Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To act as a resource for young people living in deprived areas/communities by providing advice, information and assistance and organising programmes of physical, educational and other activities as a means of:

- a) helping young people to develop their skills, capacities, and capabilities to enable them to participate in society as independent, mature and responsible individuals,

- b) providing recreational and leisure activities in the interests of social welfare for people who are isolated and are in condition of need by reason of age, sickness, disability, poverty, or social and economic circumstances.

The prevention or relief of poverty by providing or assisting in the provision of education, training, healthcare, food and all the necessary support designed to enable families with children and young people to generate a sustainable income and be self-sufficient.

During the reporting period, the charity continued to advance its charitable objects for the public benefit by delivering targeted support, educational programmes, and welfare interventions for children, young people, and families experiencing disadvantage in the United Kingdom and internationally.

In the United Kingdom, the charity worked with children and young people in care, those involved in or at risk of involvement with the criminal justice system, children and young people with disabilities, those experiencing mental health challenges, and children and young people who identify as LGBTQ+. Our programmes focused on improving quality of life, physical and mental health wellbeing, and supporting positive personal development, while addressing social exclusion and disadvantage.

The charity delivered out-of-school provision for children and young people from deprived communities, with the aim of building confidence, self-esteem, self-worth, resilience, and aspirations, enabling participants to develop the skills and outlook needed to become responsible, fulfilled, and active members of society.

Activities delivered during the year included financial literacy education, arts and crafts initiatives, structured leisure activities, and coaching and mentoring programmes. These programmes were complemented by educational and inspirational visits to notable companies and organisations, designed to raise aspirations, broaden career awareness, and build confidence through exposure to professional environments and role models.

The charity also organised educational support sessions for children and young people in care across the United Kingdom, providing additional learning opportunities and pastoral support to improve engagement, attainment, and wellbeing.

Internationally, the charity supported children and young people in deprived communities by providing essential educational and healthcare supplies, enabling access to local primary and secondary education. These interventions contributed to improved school attendance, enhanced learning conditions, and better educational outcomes.

In addition, the charity provided bi-monthly food supplies to families with children in need, helping to address food insecurity and support household stability.

The charity also delivered business and enterprise training to young widows with dependent children and to young women engaged in vocational trades.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

This support was accompanied by small grants to purchase essential business equipment, enabling participants to increase income-generating capacity, improve economic independence, and enhance long-term family wellbeing.

Throughout the year, the Trustees ensured that activities were carried out in furtherance of the charity's objects and for the benefit of the public. The Trustees have had due regard to the guidance issued by the Charity Commission on public benefit in exercising their powers and duties.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

During the year, the charity achieved significant progress in delivering its programmes for children, young people, and families experiencing disadvantage in the United Kingdom and internationally.

The Resilience for Life project, funded by the National Lottery Community Fund, successfully concluded this year. The programme was delivered to children in care (looked after children) and care leavers, with a focus on building resilience, supporting mental wellbeing, and equipping participants with practical coping mechanisms within a safe and supportive environment. Through age-appropriate, creative, and engaging workshops, participants developed emotional resilience, practical life skills, financial literacy, and social independence skills to support their transition to independent living. The project was delivered successfully in the London Borough of Barking and Dagenham, and funding is actively being sought to enable continuation and expansion of this impactful programme.

The Dare to Achieve programme, funded by the London Borough of Barking and Dagenham, commenced during the year and remains in active delivery. In addition, Dare to Achieve was successfully delivered to children and young people in care, those involved in or at risk of involvement with the criminal justice system, children and young people with disabilities, mental health challenges, and those who identify as LGBTQ+ across multiple local authority areas including the London Boroughs of Havering, Redbridge, Tower Hamlets and Newham, as well as Salford Council in Greater Manchester. This represents a significant expansion of the programme's geographic reach and impact.

Internationally, the charity significantly expanded its delivery of education and welfare support. Through the Foodshed Programme, delivered in partnership with five delivery organisations under a memorandum of understanding, the charity provided food and basic support to over 32,000 families, representing a substantial increase on the previous year. These interventions helped to address food insecurity and improve household stability for families with children in deprived communities.

The charity also distributed over 22,000 sanitary packs to female students in senior examination classes, helping to reduce barriers to school attendance and participation. In addition, textbooks and teachers' guides were provided to 15 secondary schools, benefiting over 120,000 students by improving access to quality learning materials and supporting teaching delivery.

Through the Dare to Achieve programme internationally, the charity provided examination materials and back-to-school support to over 12,000 students, contributing to improved educational participation and attainment.

Collectively, these achievements demonstrate the charity's continued commitment to improving quality of life, educational access, resilience, and wellbeing for children, young people, and families facing disadvantage, while strengthening delivery capacity and extending reach across both the United Kingdom and international contexts.

Summary of the main achievements of the charity during the year

A new programme - Resilient for life specifically provided for children in care (looked after children) and care leavers has been introduced. This programme aims to enable resilience as well as support their mental wellbeing by providing them with future coping mechanisms within a safe space. Through age appropriate creative and fun workshops, they are equipped with coping strategies for practical living including emotional, practical financial literacy, social independence skill for living independently. The first-year delivery is funded by the National Lottery Community Fund for the London Borough of Barking and Dagenham area.

Following the memorandum of understanding signed with 5 delivery partners for our foodshed programme, the programme served over 25, 957 families with food and basic support.

The Charity distributed over 18000 sanitary packs to female students in major examination classes. Textbooks and teacher's guide were provided to 10 secondary schools to benefit over 95, 000 students.

Dare to Achieve provided examination materials and back to school support to over 9000 students.

Summary of the main achievements of the charity during the year

Since 2022, the Charity has distributed over 12000 sanitary packs to female students in major examination classes. Over 600 widows' children benefited from the Dare to Achieve Back to School packages. Textbooks and teacher's guide were provided to 10 secondary schools to benefit over 95, 000 students.

Dare to Achieve provided examination materials and back to school support to over 5000 students.

The Foodshed Programme served over 8500 families with food and basic support.

The 5th year successful launch of the Young Widows Business Support through The Enterprise Academy.

We delivered specialised workshops to build the skill capacity of 700 young widows with children and young women in vocational trades to enable them run profitable small-scale enterprises. The beneficiaries determined the language of delivery for the training sessions, and we were able to successfully deliver the session in the chosen languages (Yoruba and English). Mentors provided beneficiaries with practical advice and information tailored to each individual's business needs.

Memorandum of understanding was signed with 5 delivery partners for our foodshed programme to enable a wider reach to communities and individuals mostly in need.
