**Trustees report 2020-21**

- (1) As chairman of Liberty House South West (LHSW) I am pleased to present the Trustees report on our activities for the financial year 2020-21.
- (2) The Trustees spent the early part of the year supporting the review of future provision that had commenced the previous year. However, the impact of Covid-19 on the charity's work meant that it was unable to meet and consider in detail any proposals. In addition, the consultant brought in to do the work was unable to continue and so, after June 2020, the project under consideration was suspended. At this stage it is unclear if or when the project will be restarted.
- (3) The Charity raised £3,000 in donations to support this work during the year and spent £4,060 on the work undertaken by the consultant along with temporary support to an individual who had previously been supported by the Charity. As a consequence of these payments and receipts, the charity's bank account ended the year with a closing balance of £540
