys and equipment for play and therapeutic purposes;
 - ii. beds and other equipment to help facilitate the overnight stay of parents/ families of patients; and
 - iii. such other equipment as the Trustees shall from time to time in their absolute discretion think fit.
- b. the provision or improvement of facilities at hospitals;
- c. the provision of presents/gifts or arrangement of parties for inpatients at Christmas or on other occasions; and
- d. the provision of any other items which the Trustees consider are likely to improve the hospital experience of patients and their families

and which, in all cases, are not usually provided by the National Health Service or other statutory authority.

ACHIEVEMENT AND PERFORMANCE

The charity's role is to provide support which improves the hospital experience of paediatric patients. It does this by enhancing the service provided by the NHS through the provision of grants for toys, play equipment and other equipment which the NHS is unable to fund.

Most of the charity's donations have been made through CW+ (the official charity of Chelsea and Westminster Hospital NHS Foundation Trust). They include £1,200 for a Bravery Box, and £2,000 for Christmas presents and activities for use at both the Chelsea & Westminster and West Middlesex hospitals. We also made a £5,000 contribution to the new Best for You youth mental health project and contributed £4,000 to the new therapeutic play area in the Cheyne Child Development Unit as well as a donation totalling £915.54 for therapeutic toys. We are also continuing to fund the maintenance contracts for the Rhino sensory equipment (£3,420) and the No Isolation robot for the Hospital School (£814).

The charity arranged a couple of fundraising events during the spring, but the income from these is not in the year under review. The Charity was fortunate to receive donations from its regular supporters through the annual Christmas appeal as well as from a local school.

FINANCIAL REVIEW

During the Year the charity received donations of £9,160, made grants of £17,350, had fundraising costs of £20, and had support costs of £2,045, giving an excess of expenditure over income of £10,255. At the end of the Year the unrestricted fund balance amounted to £70,047, all of which was represented by cash at bank less creditors under one year.

Apart from legacies, the charity expects to raise most of its funds from an annual Christmas Appeal for donations, and occasional events.

FUTURE PLANS

The charity will continue to support the paediatric wards in both Chelsea & Westminster hospital and West Middlesex hospital, as well as the hospital school and the hospital play services
